Jeffry A. Frieden, Ernesto Stein

Courting Turmoil And Deferring Prosperity Colombia Between 1960 And 1990:

Courting Turmoil and Deferring Prosperity Jorge Garc a Garc a, S. K. Jayasuriya, 1997-01-01 This volume is part of a recently completed research project at the World Bank that reviewed the macroeconomic experience of 18 developing countries from the mid 1960s The period encompassed two oil shocks two world recessions a sharp rise in world interest rates the debt crisis and changes in exchange rate regimes In this context Colombia provides an almost unparalleled example of steady long term economic growth despite external shocks political crises civil strife reliance on a single dominant commodity coffee and the rising importance of illicit drugs in the economy *Courting Turmoil and Deferring Prosperity* looks at how Colombia managed to avoid major prolonged economic crises against all odds Its economy has confronted several external and internal shocks from the mid 1960s mainly due to the country's reliance on exports of coffee the price volatility of which can greatly affect the economy The period also witnessed major policy changes including a long term shift from an essentially inward oriented development strategy based on industrialization through import substitution to an outward oriented export led strategy The authors analysis differs from most existing literature on the Colombian economy in two important ways it evaluates policy responses to shocks in terms of their success in achieving short run stabilization as well as their impact on long run growth and it explores the intimate links between economic policies and the specific political and social ideologies institutions and structures in Colombia that have historically conditioned government policymaking The report also highlights the role of prudent macroeconomic policies for crisis avoidance and analyzes the links between fiscal policy trade policy and exchange rates

The South America Handbook Patrick Heenan, Monique Lamontagne, 2014-01-27 First Published in 2002 The Regional Handbooks of Economic Development series provides accessible overviews of countries within their larger domestic and international contexts focusing on the relations among regions as they meet the challenges of the twenty first century The series allows the non specialist student to explore a wide range of complex factors social and political as well as economic that affect the growth of developing regions in Asia Europe and South America Each Handbook provides an overview chapter discussing the region's economic conditions within an historical and political context as well as 20 or more chapter length essays written by recognized experts which analyze the key issues affecting a region's economy its population natural resources foreign trade labor problems and economic inequalities and other vital factors In addition the volumes offer useful support materials including a series of appendices that include a detailed chronology of events in the region a glossary of terms biographical entries on key personalities an annotated bibliography of further reading and a comprehensive analytical index

Colombia Marcelo Giugale, O. Lafourcade, Connie Luff, 2003 Recent political changes in Colombia have opened up possibilities to think beyond the long standing conflict and violence to promote a development agenda based upon economic growth social welfare and environmental protection This publication contains various policy papers which seek to contribute to the national debate on options to address these development challenges The book is

intended to provide the incoming Colombian presidential administration with a comprehensive policy discussion regarding the country's development agenda

Inflation, Uncertainty, and Growth in Colombia Mr. Henry Ma, 1998-11-01 It has been argued that higher levels of inflation lead to greater uncertainty about future inflation and to greater dispersion of relative prices In either case inflation could reduce the efficiency of market prices in coordinating economic activities This paper shows that the rise of inflation in Colombia from low levels in the 1950s to average rates of 18-22 percent since the 1970s has been accompanied by increased uncertainty and relative price dispersion and that inflation has had a negative and persistent effect on real GDP growth

The Currency Game Jeffry A. Frieden, Ernesto Stein, 2001 Written by a distinguished group of economists and political scientists from around the hemisphere the essays in this book include analytical perspectives a cross national statistical study and a series of detailed country studies and bring an important new theoretical insights and empirical evidence to that debate in order to best address a policy issue critical to the future of Latin American development

Preface **A Guide to the World Bank**, 2003 The World Bank Group works in more than 100 developing economies and is one of the world's largest sources of development assistance In 2002 the institution provided US \$19.5 billion in loans to its client countries This guide reviews the organisation's history objectives and operations and looks at the five institutions that make up the World Bank Group the International Bank for Reconstruction and Development IBRD the International Development Association IDA the International Finance Corporation IFC the Multilateral Investment Guarantee Agency MIGA and the International Centre for Settlement of Investment Disputes ICSID

Social Sciences Lawrence Boudon, Katherine D. McCann, 2003-09-01 The one source that sets reference collections on Latin American studies apart from all other geographic areas of the world The Handbook has provided scholars interested in Latin America with a bibliographical source of a quality unavailable to scholars in most other branches of area studies Latin American Research Review Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon of the Library of Congress Hispanic Division has been the editor since 2001 and Katherine D McCann has been assistant editor since 2000 The subject categories for Volume 59 are as follows Anthropology Economics Geography Government and Politics International Relations Sociology Electronic Resources for the Social Sciences

Handbook

of Latin American Studies, 2003 **The Emerald Handbook of Public Administration in Latin America** B. Guy Peters, Carlos Alba Tercedor, Conrado Ramos, 2021-01-12 This handbook presents contemporary research on public administration in Latin America The first section explores the range of administrative systems in existence across the region The second portion of the book discusses important topics such as public personnel management accountability and policy coordination in Latin America British Bulletin of Publications on Latin America, the Caribbean, Portugal, and Spain, 1999

Exchange Rate Crises in Developing Countries Michael G. Hall, 2018-01-18 According to many economists the increasing mobility of capital across borders has made it more costly to peg exchange rates This phenomenon has contributed to some of the more famous examples of exchange rate crises in recent times such as the Mexican peso crisis in 1994 and the Asian financial crisis in 1997 Yet despite the increasing costs of pegging in today's accelerated financial markets some developing countries try to maintain a peg for as long as they can This work is the first to theorize the role of bankers as a domestic interest group involved in exchange rate policy It adds to our understanding of how interest groups affect economic policy in developing countries and explains why some of the largest and fastest growing economies in the developing world were the most prone to crisis The volume also refines our understanding of the hollowing out thesis the argument that increasing capital mobility is forcing states to abandon pegging *Catalog of Publications* World Bank Group, 2000 Complete current catalog of all print and online journals and monographs Choice, 2003 Bibliographic Guide to Government Publications New York Public Library. Research Libraries, 1999 **Comercio exterior en Colombia: política, instituciones, costos y resultados** García-García, Jorge, López-Valenzuela, David Camilo, Montes-Uribe, Enrique, Esguerra-Umaña, María del Pilar, Echavarría-Soto, Juan José, Giraldo-Salazar, Iader, Jaramillo-Mejía, Fernando, Collazos-Gaitán, María Mercedes, 2019-10-07 Este libro presenta los resultados de un esfuerzo conjunto del Banco de la República la Universidad del Rosario y del Banco de Desarrollo de América Latina CAF Busca reflexionar sobre los obstáculos al crecimiento del comercio exterior de bienes y a la diversificación de las exportaciones colombianas de bienes distintos al café y los hidrocarburos Dos indicadores revelan el pobre desempeño del comercio exterior colombiano el valor exportado e importado de bienes y servicios ha permanecido relativamente estable alrededor del 35% del producto interno bruto PIB y la canasta exportadora consiste principalmente en bienes tradicionales inicialmente el café y en los últimos veinte años los hidrocarburos Si se compara el desempeño exportador de Colombia con el de países como Corea del Sur y Chile resulta todavía más evidente el pobre desempeño del país en materia de exportaciones agrícolas e industriales lo que obliga a preguntarse cuáles son las razones de ese resultado **The Political and Institutional Sources of Exchange-rate Regime Choices in Middle-income Developing Countries** Glenn Michael Hall, 2002 **The World Bank Research Program 1998** World Bank Staff, 1998 The four basic objectives of the World Bank's research program are broadening understanding of development assisting in developing research capacity in member countries improving the Bank's capacity

in advising members and supporting all aspects of its own operations The report is the annual compendium of current Bank research The abstracts in this volume report on research projects within FY98 describing questions addressed analytical methods used findings to date and policy implications In addition each abstract identifies the expected completion date and the research team as well as any report or publication produced The abstracts cover 193 research projects grouped under nine major headings as follows 1 poverty and social welfare 2 labor markets and education 3 environmentally sustainable development 4 infrastructure and urban development 5 macroeconomics 6 international economics 7 domestic finance and capital markets 8 transition economies and 9 private sector development and public sector management An appendix is included listing reports and publications produced by Bank research with corresponding availability sources Abstracts are indexed by the sponsoring unit World Bank Research Program World Bank, 1998
