Concentration and Meditation Swami Paramananda, 2014-03-29 This Is A New Release Of The Original 1912 Edition A Contemplative Study of the Mind, Emotions, and Body Krzysztof T. Konecki, 2025-08-28 Understanding how the mind works can provide insight into the meaning of various feelings and emotions Rather than merely grasping empathy on an intellectual level we can experience how it functions and emerges By observing the mind we can uncover how social assumptions and prejudices later filter these reactions The book explores the interplay between mental processes bodily reactions and emotions Contemplating the foundations of suffering or empathy can enrich our understanding of the emotional dimensions of how we perceive the world Additionally many psycho social phenomena can be comprehended more deeply through critical contemplative inquiry from a first person perspective Books In Print 2004-2005 Ed Bowker Staff, Staff Bowker, Ed, 2004 **Eastern Philosophy for Western Minds** Hamish McLaurin, 1933 **Awakening and Insight** Polly Young-Eisendrath, Shoji Muramoto, 2003-09-02 Buddhism first came to the West many centuries ago through the Greeks who also influenced some of the culture and practices of Indian Buddhism As Buddhism has spread beyond India it has always been affected by the indigenous traditions of its new homes When Buddhism appeared in America and Europe in the 1950s and 1960s it encountered contemporary psychology and psychotherapy rather than religious traditions Since the 1990s many efforts have been made by Westerners to analyze and integrate the similarities and differences between Buddhism and its therapeutic ancestors particularly Jungian psychology Taking Japanese Zen Buddhism as its starting point this volume is a collection of critiques commentaries and histories about a particular meeting of Buddhism and psychology It is based on the Zen Buddhism and Psychotherapy conference that took place in Kyoto Japan in 1999 expanded by additional papers and includes new perspectives on Buddhism and psychology East and West cautions and insights about potential confusions traditional ideas in a new light It also features a new translation of the conversation between Shinichi Hisamatsu and Carl Jung which took place in 1958 *Awakening and Insight* expresses a meeting of minds Japanese and Western in a way that opens new questions about and sheds new light on our subjective lives It will be of great interest to students scholars and practitioners of psychotherapy psychoanalysis and analytical psychology as well as anyone involved in Zen Buddhism Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 1994 Prokofieff investigates

the deepest mysteries of Rudolf Steiner's life and individuality and examines the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923-24 and the Foundation Stone meditation *A Practical Manual of Meditation* Massimo Scaligero, 2015-06-01 Rudolf Steiner often emphasized the importance of meditation practice for the self-development of students of Anthroposophy In his writings and lectures he offered various instructions for approaches to meditation and for strengthening qualities needed to unfold our latent spiritual capacities In this accessible book Massimo Scaligero a lifelong student of Rudolf Steiner and Spiritual Science systematically illumines Steiner's practices building on the foundation of our human constitution and explaining how and why these practices work Such efforts take place in the world and with the people around us and restore us to our true condition Initiation is the restoration of the spirit's original state despite its human incarnation This text by Massimo Scaligero should be read and thought deeply but also acted upon It will be an aid to all those who wish to take the path of initiation through Spiritual Science *A Practical Manual of Meditation* is a translation from Italian of *Manuale Pratico della Meditazione* Teseo Rome 1973 2005 **A Bridge of Dreams** Sara Ann Levinsky, 1984 Paramananda a disciple of Vivekananda in the Ramakrishna lineage came to the United States in 1906 *A Bridge of Dreams* tells the story of his life and community *Buddha's Life and Teaching* Hermann Beckh, 2019-04-25 The book before us here is not some kind of dusty text or just another undergraduate level introduction to Buddhism It is nothing less than the still clear luminous centre of a hurricane Neil Franklin from the Foreword Although this classic text is more than one hundred years old its accurate scholarship detailed research and lucid presentation make it no less relevant today than when it was first published In 1916 Hermann Beckh was one of a handful of leading European authorities on Buddhist texts reading Tibetan Sanskrit and Pali fluently At the same time he was a member of the Anthroposophical Society and its Esoteric Section In consequence Beckh's seminal study on Buddhism has an entirely unique quality It invites the reader to engage freely with the Buddhist Path although in many ways re-expressed and renewed by Rudolf Steiner whilst discovering its universal validity through the original texts For the most part Beckh allows these texts to speak for themselves as eloquently now as ever In the first section Beckh presents Gautama Buddha's life from legend and history The second part of the book details the general viewpoints of Buddhist teaching and the individual stages of the Buddhist Path including meditation to ever higher levels Both sections are expertly collated out of a wide knowledge of the primary sources To this academic understanding Beckh sheds new light on the subject from his own research based on highly trained meditation guided by Rudolf Steiner with whom he carried out a long lasting correspondence that has only recently been uncovered Dr Katrin Binder has rendered the complete German text in a natural English idiom with great accuracy and professional insight thereby making this timeless book available to English readers for the first time in a lucid translation New notes and an updated bibliography are also featured **The Life of M. and Sri Sri Ramakrishna Kathamrita** DHARM PAL GUPTA, 1988-01-01 *The Life of M and Sri Sri Ramakrishna Kathamrita* is a publication that all persons who

attach importance to spiritual values and especially those whose interest in this subject has been generated through the life and teachings of Sri Ramakrishna would welcome with utmost eagerness and warmth For in this age of ours when cart loads of books are turned out by your commercialised publishing houses books which entertain bore or debase but seldom instruct and much less inspire The Life of M and Sri Ramakrishna Kathamrita comes as a refreshing shower on a parched desert Sri Ramakrishna s life has been described by Mahatma Gandhi as a life that enables us to see God face to face In making this precious heritage of the Master s life available to mankind through a faithful and realistic account of an important phase of it when the fully blossomed flower of the Master s genius was attracting large numbers of spiritual seekers like swarms of honey seeking bees Mahendra Nath Gupta under the pen name of M has done to mankind a service of a magnitude which few other authors can equal or excel from the Foreword to this book **Mother India** ,1995 *The Subtle Energy Body*

Maureen Lockhart,2010-09-23 A global study of the psychospiritual body and its central role in the esoteric and spiritual traditions of the world Explains the nature purpose and functions of the subtle body Explores the role of the subtle body in such traditions as Alchemy Ayurveda Tantra Qi Gong and Yoga Shows how the various layers of the subtle body provide a map for various levels of consciousness Ancient traditions of both the East and West have long maintained that the human being is a complex of material and nonmaterial systems or energy bodies The subtle body is an energetic psychospiritual entity of several layers of increasing subtlety and metaphysical significance through which the aspirant seeks knowledge of the self and the nature of God In many traditions the component parts of the subtle body serve as a map of the different levels of consciousness The practices and disciplines that evolved from an awareness and understanding of the subtle body and how the material and nonmaterial work together form a coherent system of psychospiritual transformation that is central to numerous and extremely diverse spiritual practices including those of the Gnostics Sufis Native Americans Vedic seers Chinese and Greeks The subtle body plays an essential part in more recent traditions such as Anthroposophy and Gurdjieff s Fourth Way and the cutting edge science of Ervin Laszlo s research into the Akashic field But the benefits of understanding the role of the subtle energy body are not confined solely to the spiritual plane The energetic bodies provide a coherent system of life affirming principles and practices for the diagnosis and treatment of the whole person that is not only part of many traditional healing systems such as Acupuncture and Ayurveda but also is forming the basis for a synthesis of traditional and contemporary healing practices that could lay the foundation for the medicine of the future *Current Catalog* National Library of Medicine (U.S.),1970 Includes subject section name section and 1968 1970 technical reports

The Spiritual Dimension of Alternative Medicine Ernest M. Valea,2020-02-20 We often hear that alternative medicine is superior to classical medicine for it treats us holistically both the physical body and the immaterial part of our nature Although such an approach seems desirable it is precisely this aspect that opens the door to spiritual views incompatible with Christianity Many forms of alternative medicine speak of a divine essence we allegedly possess of a vital force that we can

manipulate of spiritual beings that can help us and other such views closely related to Eastern religions and New Age thought In their desire to find healing at any price Christians often resort to these methods without realizing the spiritual danger involved For Christians who want to live consistently with their faith this book is intended to raise awareness of the hidden beliefs of alternative medicine

The Rose and the Lotus Stefano Mercanti,2009-01-01 Raja Rao one of the founding figures of Indian English literature is re examined in this comprehensive study of his fiction which offers a fresh critical investigation into both his short stories and his novels Powerfully contradicting the long held perception of Raja Rao as a mere metaphysical writer and the true bard of quintessential Indianness projected by many critics of the first Commonwealth generation over three decades Stefano Mercanti posits Rao s fiction in terms of its dialogic interaction the partnership between Western and Eastern cultural traditions and demonstrates how it evolves during the course of his oeuvre on both the philosophical and the political level The title The Rose and the Lotus signals the discursive terrain for a multicultural and interwoven evolution among different cultures and points to the need for valuing relations of reciprocity rather than those of domination Far from conveying univocal configurations and nationalistic stereotypes Rao s idea of India is seen as the epicentre of many echoes and dynamic resonances both Western and Eastern through which a distinct blend of Indian and European influences is more clearly unravelled In this new critical re appraisal Mercanti draws on non binary and inter multi disciplinary paradigms thus signalling the complex transformations and multiple negotiations of a polyglot India caught between the cultural twilight of the modern and the traditional The study also offers an invaluable linguistic analysis of Rao s experiment with the English language supplemented by a detailed glossary

New Perspectives in Modern Korean Buddhism Hwansoo Ilmee Kim,Jin Y. Park,2022-12-01 New Perspectives in Modern Korean Buddhism moves beyond nationalistic modernist and ethnocentric historiographies of modern Korean Buddhism by carefully examining individuals lived experiences the institutional dimensions of Korean Buddhism and its place in transnational conversations Drawing upon rich archives as well as historical anthropological and literary approaches the book examines four themes that have gained attention in recent years perennial existential concerns and the persistent relevance of religious practice the role of female Buddhists clerical marriage and scandals and engagement with secular society The book reveals the limits of metanarratives such as those of colonialism nationalism and modernity in understanding the complex and contested identities of both monastics and laity thus demanding that we diversify the methods by which we articulate the history of modern Korean Buddhism
