Confessions Of A Blue Movie Star:

The Bloodiest Thing That Ever Happened In Front Of A Camera Stephen Milligen, 2017-04-06 How porno chic became porno hell In the early 1970s outrageous claims were made of a new blood spattered cinematic extreme This was the legend of the snuff movie which promoted the inhuman notion that a woman had been murdered to satisfy the sexual appetite of a jaded public The story was produced by a kind of madness incarnate but it reflected the desperation of America in cultural turmoil Snuff was a backlash against the naive liberalism of the counterculture embraced by people who preferred to believe the worst about their society Once unleashed the concept was embraced and manipulated by the tabloid media and a variety of political and social crusaders each using it to further their own cause Brutal evil ghastly beyond belief snuff became an iconic urban legend This book is the true startling and hideously exploitative history of that legend and how it was created **SNUFF THE BLOODIEST THING THAT EVER HAPPENED IN FRONT OF A CAMERA Roman Polanski** James Morrison, 2022-08-15 A new take on an eclectic and controversial director James Morrison's critical study offers a comprehensive and critically engaged treatment on Roman Polanski's immense body of work Tracing the filmmaker's remarkably diverse career from its beginnings to 2007 the book provides commentary on all of Polanski's major films in their historical cultural social and artistic contexts Morrison locates Polanski's work within the genres of comedy and melodrama arguing that he is not merely obsessed with the theme of repression but that his true interest is in the concrete what is out in the open and why we so rarely see it The range of Polanski's filmmaking challenges traditional divisions between high and low culture For example *The Ninth Gate* is a brash pastiche of the horror genre while *The Pianist* is an Academy Award winner about the Holocaust Dubbing Polanski a relentless critic of modernity Morrison concludes that his career is representative of the fissures victories and rehabilitations of the last fifty years of international cinema A volume in the series *Contemporary Film Directors* edited by James Naremore [killing for culture](#) David Kerekes, David Slater, 2016-06-03 Unlike images of sex which were clandestine and screened only in private images of death were made public from the onset of cinema The father of the modern age Thomas Edison fed the appetite for this material with staged executions on film Little over a century later the executions are real and the world is aghast at brutalities freely available online at the click of a button Some of these films are created by lone individuals using shaky camera phones Luka Magnotta for instance and the teenagers known as the Dnipropetrovsk maniacs Others are shot on high definition equipment and professionally edited by organized groups such as the militant extremists ISIS **KILLING FOR CULTURE** explores these images of death and violence and the human obsession with looking and not looking at them Beginning with the mythology of the so called snuff film and its evolution through popular culture this book traces death and the artifice of death in the mondo documentaries that emerged in the 1960s and later the faux snuff pornography that found an audience through Necrobabes and similar websites However it is when videos depicting the murders of Daniel Pearl and Nick Berg surfaced in the 2000s that an era of genuine
