## **Concise Oxford History Of Music:**

*The Concise Oxford History of Music* Gerald Abraham,1990      *Paris, a Concise Musical History* Guy Hartopp,2019-02-15  
Paris the City of Light is one of the most romantic cities in the world The millions of visitors which flock to the French capital every year follow in the footsteps of countless artists writers and composers who for centuries have been drawn to this magnificent city Some composers Chopin and Rossini among them found success and contentment and remained in Paris for the rest of their lives But for others Paris brought nothing but disappointment and disillusionment Mozart who came to Paris as a 22 year old seeking a permanent position was so bitter about the cavalier manner in which he was treated that he professed an aversion to all things French until the end of his days Wagner was so upset by his treatment here that he once described Paris as a pit into which the spirit of the nation has subsided And yet he was drawn back to the city time and again This book charts the musical history of Paris It discusses the composer and musicians both French and foreign who were drawn here and the impact they made on the world of music on this great city and vice versa It includes a wealth of biographical details including where the artists lived and where relevant where they died and are buried It also draws from and points to suitable scholarly literature making it an accessible introduction to students of the musical history of Paris The book also describes another feature which if it did not enrich most certainly enlivened Parisian musical life The full scale musical riot The most notorious of these took place at the Theatre des Champs Elyses in 1913 at the premiere of Stravinsky's ballet *Le sacre du printemps* Less physical but no less vociferous was the reception accorded to Wagner's *Tannhauser* at the Opera in 1860 Other composers who incurred the displeasure of Parisian audiences included Satie Varese and Xenakis These riots were not half hearted affairs police involvement was required and hospital casualty departments were kept busy There are also chapters which discuss the musical history of the many theatres of Paris and the churches which played such an important part in the city's musical past The text is clear and accessible in order to appeal to both students and the general reader

**The Concise Oxford Dictionary of Music** Michael Kennedy,Joyce Bourne,2004-04-22 The Concise Oxford Dictionary of Music is the most authoritative and up to date dictionary of music available in paperback Coverage includes musical terms from allegro to zingaro and musical works from *Aida* to *Zauberflöte* as well as composers librettists musicians singers and orchestras It provides a mine of information for all lovers of music The book includes musical instruments and their history and covers living composers and performers with over 150 added for this edition BOOK JACKET

**Sourcebook for Research in Music** Phillip Crabtree,Donald H. Foster,1993 This bibliography of bibliographies lists and describes sources from basic references to highly specialized materials Valuable as a classroom text and as a research tool for scholars librarians performers and teachers      *2000 Lectures and Memoirs* British Academy,2001 Volume 111 of the Proceedings of the British Academy contains 12 British Academy lectures and 17 obituaries of Fellows of the British Academy

A Musicology for Landscape David Nicholas Buck,2017-05-12 1 In an open field 2 A parallel history of time in music and

landscape 3 Horizons 4 Clouds 5 Meadows 6 Busoni's garden      *Hugo Riemann and the Birth of Modern Musical Thought* Alexander Rehding, 2003-05-01 Generally acknowledged as the most important German musicologist of his age Hugo Riemann 1849-1919 shaped the ideas of generations of music scholars not least because his work coincided with the institutionalisation of academic musicology around the turn of the last century This influence however belies the contentious idea at the heart of his musical thought an idea he defended for most of his career harmonic dualism By situating Riemann's musical thought within turn of the century discourses about the natural sciences German nationhood and modern technology this book reconstructs the cultural context in which Riemann's ideas not only made sense but advanced an understanding of the tonal tradition as both natural and German Riemann's musical thought from his considerations of acoustical properties to his aesthetic and music historical views thus regains the coherence and cultural urgency that it once possessed      **The Oxford History of Britain** Kenneth O. Morgan, 2021 The Oxford History of Britain tells the story of Britain and her peoples over two thousand years from the coming of the Roman legions to the present day This updated edition continues the story further into the 21st century through to Brexit in 2020 Book jacket      **Music: 450 A.D. to 1995 A.D., Grades 5 - 8** Ammons, 2010-08-06 Bring history to life for students in grades 5 and up using Music 450 A.D. to 1995 A.D. This 80 page book allows students to explore the worldwide development of music from the Middle Ages to modern day The book covers topics such as troubadours the Renaissance the Baroque period Bach Handel Mozart Beethoven 20th century jazz and rock and roll The book presents and reinforces information through fun reading passages and a variety of reproducible activities It also includes a time line biographical sketches and a complete answer key      *Poetry and Music in Seventeenth-Century England* Diane Kelsey McColley, 1997-12-11 This study explores the relationship between the poetic language of Donne Herbert Milton and other British poets and the choral music and part songs of composers including Tallis Byrd Gibbons Weelkes and Tomkins The seventeenth century was the time in English literary history when music was most consciously linked to words and when the mingling of Renaissance and new philosophy opened new discovery routes for the interpretation of art McColley offers close readings of poems and the musical settings of analogous texts and discusses the philosophy performance and disputed political and ecclesiastical implications of polyphony She also enters into the discourse about the nature of language relating poets use of language and composers use of music to larger questions concerning the arts politics and theology      **The Concise Oxford Dictionary of Music** Michael Kennedy, 1980 The Concise Oxford Dictionary of Music is the most authoritative and up to date dictionary of music available in paperback Coverage includes musical terms from allegro to zingaro and musical works from Aida to Zauberflöte as well as composers librettists musicians singers and orchestras It provides a mine of information for all lovers of music The book includes musical instruments and their history and covers living composers and performers with over 150 added for this edition BOOK JACKET      *Essays on the History of English Music in Honour of John Caldwell* Emma Hornby, David Nicholas Maw, 2010 The major themes of the essays in this

collection reflect the work of the distinguished scholar John Caldwell professor of music at Oxford University and a composer in his own right There is a strong focus on early music with contributions considering the medieval carol sources for seventeenth and eighteenth century harpsichord music and the transmission of fifteenth century English music to the Continent but they range right up to the twentieth century with an examination of music in Oxford All are concerned in one way or another with themes which recur in Professor Caldwell s scholarship sources style performance and historiography

Pub desc     **A Reference Guide for English Studies** Michael J. Marcuse,2023-11-15     *Charles Ives and His World* J. Burkholder,2021-01-12 This volume shows Charles Ives in the context of his world in a number of revealing ways Five new essays examine Ives s relationships to European music and to American music politics business and landscape J Peter Burkholder shows Ives as a composer well versed in four distinctive musical traditions who blended them in his mature music Leon Botstein explores the paradox of how in the works of Ives and Mahler musical modernism emerges from profoundly antimodern sensibilities David Michael Hertz reveals unsuspected parallels between one of Ives s most famous pieces the Concord Piano Sonata and the piano sonatas of Liszt and Scriabin Michael Broyles sheds new light on Ives s political orientation and on his career in the insurance business and Mark Tucker shows the importance for Ives of his vacations in the Adirondacks and the representation of that landscape in his music The remainder of the book presents documents that illuminate Ives s personal life A selection of some sixty letters to and from Ives and his family edited and annotated by Tom C Owens is the first substantial collection of Ives correspondence to be published Two sections of reviews and longer profiles published during his lifetime highlight the important stages in the reception of Ives s music from his early works through the premieres of his most important compositions to his elevation as an almost mythic figure with a reputation among some critics as America s greatest composer     Visconti and the German Dream David Huckvale,2014-01-10 Luchino Visconti s trilogy of films Ludwig Death in Venice and The Damned explore the complex relationship between the themes and ideals of German Romanticism and their impact on the catastrophe of the Third Reich The personality and works of Richard Wagner to a large extent epitomize German Romanticism as a whole while the writings of Thomas Mann and Friedrich Nietzsche provide the greatest critique of this dark and troubled but sublime and emotionally overwhelming culture Along with contrasting approaches to this subject by other filmmakers such as Hans Jurgen Syberberg Ken Russell and Tony Palmer this book explores how the preoccupations of the German Romantic movement led to Nazism and contrasts the ways in which filmmakers have presented this continuum The book also discusses the impact of Wagner s musical dramas on the art form of the cinema itself     **Universal Grammar and Narrative Form** David Herman,1995 In a major rethinking of the functions methods and aims of narrative poetics David Herman exposes important links between modernist and postmodernist literary experimentation and contemporary language theory Ultimately a search for new tools for narrative theory his work clarifies complex connections between science and art theory and culture and philosophical analysis and narrative discourse

Following an extensive historical overview of theories about universal grammar Herman examines Joyce's *Ulysses* Kafka's *The Trial* and Woolf's *Between the Acts* as case studies of modernist literary narratives that encode grammatical principles which were re-fashioned in logic linguistics and philosophy during the same period Herman then uses the interpretation of universal grammar developed via these modernist texts to explore later twentieth century cultural phenomena The problem of citation in the discourses of postmodernism for example is discussed with reference to syntactic theory An analysis of Peter Greenaway's *The Cook The Thief His Wife and Her Lover* raises the question of cinematic meaning and draws on semantic theory In each case Herman shows how postmodern narratives encode ideas at work in current theories about the nature and function of language Outlining new directions for the study of language in literature *Universal Grammar and Narrative Form* provides a wealth of information about key literary linguistic and philosophical trends in the twentieth century

*Ravel the Decadent* Michael J. Puri, 2012-01-23 The music of Maurice Ravel 1875-1937 beloved by musicians and audiences since its debut has been a difficult topic for scholars The traditional stylistic categories of impressionism symbolism and neoclassicism while relevant have offered too little purchase on this fascinating but enigmatic work In *Ravel the Decadent* author Michael Puri provides an innovative and productive solution by locating the aesthetic origins of this music in the French Decadence and demonstrating the extension of this influence across the length of his oeuvre From an array of Decadent topics Puri selects three memory sublimation and desire and uses them to delineate the content of this music pinpoint its overlap with contemporary cultural discourse and link it to its biographical context as well as to create new methods altogether for the analysis and interpretation of music *Ravel the Decadent* opens by defining the main concepts giving particular attention to memory and decadence It then stakes out contrasting modes of memory in this music a nostalgic mode that views the past as forever lost and a more optimistic one that imagines its resurrection and reanimation Acknowledging Ravel's lifelong identity as a dandy a figure that embodies the Decadence and its aspiration toward the sublime Puri identifies possible moments of musical self-portraiture before stepping back to theorize dandyism in European musical modernism at large He then addresses the dialectic between desire and its sublimation in the pairing of two genres the bacchanal and the idyl and leverages the central trio of concepts to offer provocative readings of Ravel's two waltz sets the *Valses nobles et sentimentales* and *La valse* Puri concludes by invoking the same terms to identify a topic of faun music that promises to create new common ground between Ravel and Debussy Rife with close readings that will satisfy the musicologist *Ravel the Decadent* also suits a more general reader through its broadly humanistic key concepts immersion in contemporary art and literature and clarity of language

*Figures of Play* Gregory W. Dobrov, 2001 The book should be of particular interest to those working in Greek tragedy and comedy and classical literary theory Jacket

**The Ottoman Tanbûr** Hans de Zeeuw, 2022-06-09 Tanbûrs are long-necked lute-like instruments played in the art, Sema and folk musical traditions along the Silk Road and beyond This book provides a detailed study of the history of the tanbûr its role in Ottoman

music construction and playing technique      **Bowker's Best Reference Books: Author index. Title index** ,2005 Contains approximately 20 000 mostly English language sources for academic libraries of all sizes

While this might not be the Concise Oxford History Of Music full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Concise Oxford History Of Music eBooks, including some popular titles.

## **FAQs About Concise Oxford History Of Music Books**

**What is a Concise Oxford History Of Music PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Concise Oxford History Of Music PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Concise Oxford History Of Music PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Concise Oxford History Of Music PDF to another file format?**

There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Concise Oxford History Of Music PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
