Cowards Weapon:

A Concordance to the Poems of Robert Browning , The Wordsworth Dictionary of Quotations Connie Robertson,1998
Quotations have exercised a particular fascination for humanity since the birth of recorded language and their potency in the age of the soundbite is stronger than ever We revel in quotations compete to know them love them hate them and inscribe them in books and on buildings and this freshly revised and updated dictionary includes a wealth of new material among its 13 000 familiar serious outrageous witty and thought provoking entries The Wordsworth Dictionary of Quotations is an essential work of reference for every writer journalist and speech maker as well as being a treasure trove for the browser and the simply curious From the Roman poet Ovid s observation that Judgement of beauty can er what with the wine and the dark to Oscar Wilde s that Experience is the name everyone gives to their mistakes there is a wide diversity of sayings to add spice to our conversation and enrich our daily lives The book is alphabetically arranged by author and indexed by keyword for ease of use

Lepanto 1571 Nic Fields,2021-05-04 A military historian s enlightening reassessment of the famous 16th century naval battle between the Ottoman Empire and Pope Pius V s Holy League The battle of Lepanto has long been considered one of the decisive naval battles of history Yet the savage fighting on October 7th 1571 left the strategic map unchanged The defeated Ottoman Turks were able to replace their losses and launch a new fleet the following year In Lepanto 1571 historian Nic Fields reexamines the battle and concludes that its importance was psychological It sank the perception of Ottoman dominance and the inevitability of Islam s westward encroachment beyond the Balkans With over 200 ships per side it was the largest naval battle in sixteen centuries and the last major fight between fleets composed entirely of the muscle driven galley These slender ships were the direct descendants of the Classical trireme but carried cannon and marines bearing firearms although massed archery and cold steel still played a major role on the fateful day Nic Fields gives an excellent account of this fascinating and spectacular battle

Silent Hall NS Dolkart,2016-06-07 Five bedraggled refugees and a sinister wizard awaken a dragon and defy the gods After their homeland is struck with a deadly plague five refugees cross the continent searching for answers Instead they find Psander a wizard whose fortress is invisible to the gods and who is willing to sacrifice anything and anyone to keep the knowledge of the wizards safe With Psander as their patron the refugees cross the mountains brave the territory of their sworn enemies confront a hostile ocean and even traverse the world of the fairies in search of magic powerful enough to save themselves and Psander s library from the wrath of the gods All they need to do is to rescue an imprisoned dragon and unleash a primordial monster upon the world How hard could it be File Under Fantasy
