The Course of American Diplomacy Howard Jones, 1985-01-01

Reader's Guide to American History Peter J.

Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history

The Wars of Myron King James L. McDonough, 2009 This book offers an engrossing account of King's early life and wartime service as a part of the 401st Bombardment Group U S Eighth Air Force Based on a wide array of published and primary sources including trial transcripts and interviews with King the book offers a unique view of the experience of air combat the intertwining of politics and military justice and the complex circumstances that inaugurated the Cold War Jacket

Reliable Partners Charles Lipson, 2013-12-03 Democracies often go to war but almost never against each other Indeed the democratic peace has become a catchphrase among scholars and even U S Presidents But why do democracies avoid fighting each other *Reliable Partners* offers the first systematic and definitive explanation Examining decades of research and speculation on the subject and testing this against the history of relations between democracies over the last two centuries Charles Lipson concludes that constitutional democracies have a contracting advantage a unique ability to settle conflicts with each other by durable agreements In so doing he forcefully counters realist claims that a regime's character is irrelevant to war and peace Lipson argues that because democracies are confident their bargains will stick they can negotiate effective settlements with each other rather than incur the great costs of war Why are democracies more reliable partners Because their politics are uniquely open to outside scrutiny and facilitate long term commitments They cannot easily bluff deceive or launch surprise attacks While this transparency weakens their bargaining position it also makes their promises more credible and more durable for democracies are generally stable Their leaders are constrained by constitutional rules independent officials and the political costs of abandoning public commitments All this allows for solid bargains between democracies When democracies contemplate breaking their agreements their open debate gives partners advance notice and a chance to protect themselves Hence agreements among democracies are less risky than those with nondemocratic states Setting rigorous analysis in friendly vigorous prose *Reliable Partners* resolves longstanding questions about the democratic peace and highlights important new findings about democracies in world politics from rivalries to alliances Above all it shows

conclusively that democracies are uniquely adapted to seal enduring bargains with each other and thus avoid the blight of war

Annual Catalog - United States Air Force Academy United States Air Force Academy, 1962 **Bulletin of Information** United States Coast Guard Academy, 1975 *Manual of American History, Diplomacy, and Government* Albert Bushnell Hart, 1908 United States Air Force Academy United States Air Force Academy, *Announcement of Courses* West Georgia College, 1982 State, 1987 U.S. Department of State Elmer Plischke, 1999-12-30

This reference history describes and analyzes the State Department and Foreign Service of the United States. It also outlines the history of three major State Department functions: namely the treaty-making process and record representation in international conferences and participation in international organizations and other agencies. The volume covers more than two centuries from the genesis of American diplomacy to the 1990s. Unlike other works, this volume deals with such matters as departmental organization and management, personnel and staffing, administrative practices, reform and reorganization, and the Department's operations, functions, principal and other officers, and problems. The volume consists of eight chapters, extensively footnoted, each of which focuses on successive periods grouped in four major historical eras. Tables are designed to serve as further reference for long-range historical analysis and exploration. The book is supplemented with three appendixes and a comprehensive bibliography. A complete and up-to-date major reference, this will be an asset to the reference collections of both academic and public libraries.

The North American Review, 1852 **Register of the University of California** University of California (1868-1952), 1941 **The Fall of Che Guevara** Henry Butterfield Ryan, 1998-01-22

The Fall of Che Guevara tells the story of Guevara's last campaign in the backwoods of Bolivia where he hoped to ignite a revolution that would spread throughout South America. For the first time, this book shows in detail the strategy of the U.S. and Bolivian governments to foil his efforts. Based on numerous interviews and on secret documents obtained through the Freedom of Information Act from the CIA, the State Department, the Pentagon, and the National Security Archive, this work casts new light on the roles of a Green Beret detachment sent to train the Bolivians and of the CIA and other U.S. agencies in bringing Guevara down. Ryan shows that Guevara was an agent of Cuban foreign policy from the time he met Fidel Castro in 1955 until his death, not a mere independent revolutionary as many scholars have claimed. Guevara's attempted insurgency in Bolivia was in reality a Cuban attempt to achieve another badly needed revolutionary success. This dramatic account of the last days of Che Guevara will appeal to scholars and students of United States foreign policy and Latin American history and to all those interested in this revolutionary's remarkable life.

American Foreign Policy Since World War II Steven W. Hook, John Spanier, Andrea K. Grove, 2024-01-27

Now in its Twenty-Second Edition, Hook, Spanier, and Grove's *American Foreign Policy Since World War II* has long set the standard in guiding students through the complexities of American foreign policy. The text introduces students to the American style of foreign policy imbued with a distinct sense of national exceptionalism. By giving students the historical context they need, this book allows them to truly grasp the functions and

dysfunctions of the nation's foreign policy agenda with historical insight into modern policy context Undergraduate Announcement University of Michigan--Dearborn, 1983 **Annual Register of the United States Naval Academy, Annapolis, Md** United States Naval Academy, 1931 *The Origins of Soviet American Diplomacy* Robert Paul Browder, 2015-12-08 When Litvinov arrived in Washington in 1933 after the sixteen years of diplomatic silence between his country and the U S he carried with him his commission as official representative to the U S dated 1918 and signed by Lenin and Chicherin as evidence of the long standing desire of the Soviet Union for recognition This is an absorbing narrative of the events which led up to this dramatic arrival heralded with such high hopes and good will and of the collapse into discord and disillusionment which followed A full length account of these negotiations it presents a new picture of the pressures for and against diplomatic recognition of the Soviet Union Originally published in 1953 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
