Innkeepers' Key to Success Fred S. Thompson, 2010-03 MESSAGE TO MY READERS When I am seeking information about an unfamiliar topic and thumb through a book I do not want to see a lot of prose that plays Ring Around the Rosie about irrelevant stuff I am looking for solutions to serious problems and want to see the nitty gritty of the matter laid bare and presented in outline form in a clear precise detailed fashion of what and what not to do If you feel the same this is the book for you One of the biggest problems in the inn business is that a vast segment of your guests will not return not because they do not like your inn but because they want to explore new places The book addresses this problem head on and spells out the solution on a multitude of fronts in easy to understand detail using many

lists and outlines so that these non returning guests are replaced without you spending huge amounts for advertising Another unique problem of the inn business is that your inventory unlike a typical retailer s will disappear if rooms are not rented This is examined in depth and solutions are presented to fill the rooms so the problem is kept to a minimum What is really exciting is that this is not just another run of the mill book about inn keeping The author was not satisfied with the status quo of the usual business operation and set out to seek perfection This was not achieved overnight and every new idea went through many trials and errors before the perfect system was developed Room supplies for example were first laid out in easy to reach display fashion in the closets on each floor This gave way to having the supplies in plastic cabinets on wheels so they could be rolled into the rooms This too turned out to be less than satisfactory because of the restocking problem To convey what was needed foreach cabinet two way radios were tried and even a video method was considered Finally the perfect system was developed and thoroughly tested It is fully described in detail so the reader canduplicate it in his or her own inn
