Of Ptath:

The Book of Ptath Alfred Elton Van Vogt, 1947 The god Ptath is flung into the far future by a deadly rival and given the mind of a 20th century man Stranded in this alien world he must fight to regain his powers before the rival goddess sends the world spinning into chaos and darkness Van Vogt's work has a raw power that has never been equalled in science fiction Damon Knight Twenty Hundred Million Years A.D. A. E. Van Vogt, 2018-07 He whose strength is unlimited who tires not and knows no fear He was Ptath the greatest god the mind of man had ever created He had returned but against his will The goddess Ineznia his deadly rival had thrust him into the dangerous world of 200 million A D in mortal form Would Ptath with only the limited strengths of a mere man win his furious contest with Ineznia Or was he secretly still the most powerful force in all the worlds of time The Exegesis of Philip K. Dick Philip K. Dick, 2011-11-08 A glimpse into the mind of the bestselling science fiction author through a collection of his personal metaphysical religious visionary writings Based on thousands of pages of typed and handwritten notes journal entries letters and story sketches The Exegesis of Philip K Dick is the magnificent and imaginative final work of an author who dedicated his life to questioning the nature of reality and perception the malleability of space and time and the relationship between the human and the divine Edited and introduced by Pamela Jackson and Jonathan Lethem this will be the definitive presentation of Dick's brilliant and epic final work In The Exegesis Dick documents his eight year attempt to fathom what he called 2 3 74 a postmodern visionary experience of the entire universe transformed into information In entries that sometimes ran to hundreds of pages Dick tried to write his way into the heart of a cosmic mystery that tested his powers of imagination and invention to the limit adding to revising and discarding theory after theory mixing in dreams and visionary experiences as they occurred and pulling it all together in three late novels known as the VALIS trilogy In this abridgment Jackson and Lethem serve as guides taking the reader through the Exegesis and establishing connections with moments in Dick's life and work The e book includes a sample chapter from *A Scanner Darkly* by Philip K Dick A dyspeptic dystopian's mad secret notebooks imposing order at least of a kind on a chaotic world Fascinating and unsettling Kirkus Reviews **The Book of Ptath. considers the historical theoretical and concrete aspects of this practice through the study of the translations of authors such as Robertson Davies Carol Shields Margaret Atwood Michael Ondaatje Ann Marie MacDonald and Alistair MacLeod The book also includes a comprehensive bibliography of English language novels poetry and plays published and translated in France over the past 240 years Published in English **Future and Fantastic Worlds** Sheldon Jaffery,1987-01-01 Future and Fantastic Worlds embodies an unusual approach to the field of bibliographic research including over 700 annotations of every DAW book published through mid 1987 with indexes by author artist and title providing a massive guide to modern SF writers and their works with much background data Interspersed throughout the book are numerous wry irreverent and amusing observations offered by the late and highly respected researcher in this extremely valuable genre tool Modern Fantasy: The 100 Best Novels David Pringle,2014-09-30 Pringle presents his selections in chronological order and includes a synopsis of the story a discussion of the author s overall contribution to fantasy literature critical commentary on the title s significance and a brief publishing history An introductory essay tackles the difficulty of defining fantasy while a Brief Bibliography directs readers to other discussions of the genre By no means a definitive subject guide this entertaining volume should serve as a solid introduction to the elusive field of imaginative literature **The Reprint Bulletin** ,1978
