Ladakhi Histories John Bray,2005-06-01 Ladakh s geographic location between the Himalaya and Karakoram mountains has exposed it to competing political and cultural influences from India Central Asia and Tibet This book points to Ladakh s distinct local identity but argues that its historical development can best be understood in a wider regional perspective It contains twenty five research papers from the International Association of Ladakh Studies IALS and draws on contributions from historians art historians linguists and anthropologists Their sources include Ladakhi historical documents comparative linguistic research visual evidence from temple architecture and inscriptions Mughal biographies European travel accounts government records trade receipts and local oral tradition Taken together the volume provides a much richer view of Ladakhi history than was previously available and makes a significant contribution to the study of the wider Himalayan region

Encyclopedia of Cremation Lewis H. Mates,2016-04-29 The Encyclopedia of Cremation is the first major reference resource focused on cremation Spanning many world cultures it documents regional histories ideological movements and leading individuals that fostered cremation whilst also presenting cremation as a universal practice Tracing ancient and classical cremation sites historical and contemporary cremation processes and procedures of both scientific and legal kind the encyclopedia also includes sections on specific cremation rituals architecture art and text Features in the volume include a general introduction and editorial introductions to sub sections by Douglas Davies an international specialist in death studies appendices of world cremation statistics and a chronology of cremation cross referencing pathways through the entries via the index individual entry bibliographies and illustrations This major international reference work is also an essential source book for students on the growing number of death studies courses and wider studies in religion anthropology or sociology *The Quaker Renaissance and Liberal Quakerism in Britain, 1895-1930* Joanna Dales,2020-07-20 Many Quakers who reached maturity towards the end of the nineteenth century found that their parents

religion had lost its connection with reality New discoveries in science and biblical research called for new approaches to Christian faith Evangelical beliefs dominant among nineteenth century Quakers were now found wanting especially those emphasising the supreme authority of the Bible and doctrines of atonement whereby the wrath of God is appeased through the blood of Christ Liberal Quakers sought a renewed sense of reality in their faith through recovering the vision of the first Quakers with their sense of the Light of God within each person They also borrowed from mainstream liberal theology new attitudes to God nature and service to society The ensuing Quaker Renaissance found its voice at the Manchester Conference of 1895 and the educational initiatives which followed gave to British Quakerism an active faith fit for the testing reality of the twentieth century The Role of International Exhibitions in Britain, 1850-1910 Anthony David Edwards,2008 This book investigates these assumptions by systematically exploring the relationship between participation in international exhibitions the state of the economy and the issue of technical education from a British perspective between 1850 and 1910

The Medical Response to the Trench Diseases in World War One Robert

Atenstaedt, 2011-05-25 This book focuses on the trench diseases trench fever trench nephritis and trench foot and examines how doctors responded to them in the context of the Great War It details the problems that they faced in tackling these conditions new to military warfare After an introduction to the subject the second chapter sketches the socio economic and scientific context within which the response was mounted The development of bacteriology sanitation and medical research in the British Army is examined as is the structure and role of the wartime RAMC the main body involved in the response to the trench diseases Divisions between medical practitioners concerning the aetiology of epidemic disease are also described The third and fourth chapters present a detailed inquiry into how the diseases were defined and how these definitions were used to counteract them The effectiveness of the medical response is evaluated in the conclusion which also examines the impact that the response to the trench diseases had on military medical progress and medical specialisation An analysis of the medical response to the trench diseases reveals a conflict between clinicians holding views on disease causation along a spectrum contagionists contingent contagionists and configurationists Faced with their inability to treat the trench diseases effectively the book argues that the extremely diverse initial interpretation of the trench diseases was replaced by a majority view that all three were a product of the trenches This enabled an effective response to be mounted using public health methods reinforced by discipline close surveillance administrative organisation and cooperation between military and medical branches as well as within the Army Medical Service
