Cousteau An Unauthorized Biography:

Cousteau Axel Madsen, 2015-03-17 One of the most influential men of the twentieth century Jacques Cousteau was an eco emissary whose own life of derring do brought him fame and the means to proselytize his cause Ecologist adventurer celebrity businessman Cousteau was a brilliant and complex individual and Madsen s biography captures him in style Madsen who knew the Cousteau family for over two decades interviewed Cousteau personally for this book *Cousteau* Kevin Comber, 1991 Environmentalism David Peterson Del Mar, 2014-05-22 Environmental movements have produced some impressive results including cleaner air and the preservation of selected species and places But movements that challenged western prosperity and comfort seldom made much progress and many radical environmentalists have been unabashed utopianists In this short guide Peterson del Mar untangles this paradox by showing how prosperity is essential to environmentalism Industrialisation made conservation sensible but also drove people to look for meaning in nature even as they consumed its products more relentlessly Hence Englandled the way in both manufacturing and preserving its countryside and the United Statescreated a matchless set of national parks as it became the world s pre eminent economic and military power Environmentalismconsiders both the conservation and preservation movements and less organized forms of nature loving from seaside vacations to ecotourism to argue that these activities have commonly distracted us from the hard work of creating a sustainable and sensible relationship with the environment **The 20th Century A-GI** Frank N. Magill, 2013-05-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who s who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual s life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual s place in history All entries conclude with a fully annotated bibliography **Historical Diver** , 1997 **French Anti-Americanism (1930-1948)** Seth D. Armus, 2007-02-09 French Anti Americanism offers a historical exploration of the central role of anti Americanism in French thought and the often compromised position of France s intelligentsia during World War II It was in the years preceding World War II with its complex fears and uncertainties that America first took center stage as a target for French anxieties Dr Seth D Armus examines the cultural stability of French anti Americanism and how it has survived colossal political shifts nearly unchanged Focusing on the contributions made by inter war intellectuals this book demonstrates how some of the most striking elements of contemporary anti Americanism including a frequent intersection with anti Semitism were fully developed six or seven decades ago Through a study of characters ranging from Nazi collaborators to Catholic humanists Dr Armus provides a sophisticated analysis of French anti Americanism as a cultural phenomenon distinct from mere political opposition to American foreign policy French Anti Americanism is an engaging read that will appeal to scholars

of French and American studies as well as those interested in international relations **John Jacob Astor Axel Madsen**,2002-02-28 *On The Deal Maker How William C Durant Made General Motors* A well written biography New York Times *On Stanwyck The Life and Times of Barbara Stanwyck* Madsen's admirably researched insightful portrait of her aloof nature reveals she was always torn between her wish to give of herself and her need to be in control Christian Science Monitor *On Chanel A Woman of Her Own Fascinating Takes* the reader behind the coromandel veneers of Chanel's life New York Times Book Review Carefully knits together the complex pattern of Chanel's complicated existence It's not an easy task Toronto Globe and Mail *On Gloria and Joe Axel Madsen* finally gives the public a fascinating chronicle of the romance that could have ruined more than two careers Dallas Morning News *On Cousteau* Both critical and understanding And it is exceptionally readable Readers are well advised to take the plunge Chicago Tribune *On Malraux* Will stand as the best of more than a dozen books about Malraux in print Kansas City Star Nature's Saviours Graham Huggan,2013-08-22 Today's celebrity conservationists many of whom made their reputations through television and other visual media play a major role in drawing public attention to an increasingly threatened world This book one of the first to address this contribution focuses on five key figures the English naturalist David Attenborough the French marine adventurer Jacques Yves Cousteau the American primatologist Dian Fossey the Canadian scientist broadcaster activist David Suzuki and the Australian crocodile hunter Steve Irwin Some of the issues the author addresses include What is the changing relationship between western conservation and celebrity How has the spread of television helped shape and mediate this relationship To what extent can celebrity conservation be seen as part of a global system in which conservation like celebrity is big business The book critically examines the heroic status accorded to the five figures mentioned above taking in the various discourses around nature science nation gender through which they and their work have been presented to us In doing so it fills in the cultural historical and ideological background behind contemporary celebrity conservationism as a popular expression of a chronically endangered world *Encyclopedia of Television* Horace Newcomb,2014-02-03 The Encyclopedia of Television second edition is the first major reference work to provide description history analysis and information on more than 1100 subjects related to television in its international context For a full list of entries contributors and more visit the Encyclopedia of Television 2nd edition website **Hybridity in Life Writing** Arnaud Schmitt,2024-04-28 This book offers new perspectives on text image hybridity in the context of life writing Each chapter explores the very topical issue of how writers and artists combine two media in order to enhance the autobiographical narrative and experience of the reader It questions the position of images in relation to text both on the page and in terms of the power balance between media It also shows how hybridity operates beyond a semantic and cultural balance of power as the combination of text and images are able to produce content that would not have been possible separately Including a range of life writing and different visual media from paintings and photography to graphic memoirs and social media this edited collection investigates the point at which an

image whether fixed or moving enters the autobiographical act and confronts the verbal form **Sealab** Ben Hellwarth, 2012-01-10 Sealab is the underwater Right Stuff the compelling story of how a US Navy program sought to develop the marine equivalent of the space station and forever changed man's relationship to the sea While NASA was trying to put a man on the moon the US Navy launched a series of daring experiments to prove that divers could live and work from a sea floor base When the first underwater habitat called Sealab was tested in the early 1960s conventional dives had strict depth limits and lasted for only minutes not the hours and even days that the visionaries behind Sealab wanted to achieve for purposes of exploration scientific research and to recover submarines and aircraft that had sunk along the continental shelf The unlikely father of Sealab George Bond was a colorful former country doctor who joined the Navy later in life and became obsessed with these unanswered questions How long can a diver stay underwater How deep can a diver go Sealab never received the attention it deserved yet the program inspired explorers like Jacques Cousteau broke age old depth barriers and revolutionized deep sea diving by demonstrating that living on the seabed was not science fiction Today divers on commercial oil rigs and Navy divers engaged in classified missions rely on methods pioneered during Sealab Sealab is a true story of heroism and discovery men unafraid to test the limits of physical endurance to conquer a hostile undersea frontier It is also a story of frustration and a government unwilling to take the same risks underwater that it did in space Ben Hellwarth a veteran journalist interviewed many surviving participants from the three Sealab experiments and conducted extensive documentary research to write the first comprehensive account of one of the most important and least known experiments in US history *Jacques-Yves Cousteau* Lois Markham, 1997 Surveys the life and accomplishments of the celebrated French oceanographer *Australian National Bibliography: 1992* National Library of Australia, 1988 **Global Marine Environment** Herman Prager, 1993 This study focuses on the state system and the problem of ocean degradation as practiced in the West specifically the Western industrial market economies The author locates the source of the ecological problem in the allocation of power and values in a society the differing public policies in response to divergent appreciations on the nature of social challenges and appropriate responses This book is a valuable contribution to the collective efforts to educate the public about the worsening global crisis His approach combines biology chemistry and political science in its discussion of the tragic destruction of our oceans Contents The Evolution of the Contemporary State System Theoretical Aspects of the Current State System The Physical State of the Ocean and the Pollution Crisis The Contribution of Intergovernmental Organizations INGOs and Cetacean Protection Conclusions *Scuba Diving Explained* Lawrence Martin, 1997 [Neptune's Laboratory](#) Antony Adler, 2019-11-19 We have long been fascinated with the oceans and sought to pierce the profundity of their depths But the history of marine science also tells us a lot about ourselves Antony Adler explores the ways in which scientists politicians and the public have invoked ocean environments in imagining the fate of humanity and of the planet [Great Events from History II.: 1931-1952](#) Frank Northen Magill, 1991 **The Branches of**

Ecology Frank N. Egerton, 2023-01-31 The ecological sciences are a diverse array of major scientific disciplines They grew from minor sciences with little status in 1900 and now occupy crucial areas of research bearing on the future of our planet This book describes a century of growth and development A dramatic century long rise in the status of ecological knowledge was accompanied by the rise of professional ecological organizations the establishment of university faculties and the creation of government agencies advising on conservation natural resources and the prevention of pollution Like all sciences ecology continues to yield new findings and surprising revelations New technologies now address existential challenges facing our world This book documenting the rise of ecology is an inspiring history portending an important role in the twenty first century Key Features The author is the acknowledged authority on the history of ecology The content is familiar to members of the Ecological Society of America but has not previously been assembled into a single narrative Appropriate for a course in the history of ecology Provides a broad perspective on ecology Related Titles Egerton F N A Centennial History of the Ecological Society of America ISBN 978 0 3673 7763 2 Rieppel O Phylogenetic Systematics Haeckel to Hennig ISBN 978 0 3678 7645 6 Dronamraju K A Century of Geneticists Mutation to Medicine ISBN 978 1 4987 4866 7 *The Great Ages of Discovery* Stephen J. Pyne, 2021-02-23 For more than 600 years Western civilization has relied on exploration to learn about a wider world and universe The Great Ages of Discovery details the different eras of Western exploration in terms of its locations its intellectual contexts the characteristic moral conflicts that underwrote encounters and the grand gestures that distill an age into its essence Historian and MacArthur Fellow Stephen J Pyne identifies three great ages of discovery in his fascinating new book The first age of discovery ranged from the early 15th to the early 18th century sketched out the contours of the globe aligned with the Renaissance and had for its grandest expression the circumnavigation of the world ocean The second age launched in the latter half of the 18th century spanning into the early 20th century carrying the Enlightenment along with it pairing especially with settler societies and had as its prize achievement the crossing of a continent The third age began after World War II and pivoting from Antarctica pushed into the deep oceans and interplanetary space Its grand gesture is Voyager s passage across the solar system Each age had in common a galvanic rivalry Spain and Portugal in the first age Britain and France followed by others in the second and the USSR and USA in the third With a deep and passionate knowledge of the history of Western exploration Pyne takes us on a journey across hundreds of years of geographic trekking The Great Ages of Discovery is an interpretive companion to what became Western civilization s quest narrative with the triumphs and tragedies that grand journey brought the legacies of which are still very much with us *Great Lives from History: A-Cou* Frank Northen Magill, 1990
