## **Courts Of International Trade Judicial Specialization Expertise And Bureaucratic Policymaking:**

*The Courts of International Trade* Isaac Unah,1998 Focuses on the Court of International Trade to illuminate the important role of specialized courts in critical areas of law      **Building the Judiciary** Justin Crowe,2012-03-25 How did the federal judiciary transcend early limitations to become a powerful institution of American governance How did the Supreme Court move from political irrelevance to political centrality Building the Judiciary uncovers the causes and consequences of judicial institution building in the United States from the commencement of the new government in 1789 through the close of the twentieth century Explaining why and how the federal judiciary became an independent autonomous and powerful political institution Justin Crowe moves away from the notion that the judiciary is exceptional in the scheme of American politics illustrating instead how it is subject to the same architectonic politics as other political institutions Arguing that judicial institution building is fundamentally based on a series of contested questions regarding institutional design and delegation Crowe develops a theory to explain why political actors seek to build the judiciary and the conditions under which they are successful He both demonstrates how the motivations of institution builders ranged from substantive policy to partisan and electoral politics to judicial performance and details how reform was often provoked by substantial changes in the political universe or transformational entrepreneurship by political leaders Embedding case studies of landmark institution building episodes within a contextual understanding of each era under consideration Crowe presents a historically rich narrative that offers analytically grounded explanations for why judicial institution building was pursued how it was accomplished and what in the broader scheme of American constitutional democracy it achieved      **The Judicial Branch** Kermit L. Hall,Kevin T. McGuire,2005-10-27 Edited by Kermit L Hall and Kevin T McGuire this collection of essays examines the role of the judicial branch in American democracy and the dynamic between the other branches of government compares international models and discusses possible measures for reform The contributors consider the impact of courts on American life and address such central questions as Is the Supreme Court an institution of social justice Is there a case for judicially created and protected social rights Have the courts become sovereign when interpreting the Constitution      Institutions of American Democracy: The Judicial Branch Kermit L. Hall,Kevin T. McGuire,2005-10-27 Presents a collection of essays that provide an examination of the judicial branch of the American government including its history its impact and its future

**Looking Back on President Barack Obama's Legacy** Wilbur C. Rich,2018-12-12 When President Barack Hussein Obama left office January 20 2017 he left a fascinating legacy The Obama Presidency will remain an intriguing part of our nation's political history and we can now say that there were unexpected achievements and failures His tenure was both historical and complex and will inevitably be compared with his predecessors and successors The chapters in this volume are a serious assessment of President Obama's tenure written by a diverse team that includes political scientists sociologists historians and economists They provide critical insights into the man and his policies and more importantly are written in a

manner that makes them available to laypersons journalists students and scholars

**Getting a Poor Return** Robert M. Howard, 2010-07-02 Public policy often favors one group over another In the case of tax policy the conventional wisdom has been that the dominant political coalition will offer policies that favor their primary constituents The longstanding belief has been that the disfavored group may always assert their rights in court the expectation being as Justice John Marshall Harlan wrote that all citizens are equal before the law In this revealing and insightful study Robert M Howard demonstrates that long cherished beliefs such as equality before the law are more wishful thinking than reality Courts he argues differ little from national policy makers in their approach to tax policy and tax enforcement Examining the tax litigation process particularly the influence and impact of competing courts Howard discovers that fairness before the law may be a laudable goal but the appointment process ensures that tax policy and tax enforcement rulings by the courts reflect the perspectives of the dominant political coalition

**Making Law in the United States Courts of Appeals** David E. Klein, 2002-08-08 Publisher Description

**Deadly Injustice** Devon Johnson, Patricia Y. Warren, Amy Farrell, 2015-12-11 Uses the Trayvon Martin case as a springboard to examine race crime and justice in our criminal justice system Contributors explores how race and racism inform how Americans think about criminality how crimes are investigated and prosecuted and how highly publicized criminal cases go on to shape public views about offenders and the criminal process

[Research Handbook on Judicial Politics](#) Michael P. Fix, Matthew D. Montgomery, 2024-09-06 This timely Research Handbook offers a comprehensive examination of judicial politics both in the US and across the globe Taking a broad view of the judiciary in all levels of the court it examines the present state of the field and raises new questions for future scholarly exploration

**Multi-Party Litigation** Wayne V. McIntosh, Cynthia L. Cates, 2010 Drawing upon insights from law and politics Multi Party Litigation outlines the historical development political design and regulatory desirability of multi party litigation strategies in cross national perspective and describes a battle being fought on multiple fronts by competing interests By addressing the potential and constraints of litigation this book offers a comprehensive account of an international issue that will interest students and practitioners of law politics and public policy

[Recent Acquisitions](#) Ohio State University. College of Law. Library, 1999

**Special Symposium Issue**, 2009

**Specializing the Courts** Lawrence Baum, 2011-01-15 Most Americans think that judges should be and are generalists who decide a wide array of cases Nonetheless we now have specialized courts in many key policy areas Specializing the Courts provides the first comprehensive analysis of this growing trend toward specialization in the federal and state court systems Lawrence Baum incisively explores the scope causes and consequences of judicial specialization in four areas that include most specialized courts foreign policy and national security criminal law economic issues involving the government and economic issues in the private sector Baum examines the process by which court systems in the United States have become increasingly specialized and the motives that have led to the growth of specialization He also considers the effects of judicial specialization on the work of the courts by demonstrating

that under certain conditions specialization can and does have fundamental effects on the policies that courts make For this reason the movement toward greater specialization constitutes a major change in the judiciary *Routledge Handbook of Judicial Behavior* Robert M. Howard,Kirk A. Randazzo,2017-10-02 Interest in social science and empirical analyses of law courts and specifically the politics of judges has never been higher or more salient Consequently there is a strong need for theoretical work on the research that focuses on courts judges and the judicial process The Routledge Handbook of Judicial Behavior provides the most up to date examination of scholarship across the entire spectrum of judicial politics and behavior written by a combination of currently prominent scholars and the emergent next generation of researchers Unlike almost all other volumes this Handbook examines judicial behavior from both an American and Comparative perspective Part 1 provides a broad overview of the dominant Theoretical and Methodological perspectives used to examine and understand judicial behavior Part 2 offers an in depth analysis of the various current scholarly areas examining the U S Supreme Court Part 3 moves from the Supreme Court to examining other U S federal and state courts and Part 4 presents a comprehensive overview of Comparative Judicial Politics and Transnational Courts Each author in this volume provides perspectives on the most current methodological and substantive approaches in their respective areas along with suggestions for future research The chapters contained within will generate additional scholarly and public interest by focusing on topics most salient to the academic legal and policy communities New Directions in Judicial Politics Kevin T. McGuire,2012-03-15 With its often vague legal concepts and institutions that operate according to unfamiliar procedures judicial decision making is in many respects a highly enigmatic process New Directions in Judicial Politics seeks to demystify the courts offering readers the insights of empirical research to address questions that are of genuine interest to students In addition to presenting a set of conclusions about the way in which courts operate this book also models the craft of political research illustrating how one can account for a variety of factors that might affect the courts and how they operate The renowned scholars and teachers in this volume invite critical thinking not only about the substance of law and courts in America but also about the ways in which we study judicial politics Reimagining Courts Victor E Flango,Thomas M Clarke,2015 In their timely and topical book Reimagining Courts Victor Flango and Thomas Clarke argue that courts are a victim of their own success Disputes that once were resolved either informally in the family or within the community are now handled mainly by courts which strains government agency resources The authors offer provocative suggestions for a thorough overhaul of American state and local courts one that better fits the needs of a twenty first century legal system Reimagining Courts recommends a triage process based upon case characteristics litigant goals and resolution processes Courts must fundamentally reorganize their business processes around the concept of the litigant as a customer Each adjudication process that the authors propose requires a different case management process and different amounts of judicial staff and facility resources Reimagining Courts should spark much needed debate This book will be of significant interest to lawyers judges and professionals in the court system as

well as to scholars in public administration and political science

**Judicial Process** David W. Neubauer, Stephen Scott Meinhold, 2004 Working within the framework of law and politics *Judicial Process Law Courts and Politics in the United States* focuses on the social political and economic dynamics of the legal system

*American Judicial Process* Pamela C. Corley, Artemus Ward, Wendy L. Martinek, 2015-09-25 This text is a general introduction to American judicial process The authors cover the major institutions actors and processes that comprise the U S legal system viewed from a political science perspective Grounding their presentation in empirical social science terms the authors identify popular myths about the structure and processes of American law and courts and then contrast those myths with what really takes place Three unique elements of this myth versus reality framework are incorporated into each of the topical chapters 1 Myth versus Reality boxes that lay out the topics each chapter covers using the myths about each topic contrasted with the corresponding realities 2 Pop Culture boxes that provide students with popular examples from film television and music that tie in to chapter topics and engage student interest 3 How Do We Know boxes that discuss the methods of social scientific inquiry and debunk common myths about the judiciary and legal system Unlike other textbooks *American Judicial Process* emphasizes how pop culture portrays and often distorts the judicial process and how social science research is brought to bear to provide an accurate picture of law and courts In addition a rich companion website will include PowerPoint lectures suggested topics for papers and projects a test bank of objective questions for use by instructors and downloadable artwork from the book Students will have access to annotated web links and videos flash cards of key terms and a glossary

*Courts, Judges & Politics* Walter F. Murphy, Charles Herman Pritchett, Lee Epstein, 2002 This classic reader has been a best selling component to the *Judicial Process Judicial Politics American Legal System* course for years Now thoroughly updated while retaining the features that made it attractive for so long organization structure coverage narrative choice of excerpts and flexibility in use Lee Epstein and Walter Murphy continue the tradition of this book

**Administrative Justice in the United States** Peter L. Strauss, 2002 Foreign attorneys seeking an introduction to American public law American students of administrative law and others wanting to understand the workings of American government from a legal perspective will all be well served by the second edition of *An Introduction to Administrative Justice in the United States* Like the first edition widely adopted in American universities it provides an overview of American administrative law Originally written to introduce lawyers from abroad to American public law it discusses most subjects that would be covered in an American law school course on Administrative Law or on the structural elements of American constitutional law Strauss makes a particular effort to explain arrangements of American government that might be surprising to lawyers from other parts of the world Thoroughly revised and current through June 2001 the second edition offers not only a comprehensive introduction to the caselaw statutes and literature of the subject but also a wide range of websites through which American government can be explored firsthand An eminent American attorney called the first edition of *An Introduction to Administrative Justice in the United States* the most

elegantly written book on law that I have read in a long time

This Captivating Realm of Kindle Books: A Thorough Guide Revealing the Advantages of E-book Books: A Realm of Convenience and Flexibility Kindle books, with their inherent portability and ease of availability, have freed readers from the constraints of hardcopy books. Gone are the days of carrying cumbersome novels or carefully searching for specific titles in shops. E-book devices, sleek and lightweight, effortlessly store an extensive library of books, allowing readers to immerse in their favorite reads anytime, anywhere. Whether commuting on a busy train, lounging on a sunny beach, or just cozying up in bed, Kindle books provide an exceptional level of convenience. A Literary Universe Unfolded: Exploring the Vast Array of E-book Courts Of International Trade Judicial Specialization Expertise And Bureaucratic Policymaking The E-book Store, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning diverse genres, catering to every reader's taste and choice. From captivating fiction and mind-stimulating non-fiction to classic classics and modern bestsellers, the E-book Store offers an exceptional abundance of titles to discover.
