lucrative cases The result has been a series of increasingly shoddy reorganizations of major American corporations proposed by greedy corporate executives and authorized by case hungry judges *Patriarchal Lineages in 21st-Century Christian Courtship* Elizabeth L. Shively,2020-08-10 Drawing from a study of courtship media and ethnographic work at purity retreats and home school conventions across the Midwest this is the first inquiry into modern Christian courtship an alternative to dating that asks young people to avoid both romance and sex until they are ready to be married Bridging sociological and historical studies of American Christianity with youth and girlhood studies literatures Elizabeth Shively finds that the courtship system is designed to shore up the patriarchal nuclear family structure at the center of conservative Christianity and ensure predictability in the face of emerging adulthood single young women work to embody ideals of luminous femininity and model themselves after archetypes such as the Proverbs 31 woman the stay at home daughter and the mission minded girl and courting couples strive to guard their hearts against premature emotional intimacy Nonetheless participants report that courtship like other relationships inevitably carries an element of risk and it ultimately fails to offer a substantial challenge to the to the sexist realities of youth dating culture *Rogue Oracle* Alayna Williams,2011-02-22 THE MORE YOU KNOW ABOUT THE FUTURE THE MORE THERE MAY BE TO FEAR Tara Sheridan is the best criminal profiler around and the most unconventional Trained as a forensic psychologist Tara also specializes in Tarot card reading But she doesn't need her divination skills to realize that the new assignment from her friend and sometime lover Agent Harry Li is a dangerous proposition in every way Former Cold War operatives all linked to a top secret operation tracking the disposal of nuclear weapons in Russia are disappearing There are no bodies and no clues to their whereabouts Harry suspects a conspiracy to sell arms to the highest bidder The cards and Tara's increasingly ominous dreams suggest something darker Even as Tara sorts through her feelings for Harry and her fractured relationship with the mysterious order known as Delphi's Daughters a killer is growing more ruthless by the day And a nightmare that began decades ago in Chernobyl will reach a terrifying endgame that not even Tara could have foreseen *Flirtation and Courtship in Nineteenth-Century British Culture* Ghislaine McDayter,John Hunter,2022-08-08 This is volume two of a three volume set that brings together a rich collection of primary source materials on flirtation and courtship in the nineteenth century Introductory essays and extensive editorial apparatus offer historical and cultural contexts of the materials included Throughout the long nineteenth century a woman's life was commonly thought to fall into three discrete developmental stages personal formation and a gendered education a young woman's entrance onto the marriage market and finally her emergence at the apogee of normative femininity as wife and mother In all three stages of development there was an unspoken awareness of the duplicity at the heart of this carefully cultivated femininity What women were taught no matter their age was that if you desired anything in life it behooved you to perform indifference This meant that for women the art of flirtation and feigning indifference were viewed as essential survival skills that could guarantee success in life These three volumes document the many ways in which nineteenth century

women were educated in this seemingly universal wisdom but just as frequently managed to manipulate subvert and navigate their way through such proscribed norms to achieve their own desires Presenting a wide range of documents from novels memoirs literary journals newspapers plays poetry songs parlour games and legal documents this collection will illuminate a far more diverse set of options available to women in their quest for happiness and a new understanding of the operations of courtship and flirtation the central concerns of a nineteenth century woman s life The volumes will be of interest to scholars of history literature gender and cultural studies with an interest in the nineteenth century **Courting the People** Anuj Bhuwania,2017-01-16 Studies the politics of Public Interest Litigation PIL in contemporary India Provided by publisher

fiction thereby generates and defines what is at stake in his challenge to widely held assumptions about the ethical value of literature As well as examining how Roth emerged as a writer and his main lines of influence it considers his impact on questions about the nature and value of tragedy the relevance of art to life the relationship between art and the unconscious the concept of the author the idea of a literary canon and how fiction can illuminate America s complex post war history It will appeal not only to readers of American literature but to anyone interested in why literature matters

The Financing of Catastrophe Risk Kenneth A. Froot,2007-12-01 Is it possible that the insurance and reinsurance industries cannot handle a major catastrophe Ten years ago the notion that the overall cost of a single catastrophic event might exceed 10 billion was unthinkable With ever increasing property casualty risks and unabated growth in hazard prone areas insurers and reinsurers now envision the possibility of disaster losses of 50 to 100 billion in the United States Against this backdrop the capitalization of the insurance and reinsurance industries has become a crucial concern While it remains unlikely that a single event might entirely bankrupt these industries a big catastrophe could place firms under severe stress jeopardizing both policy holders and investors and causing profound ripple effects throughout the U S economy The Financing of Catastrophe Risk assembles an impressive roster of experts from academia and industry to explore the disturbing yet realistic assumption that a large catastrophic event is inevitable The essays offer tangible means of both reassessing and raising the level of preparedness throughout the insurance and reinsurance industries

Rise of Judicial Management in the U.S. District Court, Southern District of Texas, 1955-2000 Steven Harmon Wilson,2010-07-01 This is the first book length study of a federal district court to analyze the revolutionary changes in its mission structure policies and procedures over the past four decades As Steven Harmon Wilson chronicles the court s attempts to keep pace with an expanding diversifying caseload he situates those efforts within the social cultural and political expectations that have prompted the increase in judicial seats from four in 1955 to the current nineteen Federal judges have progressed from being simply referees of legal disputes to managers of expanding courts dockets and staffs says Wilson The

Southern District of Texas offers an especially instructive model by which to study this transformation Not only does it contain a varied population of Hispanics African Americans and whites but its jurisdiction includes an international border and some of the busiest seaports in the United States Wilson identifies three areas of judicial management in which the shift has most clearly manifested itself Through docket and case management judges have attempted to rationalize the flow of work through the litigation process Lastly and most controversially judges have sought to bring constitutionally flawed institutions into compliance through structural reform rulings in areas such as housing education employment and voting Wilson draws on sources ranging from judicial biography and oral history interviews to case files published opinions and administrative memoranda Blending legal history with social science this important new study ponders the changing meaning of federal judgeship as it shows how judicial management has both helped and hindered the resolution of legal conflicts and the protection of civil rights
