Barbarians and Brothers Wayne E. Lee,2014 Historian Wayne Lee here presents a searching exploration of early modern English and American warfare including the English Civil War and the American Revolution He shows that in the end the repeated experience of wars with barbarians or brothers created an American culture of war that demands absolute solutions enemies are either to be incorporated or rejected included or excluded And that determination plays a major role in defining the violence used against them Historians on John Gower Stephen Henry Rigby,Siân Echard,2019 John Gower s poetry offers an important and immediate response to the turbulent events of his day The essays here examine his life and his works from an historical angle bringing out fresh new insights The late fourteenth century was the age of the Black Death the Peasants Revolt the Hundred Years War the deposition of Richard II the papal schism and the emergence of the heretical doctrines of John Wyclif and the Lollards These social political and religious crises and conflicts were addressed not only by preachers and by those involved in public affairs but also by poets including Chaucer and Langland Above all though it is in the verse of John Gower that we find the most direct engagement with contemporary events Yet surprisingly few historians have examined Gower s responses to these events or have studied the broader moral and philosophical outlook which he used to make sense of them Here a number of eminent medievalists seek to demonstrate what historians can add to our understanding of Gower s poetry and his ideas about society the nobility and chivalry the peasants and the 1381 revolt urban life and the law the Church the clergy papacy Lollardy monasticism and the friars gender masculinity and women and power politics political theory and the deposition of Richard II and science and astronomy The book also offers an important reassessment of Gower s biography based on newly discovered primary sources STEPHEN RIGBY is Emeritus Professor of Medieval Social and Economic History at the University of Manchester SIAN ECHARD is Professor of English University of
