Carole N. Sondrup, 2018-06-25 A true personal story about a Cowboy and his elephant as told by his daughter **The Cowboy and the Elephant** Malcolm MacPherson, 2001 *Can't Hobble the Elephant* Frank Dutch, 2013-10-11 The Civil War is over Yet Josh O Donnell is on the run from the Union army the very army in which he served so loyally the young man finds work on a West Texas ranch where his fellow riders wonder where a boyish faced youth from Philadelphia learned to ride and shoot so well and how such an affable young man can instantly turn into a violent ruthless killer the great monster of war haunts the cowboy and refuses to release him from the consequences of his past wartime deeds During a cattle drive Josh and the rest of the New Jerusalem ranch boys find themselves in Sugar Tap Texas where bloodletting takes both friend and foe Unfortunately Sugar Tap's sheriff is not a man of reason so Josh must go on the run again This flight takes him to New Mexico and into the loving arms of his first real sweetheart Angel and also into the hearts of her strange family Soon the visage of the monster follows and unimaginable carnage takes place Josh vows retribution Eventually Josh reveals his wartime escapades and finally the fateful incident that caused the army to want to hang him A second confrontation awaits Josh in Sugar Tap Will he ever be able to hobble the elephant *Elephants* Ellen Greene Stewart, 2022-03-18 Elephants are a keystone species and have been a part of the magic of the thickly forested land of South Africa for millennia This book focuses on the history and work of Knysna Elephant Park a leading South African elephant research facility that has been home to more than 40 elephants in 25 years Unfortunately all the mystique of the Knysna elephant has been reduced to a single elephant left alive Exploring a wide range of topics this book covers the impact of elephants interactions with tourists how they recover from trauma and even their relevance in human healthcare Renowned elephant researchers explain the majesty of the elephant brain which has the largest temporal lobe devoted to communication language spatial memory and cognition To this effect the book emphasizes the threat of poaching to these gentle giants which has almost forced them to extinction Perhaps if humans pay attention to how elephants symbolize our relationship with nature we can learn important lessons about humanity itself **The 30 Trials of Ix and the Angels** Mark Durant, 2004-09-16 The 30 Trials of Ix and the

Angels follows Ix Pantheos from his awakening in a ruined castle through his travels to the moon the sun and beyond carried along by the songs of thirty angels as they initiate him into the mysteries of consciousness and the nature of existence The answer seemingly found and the journey apparently nearing its end Ix then finds that he must suffer the destruction of his former self and face a new struggle to hold onto all that was revealed to him Born of a series of meditations performed by the author and utilizing an eclectic mix of various world religious and occult philosophies the story is a surreal journey into the depths of the mind echoing Ix s own quest to redeem both himself and mankind While it stands alone as an engaging read for those unacquainted with the various schools of inquiry that comprise the fertile field within which it took root it retains that symbolism which may prove insightful to like minded readers who find themselves treading its obscure paths *Islands Magazine* ,2000-03
