The Book of the Dead comprises a compilation of mortuary scriptures employed by ancient Egyptians to navigate the realm of the dead and transition into the realm of the afterlife The texts inscribed on papyrus scrolls tomb walls and other funerary objects have significantly changed over thousands of years Unearthing these texts in burial chambers and other archaeological locations yielded vital revelations regarding ancient Egypt s ideologies and rituals about mortality and the hereafter Budge initiated his research on the Book of the Dead by meticulously studying many manuscripts in museums and private collections worldwide He carefully gathered and analyzed these texts identifying different versions and variations that emerged over time Budge s work was notable for his acknowledgment of the various recensions of the text which indicated the changing religious beliefs and practices during different periods in Egyptian history

separately **Linguistic Ties Between Ancient Egyptian and Bantu** Fergus Sharman, 2013-12 This book provides a unique perspective on the linguistic relationships between the Ancient Egyptian and Bantu languages of East Central Southern Africa. It will be of interest to readers of Egyptology, linguists, students, and the wider public who wish to find out more about the structure of the Ancient Egyptian language and how it connects with other languages, particularly with Bantu languages.
