Indigenous Women's Theatre in Canada Sarah MacKenzie,2020-11-15T00:00:00Z Despite a recent increase in the productivity and popularity of Indigenous playwrights in Canada most critical and academic attention has been devoted to the work of male dramatists leaving female writers on the margins In Indigenous Women s Theatre in Canada Sarah MacKenzie addresses this critical gap by focusing on plays by Indigenous women written and produced in the socio cultural milieu of twentieth and twenty first century Canada Closely analyzing dramatic texts by Monique Mojica Marie Clements and Yvette Nolan MacKenzie explores representations of gendered colonialist violence in order to determine the varying ways in which these representations are employed subversively and informatively by Indigenous women These plays provide an avenue for individual and potential cultural healing by deconstructing some of the harmful ideological work performed by colonial misrepresentations of Indigeneity and demonstrate the strength and persistence of Indigenous women offering a space in which decolonial futurisms can be envisioned In this unique work MacKenzie suggests that colonialist misrepresentations of Indigenous women have served to perpetuate demeaning stereotypes justifying devaluation of and violence against Indigenous women Most significantly however she argues that resistant representations in Indigenous women s dramatic writing and production work in direct opposition to such representational and manifest violence

Native Peoples of the World Steven L. Danver,2015-03-10 This work examines the world s indigenous peoples their cultures the countries in which they reside and the issues that impact these groups Reconciliation and Indigenous Justice David Milward,2022-04-01T00:00:00Z The horrors of the Indian residential schools are by now well known historical facts and they have certainly found purchase in the Canadian consciousness in recent years The history of violence and the struggles of survivors for redress resulted in the Truth and Reconciliation Commission which chronicled the harms inflicted by the residential schools and explored ways to address the resulting social fallouts One of those fallouts is the crisis of Indigenous over incarceration While the residential school system may not be the only harmful process of colonization that fuels Indigenous over incarceration it is arguably the most critical factor It is likely that the residential school system forms an important part of the background of almost every Indigenous person who ends up incarcerated even those who did not attend the schools The legacy of harm caused by the schools is a vivid and crucial link between Canadian colonialism and Indigenous over incarceration Reconciliation and Indigenous Justice provides an account of the ongoing ties between the enduring trauma caused by the residential schools and Indigenous over incarceration Potter and Perry's Canadian Fundamentals of Nursing - E-Book Barbara J. PALMER, 2024-09-17 In the past decade Canadian history has become a hotly contested subject Iconic figures notably Sir John A Macdonald are no longer unquestioned nation builders The narrative of two founding peoples has been set aside in favour of recognition of Indigenous nations whose lands were taken up by the incoming settlers An authoritative and widely respected Truth and Reconciliation Commission together with an honoured Chief Justice of the Supreme Court have both described long standing government policies and practices as cultural genocide Historians have researched and published a wide range of new research documenting the many complex threads comprising the Canadian experience As a leading historian of labour and social movements Bryan Palmer has been a major contributor to this literature In this first volume of a major new survey history of Canada he offers a narrative which is based on the recent and often specialized research and writing of his historian colleagues One major theme in this book is the colonial practices of the authorities as they pushed aside the original peoples of this country While the methods varied the result was opening up Canada's rich resources for exploitation by the incoming European settlers The second major theme is the role of capitalism in determining how those resources were exploited and who would reap the enormous power and wealth that accrued The first volume of this challenging and illuminating new survey history covers the period that concludes in the 1890s after the creation out of
