Conceptions Of Fair Pay Theoretical Perspectives And Empirical Research:

Conceptions of Fair Pay Miriam Dornstein, 1991-09-30 Organizational behavior theorists as well as compensation theorists agree that an understanding of the subjective pay fairness perceptions of employees is essential but the fragmentation of recent research on the subject has made the topic difficult to approach In this work Miriam Dornstein attempts to alleviate the problem by providing a systematic and extensive review of writings that are specifically relevant to pay fairness evaluations rather than to subjective justice in general Her integrative approach examines the implications and applications of the entire spectrum of empirical research taking into consideration scholars not only of different disciplines but of varying geographic areas The four part structure of Dornstein s work leads the reader gradually to the subject Part 1 begins the book with a schematic review of the sources of recent interest in pay fairness while Part 2 provides an extensive review of relevant theories their critiques and major controversies An outline of the important questions confronting empirical research and arising from the detailed theories is also provided and leads into Part 3 an up to date survey of the empirical research that relates to these questions The final section summarizes and evaluates the empirical findings in relation to the questions posed in Part 2 and concludes with a look at their implications for wage administration and policy This work will be a useful resource for researchers and students in management human resources and organizational behavior as well as a valuable addition to public and academic libraries

Making a Market Economy Ning Wang, 2013-10-31 This study investigates the rise and growth of a market economy in the Longlake region Hubei province China Well known in China as the land of fish and rice the Longlake region has a long tradition of fresh water fishery Yet it is the last two decades of the twentieth century that have witnessed the dramatic transformation of fishery from subsistence oriented sideline production to a thriving market oriented economy Based on ethnographic fieldwork this study aims to examine the making of this burgeoning market economy focusing on a set of vital economic institutions including property rights and markets as well as the changing organizational forms in fishery Their evolution and the dynamics between them and the social cultural legal and political settings in which both economic institutions and organizations are deeply embedded constitutes the main substantive theme of this study

The Interface of Intellectual Property Law with other Legal Disciplines Christophe Geiger, 2025-05-14 This incisive book explores the interactions between intellectual property IP laws and other legal disciplines examining potential policy implications raised by the growing influence of various legal frameworks on IP principles Illustrating these issues the book analyzes how they have shaped our understanding of IP laws and doctrines Leading specialists debate the intersection of different areas of private public and criminal law with intellectual property rights drawing some forward looking conclusions on the implications at legislative judicial and theoretical level

Social Justice and Political Change David Mason, 2018-04-17 Analysis and debate about economic and political justice rarely involves research on the views of the common person Scholars often make assumptions about what

common people think is fair but for the most part they confine their thinking to a single country and argue on rational or moral grounds with little supporting empirical data Social Justice and Political Change involves the collaboration of thirty social scientists in twelve countries and represents broad ranging comparative research The book grows out of a collaborative study of public opinion about social justice Though conceived prior to the revolutions that swept Central and Eastern Europe in 1989 the ISJP did not put its survey into the field until the summer of 1991 in a new climate of open international exchange in social research Employing common methods of data collection and within the limits of translation identical survey instruments the ISJP investigated public opinion in seven newly emerging post Communist countries and five of the world's most influential capitalist democracies with special sensitivity to divergencies in the newly united Germany Among the themes addressed by the volume are the distinguished contributors are the views and beliefs of citizens in the post Communist states on the transition to market economies and parliamentary democracy the role of ideology in legitimating inequality the structural determination of beliefs about justice the processes that shape individual level evaluations and the major implications of public opinion and mass participation in the democratic process The Metamorphosis of the Kibbutz, 2020-11-04 This volume focuses on today's kibbutz and the metamorphosis which it has undergone Starting with theoretical considerations and clarifications it discusses the far reaching changes recently experienced by this setting It investigates how those changes reshaped it from a setting widely viewed as synonymous to utopia but which has gone in recent years through a genuine transformation This work questions the stability of that renewing kibbutz It consists of a collective effort of a group of specialized researchers who met for a one year seminar prolonged by research and writing work These scholars benefitted from resource field people who shared with them their knowledge in major aspects of the kibbutz transformation This volume throws a new light on developmental communalism and the transformation of gemeinschaft like communities to more gesellschaft like associations Contributors are Havatselet Ariel Eliezer Ben Rafael Miriam Ben Rafael Sigal Ben Rafael Galanti Yechezkel Dar Orit Degani Dinisman Yuval Dror Sylvie Fogiel Bijaoui Alon Gal Rinat Galily Shlomo Gans Sybil Heilbrunn Michal Hisherik Meirav Niv Michal Palgi Alon Pauker Abigail Paz Yeshayahu Yona Prital Moshe Schwartz Orna Shemer Michael Sofer Menahem Topel and Ury Weber **Managing Employee Performance & Reward** John Shields, Michelle Brown, Sarah Kaine, Catherine Dolle-Samuel, Andrea North-Samardzic, Peter McLean, Robyn Johns, Patrick O'Leary, Geoff Plimmer, Jack Robinson, 2015-10 This second edition offers a comprehensive coverage of employee performance and reward presenting the material in a conceptually integrated way Social Justice and Political Change James R Kluegel David S Mason Bernd Wegener, *Compensation, Work Hours and Benefits* Jeffrey M. Hirsch, Samuel Estreicher, 2009-01-01 Each year the New York University Annual Conference on Labor calls on outstanding scholars and practitioners in the field to come together to survey and analyse new developments and trends in U S labor law and practice Reproduced here are papers delivered at the 2004 conference the 57th in this venerable and highly influential series with

other articles either reprinted from earlier publications or written for this volume The theme of the 2004 Conference was Compensation Work Hours and Benefits The broad range of contexts in which compensation work hours and benefits issues and disputes arise is clearly on display in the many relevant aspects with which the authors engage These issues are gathered into nine categories as follows problems in ensuring acceptable compensation and work conditions in a global economy attempts by states and municipalities to implement living wage measures and the potential conflict between such attempts and the doctrine of private labor law preemption the possible demise of traditional pension benefits recent workplace developments arising in response to the Fair Labor Standards Act FLSA the legality of policies surrounding attempts to keep workers pay secret special compensation claims typically found in securities industry arbitration state protections for non salary forms of compensation regulation of multiemployer benefit plans by the Employee Retirement Income Security Act ERISA and compensation work hours and benefits issues with regard to multinational organizations As always this important annual publication offers definitive current scholarship in its theme area of labor and employment law As such it will be of inestimable value to practitioners government officials academics and others interested in developments in U S employment and labor relations law and practice
