Book Of The Subgenius:

Book of the Subgenius Subgenius Foundation, 2009-11-24 Either a hilarious parody of a religious text or an informative collection of totally real stories from a definitely real church that could be the foundation stone of the promised kingdom of peace and harmony the decision is yours to make What is the Church of SubGenius Who is J R Bob Dobbs and what kind of truths does he know What is Slack and why do you need it Will aliens truly descend upon our planet and can you survive its destruction by becoming a member Does The Book of SubGenius answer any of these questions There are no straightfoward answers you just have to read it yourself The Book of the SubGenius J. R. Dobbs, SubGenius Foundation, 1983 A parody of religious cults and fanaticism looks at nuclear war world hunger UFOs the environment and the future *The Book of the SubGenius* J. R. Dobbs, 1983 *Invented Religions* Carole M. Cusack, 2016-05-06 Utilizing contemporary scholarship on secularization individualism and consumer capitalism this book explores religious movements founded in the West which are intentionally fictional Discordianism the Church of All Worlds the Church of the SubGenius and Jediism Their continued appeal and success principally in America but gaining wider audience through the 1980s and 1990s is chiefly as a result of underground publishing and the internet This book deals with immensely popular subject matter Jediism developed from George Lucas Star Wars films the Church of the Flying Spaghetti Monster founded by 26 year old student Bobby Henderson in 2005 as a protest against the teaching of Intelligent Design in schools Discordianism and the Church of the SubGenius which retain strong followings and participation rates among college students The Church of All Worlds focus on Gaia theology and environmental issues makes it a popular focus of attention The continued success of these groups of Invented Religions provide a unique opportunity to explore the nature of late post modern religious forms including the use of fiction as part of a bricolage for spirituality identity formation and personal orientation Handbook of Hyper-real Religions Adam Possamai, 2012-03-28 Hyper real religions are innovative religions and spirituality that mix elements of religious tradition with popular culture Through various case studies this book studies the on and off line religious spiritual consumption of these narratives through a social scientific approach *Making Sense of Marshall Ledbetter* Daniel M. Harrison, 2014-11-11 Armed with an empty whiskey bottle and wearing a tie dyed Jimi Hendrix T shirt Florida State University dropout Marshall Ledbetter broke into the Florida State Capitol early one morning in June 1991 He occupied the Sergeant of Arms suite demanding an extra large Gumby s pizza and 666 donuts for the cops waiting outside He hoped to garner media attention for his protest of poverty homelessness and cuts to higher education After an eight hour standoff Ledbetter was betrayed by the very media he had counted on to tell his story his demands were not broadcast on CNN as he had been promised but streamed into the office on closed circuit TV Although he left the building peacefully the ensuing trial his trips in and out of the state s mental health institutions over the following decade and his eventual suicide in 2003 speak to how difficult it is to untangle addiction isolation brilliance and deviance Ledbetter s invasion of the Capitol remains the biggest security breach of

the building's history but Daniel Harrison's telling of the Ledbetter saga is about more than one misguided young man's breaking and entering into the state's most secure building Making Sense of Marshall Ledbetter thoughtfully and honestly explores the ways society manages deviant people in real world situations and whether or not our law enforcement and justice systems are adequately equipped to handle mental illness **Magic, Rhetoric, and Literacy** William A.

Covino,1994-07-28 This book presents a selective introductory reading of key texts in the history of magic from antiquity forward in order to construct a suggestive conceptual framework for disrupting our conventional notions about rhetoric and literacy Offering an overarching pointed synthesis of the interpenetration of magic rhetoric and literacy William A Covino draws from theorists ranging from Plato and Cornelius Agrippa to Paulo Freire and Mary Daly and analyzes the different magics that operate in Renaissance occult philosophy and Romantic literature as well as in popular indicators of mass literacy such as The Oprah Winfrey Show and The National Enquirer Magic Rhetoric and Literacy distinguishes two kinds of magic rhetoric that continue to affect our psychological and cultural life today Generative magic rhetoric creates novel possibilities for action within a broad sympathetic universe of signs and symbols Arresting magic rhetoric attempts to induce automatistic behavior by inculcating rules and maxims that function like magic ritual formulas JUST SAY NO In this connection the literate individual is one who can interrogate arresting language and generate counter spells **Weird Stuff**

Freeman Fly,Jamie Hanshaw,2013-03-21 Weird Stuff is an occult conspiracy digest of pop culture politics and new technologies in an easy to read fully illustrated tabloid magazine format There has never been a book like it Explore High Profile Rituals on prime time television Understand how your children are being programmed to kill with Princess Warrior propaganda Discover the truth about science fiction and technologies used to control your mind Weird Stuff goes where only the few dare tread Where else will you find Aleister Crowley Walt Disney Lady Gaga the Queen and Barack Obama all in one conspiracy theory *Pranksters* Kembrew McLeod,2014-04-01 From Benjamin Franklin's newspaper hoax that faked the death of his rival to Abbie Hoffman's attempt to levitate the Pentagon pranksters hoaxers and con artists have caused confusion disorder and laughter in Western society for centuries Profiling the most notorious mischief makers from the 1600s to the present day Pranksters explores how pranks are part of a long tradition of speaking truth to power and social critique Invoking such historical and contemporary figures as P T Barnum Jonathan Swift WITCH The Yes Men and Stephen Colbert Kembrew McLeod shows how staged spectacles that balance the serious and humorous can spark important public conversations In some instances tricksters have incited social change and unfortunate prank blowback by manipulating various forms of media from newspapers to YouTube For example in the 1960s self proclaimed professional hoaxer Alan Abel lampooned America's hypocritical sexual mores by using conservative rhetoric to fool the news media into covering a satirical organization that advocated clothing naked animals In the 1990s Sub Pop Records then receptionist Megan Jasper satirized the commodification of alternative music culture by pranking the New York Times into reporting on her fake lexicon

of grunge speak Throughout this book McLeod shows how pranks interrupt the daily flow of approved information and news using humor to underscore larger pointed truths Written in an accessible story driven style Pranksters reveals how mischief makers have left their shocking entertaining and educational mark on modern political and social life *American Televangelism and Participatory Cultures* Denis J. Bekkering, 2018-10-12 This book examines unintended participatory cultures and media surrounding the American televangelists Robert Tilton and Tammy Faye Bakker Messner It brings to light heavily ironic fan followings print audio and video projects public access television parodies and other comedic participatory practices associated with these controversial preachers from the 1980s onwards For Tilton s ministry some of these activities and artifacts would prove irksome and even threatening particularly an analog video remix turned online viral sensation In contrast Bakker Messner s campy fans gay men attracted to her ludicrous tragedy would provide her unexpected opportunities for career rehabilitation Denis J Bekkering challenges supply side religious economy and branding approaches suggestions of novelty in religion and new media studies and the emphasis on sincere devotion in research on religion and fandom He also highlights how everyday individuals have long participated in public negotiations of Christian authenticity through tongue in cheek play with purported religious fakes **Internet Babylon** Greg Holden, 2013-11-09 This book looks at the Internet from a sordid and entertaining perspective The line between truth and fiction is blurred on the net just as it is in Hollywood and so are the scandals involving well known movie and TV personalities politicians and the Internet s own brand of celebrities The battle between illusion and reality is every bit as intense on the Internet as on the celluloid screen Going beyond sites that glorify the seamier side to life Internet Babylon is a guide to the unique sites that appeal to selective sensibilities Internet Babylon gives you the ability to live vicariously through and be a participant in extraordinary even strange goings on that you might never otherwise encounter in your day to day life You ll not only find entertaining and titillating stories that define the rough and wild side of a major force in society that s still developing but you ll also discover the tools you need to be on top of breaking stories and find the news that s not fit to print *Fiction, Invention and Hyper-reality* Carole M. Cusack, Pavol Kosnáč, 2016-11-18 The twentieth century was a period of rapid change for religion Secularisation resulted in a dramatic fall in church attendance in the West and the 1950s and 1960s saw the introduction of new religions including the International Society for Krishna Consciousness ISKCON the Church of Scientology and the Children of God New religions were regarded with suspicion by society in general and Religious Studies scholars alike until the 1990s when the emergence of a second generation of new new religions based on popular cultural forms including films novels computer games and comic books and highly individualistic spiritualities confirmed the utter transformation of the religio spiritual landscape Indeed Scientology and ISKCON appeared almost traditional and conservative when compared to the radically de institutionalised eclectic parodic fun loving and experimental fiction based invented and hyper real religions In this book scholarly treatments of cutting edge religious and spiritual trends are brought into conversation with

contributions by representatives of Dudeism the Church of All Worlds the Temple of the Jedi Order and Tolkien spirituality groups This book will simultaneously entertain shock challenge and delight scholars of religious studies as well as those with a wider interest in new religious movements

There Is No God and He Is Always with You Brad Warner, 2013-05-17 Can you be an atheist and still believe in God Can you be a true believer and still doubt Can Zen give us a way past our constant fighting about God Brad Warner was initially interested in Buddhism because he wanted to find God but Buddhism is usually thought of as godless In the three decades since Warner began studying Zen he has grappled with paradoxical questions about God and managed to come up with some answers In this fascinating search for a way beyond the usual arguments between fundamentalists and skeptics Warner offers a profoundly engaging and idiosyncratic take on the ineffable power of the ground of all being

Arcane Lore Scribe 27, 2002-07-04 This is guaranteed to be completely unlike any other occult text you've ever read whether it be some wussified New Age book about crystals and guardian angels or some classic tome of barely decipherable ceremonial evocations No this book is really something different You will find no references to potions poppets or pendulums nor shall you find illustrations of magic squares voodoo verbers or Enochian script Incantations folk magic numerology and the Seals of Solomon have also been excluded from this work What then remains

Quite simply a magical philosophy which can be applied with great success by students at any level of advancement Great emphasis has been placed upon self knowledge and common sense secrets have also been divulged as to various tried and true methods which will enable a besieged magician to kick the boogyman s ass Although presented as a work of fiction this extensively researched text contains within it a great deal of occult Truth and it is highly entertaining as well The author is clearly either a genius or a madman perhaps both Masocriticism Paul Mann,1998-12-03 These provocative inventive and at times outrageous essays on literary theory philosophy and cultural criticism describe in their form and content the end of criticism even while performing the endlessness of that endgame In a sense the book deconstructs all forms of critique and criticism including deconstruction and including its own self That the book is so painfully aware of the futility of its own enterprise even while pursuing it relentlessly and with such critical rigor is what makes this a book of masocriticism as well as about masocriticism **Religion, Media, and Social Change** Kennet Granholm,Marcus Moberg,Sofia Sjö,2014-09-19 In an era of heightened globalization macro level transformations in the general socioeconomic and cultural makeup of modern societies have been studied in great depth Yet little attention has been paid to the growing influence of media and mass mediated popular culture on contemporary religious sensibilities life and practice Religion Media and Social Change explores the correlation between the study of religion media and popular culture and broader sociological theorizing on religious change Contributions devote serious attention to broadly defined media including technologies institutions and social and cultural environments as well as mass mediated popular culture such as film music television and computer games This interdisciplinary collection addresses important theoretical and methodological questions by connecting the study of media and popular culture to current perspectives approaches and discussions in the broader sociological study of religion **The Bob Book** David Rensin,Bill Zehme,1991 Bob is more than a name It s a verb an attitude an entire way of life The full meaning of Bobness is now revealed in the words of famous and regular Bobs themselves in this offbeat humorous tribute to Bobs everywhere Illustrated with celebrity photographs throughout
