Cowpers Task Structure And Influence:

Romanticism and Religion from William Cowper to Wallace Stevens Gavin Hopps, 2016-04-08 The relationship between literature and religion is one of the most groundbreaking and challenging areas of Romantic studies Covering the entire field of Romanticism from its eighteenth century origins in the writing of William Cowper and its proleptic stirrings in *Paradise Lost* to late twentieth century manifestations in the work of Wallace Stevens the essays in this timely volume explore subjects such as Romantic attitudes towards creativity and its relation to suffering and religious apprehension the allure of the veiled and the figure of the monk in Gothic and Romantic writing Miltonic light and inspiration in the work of Blake Wordsworth Shelley and Keats the relationship between Southey's and Coleridge's anti Catholicism and definitions of religious faith in the Romantic period the stammering of Romantic attempts to figure the ineffable the emergence of a feminised Christianity and a gendered sublime the development of Calvinism and its role in contemporary religious controversies Its primary focus is the canonical Romantic poets with a particular emphasis on Byron whose work is most in need of critical re evaluation given its engagement with the Christian and Islamic worlds and its critique of totalising religious and secular readings The collection is an original and much needed intervention in Romantic studies bringing together the contextual awareness of recent historicist scholarship with the newly awakened interest in matters of form and an appreciation of the challenges of postmodern theory

Cowper's 'Task' Martin Priestman, 1983-07-28 Originally published in 1983 this book is the first complete critical study of *The Task* by William Cowper 1731-1800

William Cowper Conrad Brunström, 2004 Following a brief introduction showing the current state of Cowper scholarship this book first examines eighteenth century critical theory showing how theology and literary analysis frequently overlapped The next chapters examine Cowper's formative relationship with the satirical culture of the early 1760s continuing with an explanation of how Cowper was drawn into public satirical debate as a result of his cousin's lengthy and controversial defense of polygamy Cowper's reputation as a satirist is then juxtaposed with his understanding of gardening as an endeavor rich in political and theological metaphors The final chapters consider Cowper's fascination with frontiers and with marsh maritime imagery imagery that represents the defining limits of his imagination The book concludes by asserting that Cowper's contradictions inhibitions and honest insecurities render his body of work peculiarly relevant to a twenty first century readership Conrad Brunstrom is Lecturer in English at the National University of Ireland Maynooth

The Unfamiliar Shelley Timothy Webb, 2016-12-05 Stimulated by new editions of Shelley's writings and the evidence of notebooks the editors have assembled an outstanding group of international Shelley scholars to work through the implications of recent advances in scholarship With particular attention to texts that have been neglected or underestimated the contributors consider many important aspects of Shelley's prolific and remarkably diverse output including the verse letter plays prose essays satire pamphlets political verse romance prefaces translations from the Greek prose style artistic representations fragments and early writings Revaluations of Shelley's youthful works often criticized for their over exuberance pay dividends as they reveal Shelley's early maturation as a writer and also shed light on his later achievement Taken as a whole the collection makes evident that Shelley's reputation has been based largely on surprisingly imperfect and incomplete edited publications driven by Victorian taste and culture A writer very different from the one we thought we knew emerges from these essays which are sure to inspire more reappraisals of Shelley's work

Coleridge's Political Poetics Jacob Lloyd, 2023-12-18 This book considers Samuel Taylor Coleridge's engagement with Whig poetry a tradition of verse from the eighteenth century which celebrated the political and constitutional arrangements of Britain as guaranteeing liberty It argues that during the 1790s Coleridge was able to articulate radical ideas under the cover of widely accepted principles through his references to this poetry He positioned his poetry within a mainstream discourse even as he favoured radical social change Jacob Lloyd argues that the poets Mark Akenside William Lisle Bowles and William Cowper each provided Coleridge with a kind of Whig poetics to which he responded When these references are understood much of Coleridge's work which seems purely personal or imaginative gains a political dimension In addition Lloyd reassesses Coleridge's relationship with Thomas Percy's *Reliques of Ancient English Poetry* to provide an original political reading of *The Rime of the Ancient Mariner* This book revises our understanding of the political and poetic development of a major poet and in doing so provides a new model for the origins of British Romanticism more broadly

Preromanticism Marshall Brown, 1991 Using an outmoded term in an entirely new way Preromanticism seeks the common ground of British literature from 1740 to 1798 not in foreshadowings of Romanticism but in incomplete discoveries and in impediments to expression that Romanticism was to lift Featuring readings of masterpieces in all genres that draw widely on recent innovations in literary theory it highlights the variety of experimentation in a transitional epoch

Virginia Woolf and the Nineteenth-Century Domestic Novel Emily Blair, 2012-02-16 In *Virginia Woolf and the Nineteenth-Century Domestic Novel* Emily Blair explores how nineteenth-century descriptions of femininity saturate both Woolf's fiction and her modernist manifestos Moving between the Victorian and modernist periods Blair looks at a range of nineteenth and early twentieth-century sources including the literature of conduct and household management as well as autobiography essay poetry and fiction She argues for a reevaluation of Woolf's persistent yet vexed fascination with English

domesticity and female creativity by juxtaposing the novels of Elizabeth Gaskell and Margaret Oliphant two popular Victorian novelists against Woolf's own novels and essays Blair then traces unacknowledged lines of influence and complex interpretations that Woolf attempted to disavow While reconsidering Woolf's analysis of women and fiction Blair simultaneously deepens our appreciation of Woolf's work and advances our understanding of feminine aesthetics

Romantic Atheism Martin Priestman, 2000-01-27 Romantic Atheism explores the links between English Romantic poetry and the first burst of outspoken atheism in Britain from the 1780s onwards Martin Priestman examines the work of Blake Coleridge Wordsworth Shelley Byron and Keats in their most intellectually radical periods establishing the depth of their engagement with such discourses and in some cases their active participation Equal attention is given to less canonical writers such as poet intellectuals as Erasmus Darwin Sir William Jones Richard Payne Knight and Anna Laetitia Barbauld and controversialists including Holbach Volney Paine Priestley Godwin Richard Carlile and Eliza Sharples these last two in particular representing the close links between punishably outspoken atheism and radical working class politics Above all the book conveys the excitement of Romantic atheism whose dramatic appeals to new developments in politics science and comparative mythology lend it a protean energy belied by the common and more recent conception of loss of faith

The Pub in Literature Steven Earnshaw, 2000 Steven Earnshaw traces the many roles of the drinking house in literature from Chaucer's time to the end of the 20th century taking in the better known hostelries such as Hal's and Falstaff's Boar's Head in Henry IV and the inns of Dickens
