Concert And Contest Collection Instrumental Methods Oboe Piano:

Contest and Concert Pieces for Oboe and Piano James R. Briscoe, 2015-03-20 The Paris Conservatoire's rigorous curriculum for training both singers and instrumentalists led to a wealth of musical treasures in the form of pieces composed specifically for the end of year examinations which culminated in a public prize competition the Concours du Conservatoire. The solos composed for these examinations both the sight reading works and the longer contest pieces morceaux de concours constitute the first extended series of compositions for woodwinds brass and harp in music history being composed nearly annually for each instrument beginning in the 1830s. The wealth of musical treasures resulting from this systematic accumulation of works represents the historical core of these instrumental repertoires today. The present volume contains a selection of morceaux de concours and other pieces written in a similar style representing some of the most influential flutists and composers associated with the Conservatoire. *The School Musician*, 1963 **The Supervisors Service Bulletin**

The Purchaser's Guide to the Music Industries, 1949 *British Women Composers and Instrumental Chamber Music in the Early Twentieth Century* Laura Seddon, 2016-04-15 This is the first full length study of British women's instrumental chamber music in the early twentieth century. Laura Seddon argues that the Cobbett competitions instigated by Walter Willson Cobbett in 1905 and the formation of the Society of Women Musicians in 1911 contributed to the explosion of instrumental music written by women in this period and highlighted women's place in British musical society in the years leading up to and during the First World War. Seddon investigates the relationship between Cobbett the Society of Women Musicians and women composers themselves. The book's six case studies of Adela Maddison 1866-1929 Ethel Smyth 1858-1944 Morfydd Owen 1891-1918 Ethel Barns 1880-1948 Alice Verne Bredt 1868-1958 and Susan Spain Dunk 1880-1962 offer valuable insight into the women's musical education and compositional careers. Seddon's discussion of their chamber works for differing instrumental combinations includes an exploration of formal procedures an issue much discussed by contemporary sources. The individual composers' reactions to the debate instigated by the Society of Women Musicians on the future of women's music is considered in relation to their lives careers and the chamber music itself. As the composers in this study were not a cohesive group creatively or ideologically the book draws on primary sources as well as the writings of contemporary commentators to assess the legacy of the chamber works produced. *The Clarinet*, 2006 **Musical Times and Singing Class Circular**, 1898 **International Who's who in Music and Musicians' Directory** David M.
