Buddhist Epistemology in the Geluk School Jonathan Samuels, Khedrup Je, Gyaltsab Je, The First Jamyang Shepa, 2025-08-26 Tibet's philosophical tradition is on brilliant display in this anthology of works exploring the means to finding certainty in an impermanent and interdependent world Here descendants of the great Tsongkhapa plumb the nature of knowing to harness it in the service of awakening This volume includes translations of three separate Tibetan works by iconic figures in the Geluk school of Buddhism The first work Banisher of Ignorance is by Khedrup Gelek Palsang 1385 1438 and the second On Preclusion and Relationship is by Gyaltsab Darma Rinchen 1364 1432 The authors popularly known as Khedrup Je and Gyaltsab Je were the foremost disciples of the Geluk school founder Tsongkhapa Losang Drakpa 1357 1419 The third text Mighty Pramana Sun is a commentary on the first chapter of Candrakirti's Clear Words Prasannapada by Jamyang Shepa 1648 1721 These works concern themselves primarily with the Buddhist theory of knowledge the means by which we are able to know things and how we can be certain of that knowledge Encapsulating this theory is the notion of pramana the Buddhist understanding of which was shaped most significantly by the Indian masters Dignaga fifth to sixth century and Dharmakirti seventh century Based on their explanation pramana is often translated as valid cognition a literal reference to the kind of cognition that they proposed could be relied upon to supply indisputable knowledge In the Buddhist Pramana tradition rigorous reasoning is held to play a crucial role in gaining such knowledge and there is no better exemplar of the sophistication this endeavor achieved in Tibet than Khedrup Je's work here He systematically catalogs and rebuts a host of views with unmatched acumen and flair All three works illustrate how those who follow the tradition have viewed the systematic approach as necessary not only for textual analysis for those seeking to unravel the complexities of the Indian Buddhist scriptures and treatises but also for practitioners aiming to progress along the spiritual path and achieve the highest Buddhist goals

Hoffman, PhD, 2016-07-26 It is time to recover rabbinic lessons of late antiquity God is a God of grace and love human beings can aspire to goodness and promise on Yom Kippur the two of them meet God's love energizes human potential and the world is reborn with hope restored The God of Jewish tradition is far from the strict God of justice

commonly understood to be the God of the Hebrew Bible God's self introduction to Moses atop Mount Sinai does indeed conclude with the image of punishment throughout the generations but begins with God merciful and gracious the imagery that finds its way into rabbinic liturgy and lore as solely the God of grace and compassion pardon and love To arrive at this selective perception of biblical tradition the Rabbis of the Talmud deliberately misread the biblical text and then fashioned a myth of God who dresses up as a leader of prayer and promises pardon if Israel will only repeat these merciful attributes as part of its prayer ritual on that day Ever since the Thirteen Attributes as the list comes to be known becomes central to Jewish prayer accompanying the liturgy for holidays generally and framing the opening and closing services of the holiest day in the Jewish year Yom Kippur the Day of Judgment itself In this seventh volume in the Prayers of Awe Series contributors men and women rabbis and laypeople scholars and artists from across the spectrum of Jewish life and representing the US Israel the UK Germany France Canada and Australia chart the importance of these Thirteen Attributes of God They explore the kind of God Jews meet in prayer and the consequent self reflection about the human condition that Judaism recommends on the basis of its idealized image of God as above all merciful and gracious **Davy's Devon herd book** Devon cattle breeders' society,1878 **The Family Cow Handbook** Philip Hasheider,2011-07-01 Milking your family cow and experiencing the simple joys that comes with it are explained in this guidebook by veteran dairy farmer and cheesemaker Phil Hasheider This book leads you through all the steps needed to make your dream a reality and the processes involved to make your own dairy products You will learn the practical do's and don'ts of buying a cow milking feeding and assisting her when she gives birth to a calf You may not have the experience yet but time will take care of that as you learn Your adventure starts here and this book will guide you along your journey with your family cow **Bibliography of Agriculture** ,1972-07
