The Purpose of Life, Why are we Here M.G. Hocking, Professor of Materials Chemistry, University of London, 2016-02-19
There is much evidence that we have lived before and our purpose is to progress to a more advanced state The evidence also indicates that a God must exist to cause such re births on other continents and hundreds of years later The consequences of bad deeds done in previous lives explains present suffering which seems otherwise unjust Future lives lie before us and from available evidence these will be strongly influenced by our actions in our present life Exploring the Sub-conscious using New Technology Michael Gwyn Hocking, 2016-02-28 A rapid drug free method for visual imagery while wide awake for those who can get no imagery with closed eyes requiring easily constructed low cost circuitry The simple device captures the user s attention due to its entertaining display of flashing lights so no advanced ability of mind control techniques is required
