Constructivism and the Metaphysics of Qualitative Research John Paley,2024-09-30 This book challenges the widespread assumption that a necessary preliminary to qualitative research is the formulation of ontological and epistemological beliefs It argues that the metaphysical claims which supposedly underpin different approaches to social research do not make sense Literally Sentences such as There is a single objective reality and There are multiple constructed realities fail to make information providing statements They do not refer or describe Despite appearances they say nothing about reality or realities at a fundamental level so they cannot be used to justify ground or align with methodological decisions The necessary preliminary turns out not to be necessary at all and we can dispense with not just paradigms but metaphysical underpinnings in general whether structured as paradigms or not Drawing on Wittgenstein s later philosophy Carnap s metametaphysics and contemporary linguistics the book suggests that the metaphysical claims of qualitative texts can be reinterpreted as performative Ontological and epistemological beliefs are resolutions and proposals recommendations

for the use of language They form part of a creed by means of which researchers enact the joining of an academic community Written in Paley s trademark clear accessible and conversational style the book points to a revolution in our understanding of the relation between metaphysics and social research It will be essential reading for anyone interested in qualitative research and its philosophical foundations **The Accidental Prime Minister** Tom McLaughlin,2015-04-02 When Joe tells a local news reporter exactly what he would do if he were leader of the country the video goes viral and Joe s speech becomes famous all over the world Before long people are calling for the current leader to resign and give someone else a go and that s how an ordinary boy like Joe ended up with the most extraordinary job Now the fun can really start Hats for cats Pet pigs for all Banana shaped buses Swimming pools on trains A hilarious story of one boy s meteoric rise to power ***A Hole In The Head*** Nicholas Fisk,2019-12-31 The dog gasped mouthed swung its head It gaped and showed sharp white teeth Then as if it were being sick it brought up words The dog spoke Madi and her brother Jonjo live on the OzBase a research center near the North Pole Their mother is one of an international team of scientists investigating a hole in the ozone layer over the Arctic Others however are involved in less honourable experiments as the children soon discover ***Five O'Clock Shadow*** Susan Slater,2010-05-27 From an author described by Kirkus as lively surprising comes Five O Clock Shadow with its puzzler of a plot tied to colorful New Mexico As the great balloon bearing the image of a clock swoops across the River Grande Pauly Caton watches her husband of four days fall from the sky Who is the naked child who scrambles from the gondola when it strikes a sandbar and flees Did she just imagine it Why would he have been up with Randy and the pilot on the honeymoon ride she was too chicken to join Who in fact was meant to die And meant to die it was her hastily snapped photos of the scene show a masked sharpshooter stationed high up in a tree As Pauly tries to put her shattered life together she discovers the lies The first in the morgue How else had Randy deceived her Had he told her anything that was the truth Were his partners in their get rich company any more honest Pauly knows she hadn t signed any of the documents the lawyer presents to her Maybe she ll insist on becoming an active partner Pauly s flamboyant Grams the much married carnival queen offers her only grandchild a place to recover a retreat on Albuquerque s west side that s home to fifty odd folks complete with clowns a handsome tattoo man and the snakes And then Pauly finds out she s rich money that she swears could not have been Randy s Where did he get it Who was the son he apparently adopted A trip to El Paso uncovers more mysterious acts and points her towards the truth But will she live long enough to find it Susan Slater reveals the same sharp offbeat plotting skills the zest for language and colorful scenes that marked her caper Flash Flood where troubles buildlike thunderheads over New Mexico skies Publishers Weekly ***The Mystery of the Clock Tower*** Sandra Maggs, This is it The final book and the one which explains everything Bess Hooper finally learns the truth As this mystery unfolds the origin of the time travel gift is revealed Another riddle is solved in the process and clears up more than one question Without Eloise by her side life is difficult but not impossible and Bess learns to cope without her best friend all the time questioning where she is Chased through time Bess
