Concepts And Methods Of Social Work

Walter A. Friedlander

Concepts And Methods Of Social Work:

Concepts and Methods of Social Work Walter A. Friedlander, 1976 **Concepts and Methods of Social Work** Walter A. Friedländer, 1963 **Comprehensive Handbook of Social Work and Social Welfare, Social Work Practice**, 2008-03-31 Comprehensive Handbook of Social Work and Social Welfare Volume 3 The Profession of Social Work features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social work and social welfare The Routledge International Handbook of Social Work Teaching Jarosław Przeperski, Rajendra Baikady, 2024-04-09 This handbook is a comprehensive text on social work education based on the narratives of social work educators practitioners and researchers from Asia and the Pacific North and South America Australia and Oceania and Europe It discusses innovations challenges pedagogy and tested methods of social work teaching at various levels of educational programmes The volume Examines key concepts that underpin debates concerning social work teaching research and practice Brings out key concerns debates and narratives concerning various teaching learning and pedagogical methods from different countries Documents principal perspectives of different stakeholders involved in social work education from educators and practitioners to novice social workers The Routledge International Handbook of Social Work Teaching will be an effective instrument in informing policy decisions related to social work teaching and pedagogy at the global and local levels It will be essential for educators researchers and practitioners within social work institutions and for professional associations around the world **SOCIAL RESEAERCH Concepts, Methods and Process** Dr. A. A. Gadwal, Understanding Social Work John Pierson, 2011-10-16 This scholarly and engaging volume shows us where social work has come from and so helps us understand and shape its future The author has a gift for making the profession s complex history accessible whilst respecting its intricacy The result is an illuminating tour de force a book that gives perspective and hope Suzy Braye Professor of Social Work University of Sussex UK Pierson s richly documented overview of social work s evolution in Britain promises to support coming generations of social workers in learning from their field s responses to changing issues and ideas on assistance for those in need J Lee Kreader Interim Director National Center for Children in Poverty Columbia University USA This introductory textbook provides a concise account of the development of social work in Britain from its beginnings in the industrial revolution to the present day The book seeks to recover overlooked experiences and important but forgotten debates whilst re-examining the concepts and approaches developed by chief architects of the profession The book has several unique features designed to help students both understand the development of social work and to form their own judgements on the issues it raises Timelines that mark important practice and policy developments Discussion points that pose questions for readers to think through First hand testimony and excerpts from case records showing the viewpoints perspectives and decisions of social workers in earlier decades Documentary material that encourages students to critically reflect on the present in light of the past Understanding Social

Work is written with the student and educator in mind in a style and format that makes the history of social work approachable relevant and profound The view of history embodied here is of a continuously unfolding many sided phenomenon that offers a rich source of ethical insight practical experience and moral guidance **Social Work** Maria Wolmesjö,2023-03-22 This edited volume Social Work Perspectives on Leadership and Organisation presents a variety of perspectives and reflections from social work theories and practice on how to manage lead and organize social work in different parts of the world The authors share their experiences and knowledge from a variety of perspectives focusing on education practice user participation leading social work with responsibility for handling different ethical dilemmas and organizing a sustainable and healthy work life for both staff members and their clients Global collaboration enables reflection on social work leadership and organization from different professional perspectives and organizational levels The book addresses students politicians lecturers and researchers practitioners users relatives and others who are interested in social work and want to improve their understanding of social work leadership and organization from an international perspective

Introduction to Social Welfare Walter A. Friedlander,Robert Z. Apte,1974 **Indian Social Problems (Vol-2)** G.R. Madan,1967-08-17 This volume is a part of the comprehensive study about social problems that India is facing at present The whole study is divided into five volumes This Volume Two deals with various fields of social work in India and is the Fifth revised edition of the earlier volume published in 1967 The fields covered have been discussed under five heads Part One deals with concept and scope of social work as well as history of social work in U K U S A and India Part Two examines the social welfare services being provided for children women youth labour and backward classes urban and rural welfare family welfare and housing Part Three deals with social security measures and services for the handicapped Part Four is concerned with social administration and legislation Part Five deals with international welfare agencies and examines critically the state of welfare services being provided in India Part Six deals with developments which have taken place in this field since 1973 when the second edition was brought out **Social Work Research And Statistics** Suresh Murugan,2013-12-01 ABOUT PROJECT MSW CONVERSION OF SOCIAL WORK STUDY MATERIALS IN PAPER INTO SOFT COPIES ELIMINATING THE DIFFICULTIES IN GETTING STUDY MATERIALS **Human-Centered Design of E-Health Technologies: Concepts, Methods and Applications** Ziefle, Martina,Rückert, Carsten,2010-12-31 This book unites researchers and industry practitioners from different disciplines to share their domain specific knowledge and contribute to a holistic introduction into the area of human centered design for e health applications Provided by publisher **Observation and Its Application to Social Work** Pat Le Riche,Karen Tanner,1998-01-01 Observation helps social workers and students to reflect upon situations before intervening The Tavistock Model of Observation which is informed by psychoanalytic ideas especially those of Klein and Bion is the starting point of this general book on the role of observation in social work Karen Tanner and Pat Le Riche have brought together a range of contributions from practitioners and social work academics in order to discuss the

application of ideas about observation to social work education and practice While the Tavistock Model remains influential the writers draw on material from a number of other disciplines such as behavioural ethnography psychology and critical social policy on observation and social work The central theme of the book is that of power relations The authors focus on power in relation to the process of observation and how observation can be used to counteract oppressive and dehumanising practices Clearly and perceptively written the book develops the debate on the purposes of observation and provides an overview of current practice It will be of use to students and professionals alike

Social Work Theory and Practice

Lesley Deacon, Stephen J. Macdonald, 2017-01-13 Understanding how theory informs social work practice is an area that students can often find challenging This book will help students understand how theory impacts and informs social work practice across a range of contexts and with different service user groups It starts off by briefly setting the context introducing students to the importance of social work theory and its development over the years before moving on to look at different types of theory across 17 tightly structured chapters These cover a range of psychological theories sociological theories ethics and moral philosophies political theories and ideologies and organisational theories

Encyclopedia of

Social Work, 1965 **Research Methods for Social Work** Anjawn Ruffin, 2018-12-07 Research methods for social work have undergone several changes in the recent past particularly in the areas of research designs techniques of data collection analysis of data and computer application in social work research This volume cover four broad areas of research This accessible book is based on the author extensive practical experience of carrying out and teaching research in the social work field Social work research is shown to be both a distinctive academic enterprise and a task that can be accomplished effectively in line with the values and ethical principles that lie at the disciplines core One of the most significant features of this book is the infusion of content on evidence based practice in various chapters This book is a valuable resource for social work students and practitioners carrying out research projects as well as practicing researchers and research educators in the discipline

Fundamentals of Social Work

Sushma Batra, Bishnu Mohan Dash, 2021-01-01 The book endeavours to fulfil the requirements of students at the Bachelors and Masters level in social work It introduces readers to the social work profession basic concepts in social work social work education and its relation with other disciplines theories in social work methods recognized in social work roles and functions of a professional social worker and genesis of social work education as a discipline in India and other parts of the world It is a text book designed keeping in mind the requirements of the students in Indian Universities and colleges It is hoped that the book shall serve as a guide to young budding social work practitioners and students of social work and social work educators The text book provides an overview of various aspects of social work profession

Spiritual Diversity in Social Work Practice Edward R. Canda, Leola Dyrud Furman, Hwi-Ja Canda, 2019-11-05

The first edition of this book 1999 Free Press provided the first comprehensive framework of knowledge values and skills for addressing spiritual diversity in social work at a time when this topic was little known or accepted The second edition 2010

Oxford University Press was revised and expanded to reflect the significant growth of interest in spirituality within social work and other helping professions in the USA and around the world This third edition builds on that foundation and much expanded multidisciplinary and international work on the topic during the past eight years including our own In particular this edition includes case examples and insights from a new third author Hwi Ja Canda based on her 30 years of experience as a social work practitioner in order to make the professional applications of our framework even more vivid and practical The main new features of the third edition are Reorganization of content to enhance flow of ideas and guidelines for practice including expansion of content on assessment and practice with two added chapters in Part III Twice as many case examples and vignettes from personal and professional experiences organized into 40 Scenarios throughout the book Significantly expanded transdisciplinary literature review throughout the book Increased integration of the strengths perspective throughout Increase of international perspective including analysis of worldwide professional codes of ethics More exercises to engage the reader in personal and professional growth Significant refinements of sections on human diversity religious perspectives and addition of 12 Steps perspective in Part II

The Oxford Handbook of Power, Politics, and Social Work Rajendra Baikady, Jaroslaw Przeperski, Sajid S.M., M. Rezaul Islam, 2024 This Handbook examines the impetus for the development growth and relevance of social work as a profession in different political social and cultural contexts Contributions align with overarching contemporary themes such as changing governance structures around the world digitalization and globalization and decolonization The book is also in line with the advancement of global agendas for social work and social development led by the IASSW ICSW IFSW This contemporary text engages comprehensively with diverse political systems across the world and explores the interactions with and implications for social work policy practice and education in these countries and globally

Research on Community-Centered Poverty-Alleviation Social Work Jun Wen, Yuefei Wu, 2023-09-01 This book starts with detailed community based poverty alleviation cases and focuses on several important aspects in this field to demonstrate the intervention methods theoretical paradigms and intervention models of poverty alleviation social work Based on the introduction to the characteristics theoretical foundation and practical model of community based poverty alleviation social work this book elaborates the specific operation processes from the perspectives of community intervention community empowerment and community construction Its chapters are arranged in a progressive order yet can also be understood separately Moreover not only are the characteristics of community based anti poverty social work highlighted in the book but the essentials of all kinds of related social work in the fight against poverty are reflected As the first professional book in China that systematically describes the theory and practice of community based anti poverty social work it is especially suitable for social workers poverty alleviation workers community workers and readers interested in related topics

Evaluation Practice Elizabeth DePoy, Stephen Gilson, 2012-10-12 Evaluation Practice bridges the apparent gap between practice and research to present a logical systematic model to guide all professional thinking and

action within the context of everyday professional life Their framework embraces diverse theories action and sets of evidence from a range of professional and disciplinary perspectives
