Covenant And Chosenness In Judaism And Mormonism

Raphael Jospe

Covenant And Chosenness In Judaism And Mormonism:

Covenant and Chosenness in Judaism and Mormonism Raphael Jospe, Truman G. Madsen, Seth Ward, 2001 Covenant and chosenness resonate deeply in both Mormon and Jewish traditions For both of these communities covenant and chosenness represent enduring interpretations of scriptural texts and promises ever present in themes of divine worship and liturgy The chapters of this volume written by leading scholars of both communities debate scriptural foundations the signs of the covenant the development of theological ideas about covenant and issues of inclusivity and exclusivity implied by Jewish Theology and World Religions Alon Goshen-Gottstein, Eugene Korn, 2012-04-05 The contributors to this volume represent a range of disciplines and denominations within Judaism and share the conviction that articulating contemporary Jewish views of other world religions is an urgent objective for Judaism Their essays show why a Jewish theology of world religions is a priority for Jewish thinkers and educators concerned with reinvigorating Judaism s contribution to the contemporary world and maintaining Jewish identity and continuity **Accepting and Excepting** Raphael Jospe, 2025-09-30 Accepting and Excepting On Pluralism and Chosenness Out of the Sources of Judaism is a collection of essays examining the need for inter religious pluralism So long as religions compete with each other by exclusive claims to absolute truth and salvation how can they cooperate as forces for peace in an era of the global village and weapons of mass destruction Our cognition of reality is necessarily colored and shaped by language culture religion and gender Given inevitable epistemological not moral relativism exclusive and absolute truth claims are meaningless By a process of revaluation Jews can affirm the concept of the Chosen People as internally directed with no claims of superiority and observe traditional sancta without traditional theism Jewish Theology for a Postmodern Age Miriam Feldmann Kave, 2019-03-08 Through a critical study of the writings of Rav Shagar and Tamar Ross Miriam Feldmann Kaye asks how Jewish theology can survive the tide of postmodernism and its refutation of a single objective and ultimate truth and suggests how aspects of postmodernism might be conceived of as a potential resource for rejuvenating religion Beyond Whiteness Jonathan Karp, 2023-12-15 The concept of ethnicity once in vogue has largely gone out of fashion among twenty first century social scientists now replaced by models of assimilation defined in terms of the construction of whiteness and white supremacy Beyond Whiteness Revisiting Jews in Ethnic America explores the benefits of reconfiguring the ethnic concept as a tool to analyze the experiences of twentieth century American Jews not only in relation to other white groups of European descent but also African Americans and Asian Americans among others The essays presented here ranging from comparative studies of Jews and Asians as model minorities to the examination of postethnic Jews of color demonstrate that expanding ethnicity beyond the traditional Eurocentric frame can yield fresh insights into the character of Jewish life in the modern **United States** Menachem Kellner: Jewish Universalism Hava Tirosh-Samuelson, Aaron W. Hughes, 2015-07-14 Menachem Kellner is an American born scholar of Jewish philosophy an educator and a public intellectual who lives in Israel For over

three decades he taught at the University of Haifa where he held the Sir Isaac and Lady Edith Wolfson Chair of Jewish Religious Thought as well as several high level administrative positions Currently he teaches Jewish philosophy at Shalem College Israel's first liberal arts college which seeks to integrate Western and Jewish texts Trained in ethics and political philosophy Kellner specializes in medieval Jewish philosophy arguing that Maimonides rationalist universalism should serve as the ideal for contemporary Jewish life Creatively fusing Zionism modern Orthodoxy and democracy his vision of Judaism is open to and engaged with the modern world The Anatomy of Book of Mormon Theology, Volume Two Joseph M. Spencer, 2021-11-16 Few scholars of the Book of Mormon have read this volume of scripture as closely and rigorously as Joseph M Spencer And of those none have devoted as much time and effort as he to a theological reading of that sacred text that is as Spencer writes how it might shape responsible thinking about questions pertaining to the life of religious commitment p 1 173 The Anatomy of Book of Mormon Theology divides into two volumes exploring and thinking about these pertinent questions Whereas the first volume principally contains essays that deal with relatively traditional theological questions and concerns the essays in this volume ask about what new worlds might be discovered in doing theological work on the Book of Mormon focusing on what Spencer calls microscopic and macroscopic theological readings of the text Essays in the first set examine no more than a verse of the Book of Mormon more often just a single phrase or two to see what theological implications lie within the details of the text The second set of essays ask questions about the shape and intentions of the whole of the Book of Mormon as this can be discerned through the ways it deploys biblical texts and especially the writings of Isaiah A third set of essays follows the two on microscopic and macroscopic styles of theology and are invitations to blur the boundaries that separate different styles of Book of Mormon scholarship These final essays call on Book of Mormon scholars to move closer to theology and calls on theologians to move closer to the Book of Mormon

Rashi's Commentary on the Torah Eric Lawee, 2019 The Commentary on the Torah of Rashi Shlomo Yitzhaki 1040 1105 stands out as the most important Jewish Bible commentary of all time The Commentary has shaped perceptions of the meaning of Judaism's foundation document the Torah among leading scholars lay readers and initiates in Jewish learning for more than nine centuries It remains the classic commentary on Judaism's classic text Lawee's book explores how and why the Commentary has left so indelible an imprint on generations of Jews and the processes that turned it into the closest thing Judaism has to a canonical commentary on scripture **Abrahamic Religions**, **The Oxford Handbook of Religious**Diversity Chad V. Meister, 2011 This substantial volume of thirty three original chapters covers the full range of issues in religious diversity An indispensable guide for scholars and students its essays make novel contributions and are crafted by recognized experts who represent a wide variety of religious and philosophical perspectives and backgrounds A Chosen People, a Promised Land Hokulani K. Aikau, 2012 How Native Hawaiians experience of Mormonism intersects with their cultural and ethnic identities and traditions Studies in Bible and Feminist Criticism (JPS Scholar of Distinction Series)

Tikva Frymer-Kensky, 2010-01-01 Each of the 30 essays here delves into a topic that gives us much food for thought the Bible as interpreted through ancient Near Eastern creation myths flood myths and goddess myths gender in the Bible the feminist approach to Jewish law comparative Jewish and Christian perspectives on the Hebrew Bible biblical perspectives on ecology creating a theology of healing feminine God talk The volume concludes with the author's own original prayers in the form of poetic meditations on pregnancy and birthing This book is unique not only because it is the only volume in the JPS Scholar of Distinction series written by a woman but also because Frymer Kensky's personal and forthright voice resonates so clearly throughout each piece Scholars and students of Bible Jewish studies and women s studies will surely find this to be a one of a Mormon Hermeneutics Jeffrey S. Krohn, 2022-05-13 Bible readers are often preoccupied with themselves At times they neglect the original ancient context of the biblical writings The novelty of the modern is leveraged to trump the ancient Mormon hermeneutics seems to say more about the modern LDS church than any ancient biblical meaning Positively the LDS is to be applied for their emphasis on the living out of their faith However through various approaches to the Bible the LDS Church seems to neglect the ancient horizon of the biblical text Any interpretation of the Bible LDS or otherwise should be held accountable This book is an attempt to categorize Mormon hermeneutics and utilizes numerous hermeneutical voices from the field of philosophical hermeneutics Folktales of the Jews, Volume 2 Dan Ben-Amos, Dov Noy, 2006 Folktales from Eastern Europe presents 71 tales from Ashkenasic culture in the most important collection of Jewish folktales ever published It is the second volume in Folktales of the Jews the five volume series to be released over the next several years in the tradition of Louis Ginzberg's classic Legends of the Jews The tales here and the others in this series have been selected from the Israel Folktale Archives at The University of Haifa Israel IFA a treasure house of Jewish lore that has remained largely unavailable to the entire world until now Since the creation of the State of Israel the IFA has collected more than 20 000 tales from newly arrived immigrants long lost stories shared by their families from around the world The tales come from the major ethno linguistic communities of the Jewish world and are representative of a wide variety of subjects and motifs especially rich in Jewish content and context Each of the tales is accompanied by in depth commentary that explains the tale's cultural historical and literary background and its similarity to other tales in the IFA collection and extensive scholarly notes There is also an introduction that describes the Ashkenasic culture and its folk narrative tradition a world map of the areas covered illustrations biographies of the collectors and narrators tale type and motif indexes a subject index and a comprehensive bibliography Until the establishment of the IFA we had had only limited access to the wide range of Jewish folk narratives Even in Israel the gathering place of the most wide ranging cross section of world Jewry these folktales have remained largely unknown Many of the communities no longer exist as cohesive societies in their representative lands the Holocaust migration and changes in living styles have made the continuation of these tales impossible This volume and the others to come will be monuments to a rich but vanishing oral

tradition Polygamy's Rights and Wrongs Lori Gail Beaman, Gillian Calder, 2013-12-01 Assumptions about the harmful nature of polygamy have left little room for debate with monogamy coming to represent a hallmark of advanced societies and polygamy the immoral alternative Yet in this volume eleven scholars ask whether this condemnation is justified by examining among other perspectives the lived experiences of polygamous families In essays that fearlessly face difficult questions of choice dignity and love the authors seek to complicate a conversation that is more often simplified Thoughtful and persuasive Polygamy s Rights and Wrongs is both a close consideration of polygamy and a challenging reflection on the ways in which we value family and intimacy Biblical Metaphor Reconsidered Job Y. Jindo, 2018-07-17 How do we understand the characteristically extensive presence of imagery in biblical prophecy Poetic metaphor in prophetic writings has commonly been understood solely as an artistic flourish intended to create certain rhetorical effects It thus appears expendable and unrelated to the core content of the composition however engaging it may be aesthetically or otherwise Job Jindo invites us to reconsider this convention Applying recent studies in cognitive science he explores how we can view metaphor as the very essence of poetic prophecy namely metaphor as an indispensable mode to communicate prophetic insight Through a cognitive reading of Jeremiah 1 24 Jindo amply demonstrates the advantage and heuristic ramifications of this approach in biblical studies God's Country Samuel Goldman, 2018-03-20 God's Country tells the complete story of Christian Zionism in American political and religious thought from the Puritans to 9 11 Combining original research with insights from the work of historians of American religion Samuel Goldman provides an accessible yet provocative introduction to Americans Islam and Warfare Onder Bakircioglu, 2014-10-30 The guestion of how Islamic law attachment to the State of Israel regulates the notions of just recourse to and just conduct in war has long been the topic of heated controversy and is often subject to oversimplification in scholarship and journalism This book traces the rationale for aggression within the Islamic tradition and assesses the meaning and evolution of the contentious concept of jihad The book reveals that there has never been a unified position on what Islamic warfare tangibly entails due to the complexity of relevant sources and discordant historical dynamics that have shaped the contours of jihad Onder Bakircioglu advocates a dynamic reading of Islamic law and military tradition one which prioritises the demands of contemporary international relations and considers the meaning and application of jihad as contingent on the socio political forces of each historical epoch This book will be of great interest to scholars and students of international law Islamic law war and security studies and the law of armed conflict Dangerous Religious Ideas Rachel S. Mikva, 2020-11-03 Reveals how faith traditions have always passed down tools for self examination and debate because all religious ideas not just extremist ones can cause harm even as they also embody important moral teachings Scripture's abiding relevance can inspire great goodness such as welcoming the stranger and extending compassion for the poor But its authority has also been wielded to defend slavery marginalize LGBTQ individuals ignore science and justify violence Grounded in close readings of scripture and tradition in Christianity Islam and Judaism religious

scholar Rachel Mikva shows us that the Abrahamic religions have always been aware of their tremendous power both to harm and to heal And so they have transmitted their sacred stories along with built in tools interpretive traditions to do the necessary work of taking on dangerous religious ideas and fostering self critical faith By exploring the themes of Scripture Election Reward and Punishment Mikva examines how the interpretive methodologies of these religions have identified and grappled with their perilous power and positive potential Many readers presume that their understanding of scripture s meaning is absolute forgetting how these sacred texts and the history of interpretation have valued multiple perspectives and recognized ongoing rhythms of change It's not a modern phenomenon to debate the nature of truth hold space open for doubt value humility and question our capacity to know things especially about God and God's will with certainty In fact none of the traditions could remain vital or thrive together without a sustained practice of self critique Dangerous Religious Ideas reframes the way we talk about faith to create a space where public discussion of religion is more constructive nuanced and socially engaged Reader's Guide to Judaism Michael Terry, 2013-12-02 The Reader's Guide to Judaism is a survey of English language translations of the most important primary texts in the Jewish tradition The field is assessed in some 470 essays discussing individuals Martin Buber Gluckel of Hameln literature Genesis Ladino Literature thought and beliefs Holiness Bioethics practice Dietary Laws Passover history Venice Baghdadi Jews of India and arts and material culture Synagogue Architecture Costume The emphasis is on Judaism rather than on Jewish studies more broadly
