Rebel and a Cause Theodore Hamm, 2001-11-20 Theodore Hamm uses the 1960 execution of Caryl Chessman as a lens for examining how politics and debates about criminal justice became a volatile mix that ignited postwar California. The effects of those years continue to be felt as the state's three strikes law and expanding prison construction program spark heated arguments over rehabilitation and punishment. Known as the Red Light Bandit, Chessman allegedly stalked lovers lanes in Los Angeles. Eventually convicted of rape and kidnapping, he was sentenced to death in 1948. In prison, he gained significant notoriety as a writer, beginning with his autobiographical *Cell 2455 Death Row* (1954). In the following years, Chessman presented himself not only as an innocent man but also as one rehabilitated from his prior life of crime. He acquired an enthusiastic audience among leading criminologists, liberal intellectuals, and ordinary citizens, many of whom engaged in protests to halt Chessman's execution. Hamm analyzes how Chessman convinced thousands of Californians to support him and why Governor Edmund G. Pat Brown, who opposed the death penalty, allowed the execution to go forward. He also demonstrates the intrinsic limits of the popular commitment to the rehabilitative ideal. *Rebel and a Cause* places the Chessman case in a broad cultural and historical context, relating it to histories of prison reform, the anti-death penalty movement, the popularization of psychology, and the successive rise and decline of the New Left and the more enduring rise of the New Right.

Books and Pamphlets, Including Serials and Contributions to Periodicals Library of Congress. Copyright Office, 1969 *Publishers Weekly*, 1973-10 The Rise and Fall of California's Radical Prison Movement Eric Cummins, 1994 This is a history of the California prison movement from 1950 to 1980, focusing on the San Francisco Bay Area's San Quentin State Prison and highlighting the role that prison reading and writing played in the creation of radical inmate ideology in those years. The book begins with the Caryl Chessman years (1948-60) and closes with the trial of the San Quentin Six (1975-76) and the passage of California's Determinate Sentencing Law (1977). This was an extraordinary era in the California prisons, one that saw the emergence of a highly developed radical convict resistance movement inside prison walls. This inmate groundswell was fueled at times by remarkable individual prisoners; at other times by groups like the Black Muslims or the San Quentin chapter of the Black Panther Party. But most often, resistance grew from much wider sources and in quiet corners: from dozens of political study groups throughout the prison; from an underground San Quentin newspaper; and from covert attempts to organize a prisoners' union. The book traces the rise and fall of the prisoners' movement, ending with the inevitably bloody confrontation between prisoners and the state and the subsequent prison administration crackdown. The author examines the efforts of prison staff to augment other methods of inmate management by attempting to modify convict ideology by means of bibliotherapy and communication control, and describes convict resistance to these attempts as control. He also discusses how Bay Area political activists became intensely involved in San Quentin and how such writings as Chessman's *Cell 2455*, Cleaver's *Soul on Ice*, and Jackson's *Soledad Brother* reached far beyond prison walls to influence opinion, events, and policy.
