Covering Islam:

Covering Islam Edward W. Said, 1997 In this classic work the author of Culture and Imperialism reveals the hidden agendas and distortions of fact that underlie even the most objective coverage of the Islamic world With a new foreword by Laleh Khalili No one studying the relations between the West and the decolonizing world can ignore Mr Said's work The New York Times Book Review From the Iranian hostage crisis through the Gulf War and the bombing of the World Trade Center the American news media have portrayed Islam as a monolithic entity synonymous with terrorism and religious hysteria At the same time Islamic countries use Islam to justify unrepresentative and often repressive regimes Combining political commentary with literary criticism Covering Islam continues Edward Said's lifelong investigation of the ways in which language not only describes but also defines political reality Covering Islam Edward W. Said, 1997 Edward Said takes an unusually sharp and penetrating look at the way in which the experts the policy makers and the media have dealt with the crisis in Iran and the Middle East He shows how our traditional misunderstandings of the outside world have led

Covering Islam Edward W. Said, 1981-05-01 Evaluates the American media's coverage of news stories concerning Islam and shows how misconceptions about the Middle East have been promoted Covering Islam Edward W Said, 2008-09-04 From the Iranian hostage crisis through the Gulf War and the World Trade Centre bombing the West has been haunted by a spectre called Islam As portrayed by the news media and by a chorus of government academic and corporate experts Islam is synonymous with terrorism and religious hysteria At the same time Islamic countries use Islam to justify unrepresentative and often oppressive regimes In this landmark work for which he has written a new introduction one of our foremost public thinkers examines the origins and repercussions of the media's monolithic images of Islam Combining political commentary with literary criticism Edward Said reveals the hidden assumptions and distortions of fact that underlie even the most objective coverage of the Islamic world **Covering Islam** Farid Alatas (Syed.), 2005 **Religious Fundamentalism in the Contemporary World** Santosh C. Saha, 2004-01-01 Today new and ever more pernicious forms of terrorist violence threaten the world Because these new forms of violence are so often linked to religious radicalism modern terrorism has challenged the secular ethics of contemporary civil society There is a pressing need to understand modern religious movements that have added militancy and belligerence as fundamental elements of religious practice Contributors to this volume painstakingly tackle the question of how to define the contours of current religious fundamentalism as they examine the private and public postures of fundamentalist rhetoric the importance of its regional variants and the damage it can do to regional and national education systems Their analysis tracks trends in religious movements that aspire to radicalize reform and violently topple governments and nations while highlighting the difference between fundamentalist interpretations and other longstanding juridical political and intellectual traditions Covering Islam Edward W. Said, 1985 Using many examples Covering Islam demonstrates that the media and the government business establishment have produced a

dangerously misleading and oversimplified portrait of Islam and Muslims based on ignorance inaccuracy and prejudice

Political Islam and Human Security Shahram Akbarzadeh, Fethi Mansouri, 2009-03-26 In the wake of the September 11 and subsequent terrorist attacks the academic and media commentaries on Islam the religion and Islam the basis for political ideology have received an unprecedented high level of exposure and attention The acts of political violence by extremist groups and the omnipresent war on terror have added fresh uncertainties to an already complex global order Just as terrorism and counter terrorism are locked in a mutually reinforcing symbiosis the sense of insecurity felt by Muslims and non Muslims alike is mutually dependent and has the potential to escalate This general assessment holds true for Muslims living in the Muslim world and beyond The pervasive sense of being under attack physically and culturally by the United States and its allies has contributed to a growing unease among Muslims and reinforced deep seated mistrust of the West Public articulation of such misgivings has in turn lent credence to Western observers who posit an inherent antipathy between the West and the Muslim world The subsequent policies that have emerged in this context of fear and mutual distrust have contributed to the vicious cycle of insecurity The present volume is anchored in the current debates on the uneasy and potentially mutually destructive relationship between the Muslim world and certain West countries It brings together leading international scholars in this interdisciplinary field to deal with such inter related questions as the nature of Islamism the impact of the war on terror on the spread of militancy the growing sense of being under siege by Muslim Diasporas and the many unintended ramifications of a security minded world order This volume deliberately focuses on these issues both at a broad theoretical level but more importantly in the form of a number of prominent case studies including Indonesia Algeria and Turkey This edition includes a new introduction

earlier theses by Edward Said and Norman Daniel concerning the history of English perceptions of Islam
