Irons, 2009-11-30 In the colonial and antebellum South black and white evangelicals frequently prayed sang and worshipped together Even though white evangelicals claimed spiritual fellowship with those of African descent they nonetheless emerged as the most effective defenders of race based slavery As Charles Irons persuasively argues white evangelicals ideas about slavery grew directly out of their interactions with black evangelicals Set in Virginia the largest slaveholding state and the hearth of the southern evangelical movement this book draws from church records denominational newspapers slave narratives and private letters and diaries to illuminate the dynamic relationship between whites and blacks within the evangelical fold Irons reveals that when whites theorized about their moral responsibilities toward slaves they thought first of their relationships with bondmen in their own churches Thus African American evangelicals inadvertently shaped the nature of the proslavery argument When they chose which churches to join used the procedures set up for church discipline rejected colonization or built quasi independent congregations for example black churchgoers spurred their white coreligionists to further develop the religious defense of slavery *Religion and the American Civil War* Randall M. Miller, Harry S. Stout, Charles Reagan Wilson, 1998-11-05 The sixteen essays in this volume all previously unpublished address the little considered question of the role played by religion in the American Civil War The authors show that religion understood in its broadest context as a culture and community of faith was found wherever the war was found Comprising essays by such scholars as Elizabeth Fox Genovese Drew Gilpin Faust Mark Noll Reid Mitchell Harry Stout and Bertram Wyatt Brown and featuring an afterword by James McPherson this collection marks the first step towards uncovering this crucial yet neglected aspect of American history **Cut and Assemble a Southern Plantation** Edmund V. Encyclopedia of Religion in the South Samuel S. Hill,Charles H. Lippy,Charles Reagan Wilson,2005 The publication of the Encyclopedia of Religion in the South in 1984 signaled the rise in the scholarly interest in the study of Religion in the South Religion has always been part of the cultural heritage of that region but scholarly investigation had been sporadic Since the original publication of the ERS however the South has changed significantly in that Christianity is no longer the primary religion observed Other religions like Judaism Buddhism and Hinduism have begun to have very important voices in Southern life This one volume reference the only one of its kind takes this expansion into consideration by updating older relevant articles and by adding new ones After more than 20 years the only reference book in the field of the Religion in the South has been totally revised and updated Each article has been updated and bibliography has been expanded The ERS has also been expanded to include more than sixty new articles on Religion in the South New articles have been added on such topics as Elvis Presley Appalachian Music Buddhism Bill Clinton Jerry Falwell Fannie Lou Hamer Zora Neale Hurston Stonewall Jackson Popular Religion Pat Robertson the PTL Sports and Religion in the South theme parks and much more This is an indispensable resource for anyone interested in the South religion or cultural history Winston County, Alabama

Confederate Soldiers Robin Sterling,2013-07-10 Much has been written about men who joined the Federal Army from the so called Hill Country in Alabama which included Winston County Little has been written about the men who enlisted from Winston in the Confederacy Surprisingly the number of Winston County Confederates almost matched the number of those who supported the Union Many important Confederate officers hailed from Winston County The book begins with an essay describing the Forgotten Winston County Confederates Following is an alphabatized list of all Confederate soldiers

associated with Winston County including those that moved in after the war Information includes service records pension applications birth marriage and death information The book is filled with rare photos and obituaries Additional information includes articles on Captain White s Mail Guard and the Winston County Rough and Ready Volunteers Full name index This book is important to students of Winston County History *Simple Story Of A Soldier* Samuel W. Hankins,2004-09-08 This fast paced memoir was written in 1905 by 61 year old Samuel W Hankins while he was living in the Soldiers Home in Gulfport Mississippi It vividly details his years as a Confederate rifleman from the spring of 1861 when at a mere sixteen years of age he volunteered for the 2d Mississippi Infantry through the end of the war in 1865 when he was just twenty years old and maimed for life The 2d Mississippi was part of the Army of Northern Virginia and as such saw action at Bull Run Manassas Seven Pines and the Peninsular Campaign and Gettysburg Besides being hospitalized with measles **In God's Presence** Benjamin L. Miller,2019-02-20 When thousands of young men in the North and South marched off to fight in the Civil War another army of men accompanied them to care for these soldiers spiritual needs In God s Presence explores how these two cohorts of men Northern and Southern and mostly Christian navigated the challenges of the Civil War on battlefields and in military camps hospitals and prisons In wartime military clergy chaplains and missionaries initially attempted to replicate the idyllic world of the antebellum church Instead they found themselves constructing a new religious world one in which static spaces customarily invested with religious meaning such as houses and churches gave way to dynamic sacred spaces defined by clergy to suit changing wartime circumstances At the same time the religious beliefs that soldiers brought from home differed from the religious practices that allowed them to endure during wartime With reference to Civil War soldiers diaries letters and memoirs this book asks how clergy shaped these practices how they might have differed from camp to battlefield hospital or prison and how this experience affected postbellum religious belief and practice Religion and war have always been at the center of the human condition with warfare often leading to heightened religiosity The Civil War cannot be fully explained without understanding religion s role in the conflict In God s Presence advances this understanding by offering critical insight into the course and consequences of America s epochal fratricidal war **Buying and Selling Civil War Memory in Gilded Age America** James Marten,Caroline E. Janney,2021-07-15 Buying and Selling Civil War Memory explores the ways in which Gilded Age manufacturers advertisers publishers and others commercialized Civil War memory Advertisers used images of the war to sell everything from cigarettes to sewing machines an entire industry grew up around uniforms made for veterans rather than soldiers publishing houses built subscription bases by tapping into wartime loyalties while old and young alike found endless sources of entertainment that harkened back to the war Moving beyond the discussions of how Civil War memory shaped politics and race relations the essays assembled by James Marten and Caroline E Janney provide a new framework for examining the intersections of material culture consumerism and contested memory in the everyday lives of late nineteenth century Americans Each essay offers a case

study of a product experience or idea related to how the Civil War was remembered and memorialized Taken together these essays trace the ways the buying and selling of the Civil War shaped Americans thinking about the conflict making an important contribution to scholarship on Civil War memory and extending our understanding of subjects as varied as print visual and popular culture finance and the histories of education of the book and of capitalism in this period This highly teachable volume presents an exciting intellectual fusion by bringing the subfield of memory studies into conversation with the literature on material culture The volume s contributors include Amanda Brickell Bellows Crompton B Burton Kevin R Caprice Shae Smith Cox Barbara A Gannon Edward John Harcourt Anna Gibson Holloway Jonathan S Jones Margaret Fairgrieve Milanick John Neff Paul Ringel Natalie Sweet David K Thomson and Jonathan W White **Library of Congress Subject Headings** Library of Congress,Library of Congress. Office for Subject Cataloging Policy,2003 **The Civil War Soldier** Michael Barton,Larry M. Logue,2002-09 This excellent collection of selections from leading scholars on who the soldiers were how they lived and why they fought is a fine introduction to years of research that seeks to answer that question [Bibliotheca Americana Catalogue of a valuable collection of books and pamphlets relating to America](#) Clarke Robert and co,1878 **Bibliotheca Americana, 1878** Clarke, firm, booksellers, Cincinnati,1878 **Bibliotheca americana, 1878** Robert Clarke & Co,1878
