Truth from the Earth Art Shotwell, 2015-11-03 Written in semi autobiographical style the book intertwines personal testimony scripture and the nature of God The author shows how seemingly trivial or isolated events combine with sad or challenging circumstances over a period of years or even decades to work together for good according to Romans 8 28 These same events may be key factors necessary for us to experience in order to fulfill the plans and purposes God has for nations or individuals as described in Jeremiah 29 11 The book addresses issues which are either unclear or unmentioned in the Bible These include the fate of infants or small children who die before having faith or being baptized what happens to friends relatives or others we love who may have gone through life without knowing Christ as their personal savior and entire populations who have never heard of Christ over many centuries The book identifies the unpardonable sin in a manner that removes all doubts and questions The book also confronts serious misinterpretation of scripture in what the author calls Gods Greatest Truth or Satans Greatest Deception Finally the author compares the Commentary on Habakkuk uncovered in the Dead Sea Scrolls to events in modern history showing that this prophecy of things which were destined for the last generation have been fulfilled Additionally he describes in detail another archeological discovery yet to be revealed which can be verified scientifically and will be incontrovertible proof to Jews and gentiles alike that God is real and Jesus is Lord and Savior Talking Doctrine Richard J. Mouw, Robert L. Millet, 2015-07-09 A group of Mormon and evangelical scholars undertook a remarkable journey over fifteen years to discuss differences and investigate possible common ground in their beliefs With both candor and generosity these essays reflect the thoughtful respectful and nuanced engagements on some of the most controversial topics that have inflamed passions in the past Book of Doctrine and Covenants Reorganized Church of Jesus Christ of Latter Day Saints, 1897 **The Mormon Delusion. Volume 3. Discarded Doctrines and Nonsense Revelations.** Jim Whitefield, 2012-10-01 This is the third in a series of books exposing the truth behind Mormonism In this volume we review doctrines that have been discarded To early Mormons Adam was God and blood atonement was a stark reality These were accepted doctrines which survived for several decades throughout the leadership

of several successive prophets Today the Church denies they even existed The origin of the Mormon temple ceremony is established and explained An analysis of changes over the years shows that the rites now enacted bear no resemblance to the original ceremonies Joseph Smith lifted from late eighteenth century Masonic ritual claiming they were restored from the time of Solomon The psychology of a Mormon testimony is explored and explained Sections of the Doctrine and Covenants are exposed as completely unfulfilled nonsense that Mormons simply cannot see through as long as blind faith precludes rational thinking Visit www.themormondelusion.com for further information on this and other volumes

Covenant and Chosenness in Judaism and Mormonism Raphael Jospe, Truman G. Madsen, Seth Ward, 2001 Covenant and chosenness resonate deeply in both Mormon and Jewish traditions For both of these communities covenant and chosenness represent enduring interpretations of scriptural texts and promises ever present in themes of divine worship and liturgy The chapters of this volume written by leading scholars of both communities debate scriptural foundations the signs of the covenant the development of theological ideas about covenant and issues of inclusivity and exclusivity implied by chosenness

New Perspectives in Mormon Studies Eric F. Mason, Quincy D. Newell, 2013-03-18 Scholarship in Mormon studies has often focused on a few key events and individuals in Mormon history The essays collected by Quincy D Newell and Eric F Mason in this interdisciplinary volume expand the conversation One of the main purposes of this volume is to define and cross boundaries Part 1 addresses internal boundaries walls that divide some Mormons from others One chapter examines Joseph Smith's writings on economic matters and argues that he sought to make social distinctions irrelevant Another considers Jane James an African American Latter day Saint and her experiences at the intersection of religious and racial identity In part 2 contributors consider Mormonism's influence on Pentecostal leader John Alexander Dowie and relationships between Mormonism and other religious movements including Methodism and Presbyterianism Other chapters compare Mormonism and Islam and examine the group Ex Mormons for Jesus Saints Alive in Jesus Part 3 deals with Mormonism in the academy and the ongoing evolution of Mormon studies Written by contributors from a variety of backgrounds these essays will spark scholarly dialogue across the disciplines
