Alpha Dogs How Your Small Business Can Become A Leader Of The Pack:

Upstarts!: How GenY Entrepreneurs are Rocking the World of Business and 8 Ways You Can Profit from Their Success
Donna Fenn, 2009-09-08 They're young they're brash they're smart and they're 77 million strong Generation Y is creating startups at an unprecedented rate and their approach to business is unlike anything you've seen. The generation described by the media as spoiled, entitled, even narcissistic is proving these notions false every day. Inspired by the rock star entrepreneurs of previous generations and driven by a burning desire to control their own destinies, GenY is rewriting the entrepreneurial playbook. One cool startup at a time. Inc. magazine writer Donna Fenn interviewed more than 150 young CEOs to learn what makes them tick. While upstarts are motivated by similar aspirations of past generations, their way of doing business is radically different and it's changing the way everyone must do business now. Upstarts examines and analyzes this entrepreneurial revolution to reveal eight critical lessons every entrepreneur and marketer must learn. Fenn describes a generation of entrepreneurs that is highly collaborative and team-oriented. It's quick and alert when it comes to new technologies. It's hell-bent on changing the world. And it's totally impatient with outmoded business models. The sooner you adapt to the new way of business, the greater chance you have to grow and profit in the years ahead. Upstarts provides key insight into: Building collaborative tribes; Deploying technology to your competitive advantage; Disrupting the status quo; Deconstructing the GenY market; Generating branding buzz; Adopting a social mission; Inventing the workplace of the future; Reinventing your company. Misreading GenY companies could be the biggest business mistake you ever make. This forward-looking book serves both as a heads-up to the far-reaching changes coming your way and as a detailed guide to meeting the resulting challenges. The upstarts are here to stay. Are you? *Run Your Business, Don't Let It Run You* Clay Mathile, 2013-07-22 No More 16 Hour Days Running your own business, the American dream, can be daunting. Long days, none of the freedom you envisioned, no time for family and friends, and the unrelenting pressure to keep up the pace. Worse, all this hard work can only take you so far. To get to the next level, you need to stop being Super Employee and become a leader who sets direction, operationalizes goals, monitors and controls results, and involves others. You need to run your business using an integrated professional management system. Clay Mathile, who grew the Iams Company from 500K to 1 billion in sales, discusses proven management fundamentals applied in a practical way, one that has been used by thousands of business owners. You'll get real world details that academic courses don't teach, true stories from those who like Mathile implemented these fundamentals and thrived. Read this book and discover how to make your business more successful and sustainable and your life more fulfilling. Clay Mathile dives into educating entrepreneurs with the same energy he used to build a billion-dollar brand from the ground up. This is a book of lessons learned through living. Steven Bertoni, Associate Editor, Forbes. *Run Your Business, Don't Let It Run You* gives you the road map for working on your business, not in it, and for turning your big dreams into reality. And you don't have to do it alone. Anita Campbell, Publisher, Small Business Trends. Using Aileron's System of
