Court Poetry in Late Medieval England and Scotland Antony J. Hasler,2011-03-10 This book explores the anxious and unstable relationship between court poetry and various forms of authority political and cultural in England and Scotland at the beginning of the sixteenth century Through poems by Skelton Dunbar Douglas Hawes Lyndsay and Barclay it examines the paths by which court poetry and its narrators seek multiple forms of legitimation from royal and institutional sources but also in the media of script and print The book is the first for some time to treat English and Scottish material of its period together and responds to European literary contexts the dialogue between vernacular and Latin matter and current critical theory In so doing it claims that public and occasional writing evokes a counter discourse in the secrecies and subversions of medieval love fictions The result is a poetry that

Courtiers in Renaissance Northern Italy Stephen Kolsky,2023-05-31 The extraordinary cultural Renaissance in the northern Italian courts of the late 15th and early 16th centuries is the subject of this volume It starts with Baldessar Castiglione s Book of the Courtier 1528 which encapsulates this sense of renewal his experiences at court and their subsequent rewriting form the backbone of the work The author then addresses questions of biography gender genre and the varied roles of the courtier expanding the perspective of Castiglione s text to include the lives and writings of other courtiers and patrons What was it like to be a courtier What were the problems associated with such a lifestyle The importance of women in court circles is also highlighted in studies of one of the most notable of female patrons Isabella d Este 1474 1539 and of the theoretical developments in writing about gender stimulated by such women Stephen Kolsky s analysis of both well known and comparatively obscure texts brings out the diversity of practices that constituted court society and their centrality to our understanding of the Renaissance *Sufi Lovers, Safavid Silks and Early Modern Identity* Nazanin Hedayat Munroe,2025-10-01 This book examines a group of sixteenth and seventeenth century figural silks depicting legendary lovers from the Khamsa Quintet of epic Persian poetry Codified by Nizami Ganjavi in the twelfth century the Khamsa gained popularity in the Persian speaking realm through illustrated manuscripts produced for the elite creating a template for illustrating climactic scenes in the love stories of Layla and Majnun and Khusrau and Shirin that appear on early modern silks Attributed to Safavid Iran the publication proposes that dress fashioned from these silks represented Sufi ideals based on the characters Migration of weavers between Safavid and Mughal courts resulted in producing goods for a sophisticated and educated elite demonstrating shared cultural values and potential reattribution Through an examination of primary source materials literary analysis of the original text and close iconographical study of figural designs the study presents original cross disciplinary arguments about patronage provenance and the socio cultural significance of wearing these silks

interest in issues of canon formation in premodern Japanese literature this book traces the reception history of Hitomaro from its earliest beginnings to the early modern period documenting and analysing the phases of the process through which Hitomaro was transformed from an admired poet to a poetic deity The result is a new perspective on a familiar literary figure through his placement within the broader context of Japanese poetic culture **The Poets and Poetry of Europe** Henry Wadsworth Longfellow, Cornelius Conway Felton, 1845 Oral & Written Poetry in African Literature Today Eldred D. Jones, Eustace Palmer, Marjorie Jones, 1988 The contemporary poet in Africa is continuing a long tradition of poetry which in many places pre dated the advent of writing North America Africa World Press *The Making Of Christian Communities in Late Antiquity and the Middle Ages* Mark F. Williams, 2004-07-01 The Making of Christian Communities sheds light on one of the most crucial periods in the development of the Christian faith It considers the development and spread of Christianity between Late Antiquity and the Middle Ages and includes analysis of the formation and development of Christian communities in a variety of arenas ranging from Late Roman Cappadocia and Constantinople to the court of Charlemagne and the twelfth century province of Rheims France during the twelfth century The Beginnings of Medieval Romance Dennis Howard Green, 2002-06-27 Publisher Description **Cultural Memory in the Icelandic Contemporary Sagas** Lucie Korecká, 2025-02-17 The objective of this book is to analyse the Old Icelandic sagas dealing with the twelfth to fourteenth centuries the secular contemporary sagas and the bishops sagas from the perspective of cultural memory studies This approach foregrounds their function as sources of the late medieval Icelanders collective identity shaped by the narrative tradition and the current concerns It is argued here that the intertextual relations between the Old Icelandic historiographical texts extend beyond the literary level and influence the perception of the past itself The accounts of events from the settlement to the fourteenth century form a coherent narrative that acknowledges the historical development but accentuates the themes and values that continued to define the collective identity Within this framework the book presents a detailed analysis of how this function of the narrative shaped the sagas depicting the time when Iceland was gradually integrated into the Norwegian kingdom As such it contributes to a more nuanced understanding of how this culturally significant period of medieval Icelandic history was perceived when the memory of it was still crossing the boundary between common knowledge and foundational history *A History of Classical Poetry* Siegfried Lienhard, 1984 **The Italian Cantata in Vienna** Lawrence Bennett, 2013-10-18 A history of music for the imperial court from a professor choral director and professional tenor who has studied Viennese cantatas for half a century Lowell Lindgren Massachusetts Institute of Technology Lawrence Bennett provides a comprehensive study of the rich repertoire of accompanied vocal chamber music that entertained the imperial family in Vienna and their guests throughout the seventeenth and early eighteenth centuries The cantata became a form of elite entertainment composed to amuse listeners during banquets or pay homage to members of the royal family during special occasions Concentrating on Baroque cantatas composed in the Habsburg court Bennett

draws extensively on primary source material to explore the stylistic changes that occurred within the genre in the generations before Haydn and Mozart. An important book. It deserves to be warmly welcomed not only by scholars but also by performers of Baroque vocal chamber music. Early Music Shed s light on an important yet seldom discussed repertory written by someone whose expertise is unquestionable. Music and Letters By taking multiple analytical approaches Bennett establishes an overall understanding while also demonstrating how individual composers approached the genre. Recommended Choice. An important tool for understanding the context in which cantatas were composed and performed and in which the Hapsburgs important music collection was created. Notes A wealth of new information from a scholar who writes clearly and perceptively and who has devoted decades of attention to the material. Steven Saunders, Charles A. Dana Professor of Music, Colby College.
