

Confederate Portraits

Clement Eaton

Confederate Portraits:

Confederate Portraits Gamaliel Bradford, 1914

Portraits of Conflict Bobby Leon Roberts, Carl H.

Moneyhon, 1993-01-01 This largest volume yet in the University of Arkansas Press's award winning series on the Civil War deepens our understanding of the nation's costliest human conflict. It tells the stories of the ordinary soldiers, their heroism and fear, the boredom and the misery in the midst of war. Publisher: Portraits of Resistance Jennifer Van Horn, 2022-01-01

A highly original history of American portraiture that places the experiences of enslaved people at its center. This timely and eloquent book tells a new history of American art: how enslaved people mobilized portraiture for acts of defiance. Revisiting the origins of portrait painting in the United States, Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait's importance as a site of resistance. Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War, the book illuminates how enslaved people's relationships with portraits also shaped the trajectory of African American art post-emancipation. Van Horn asserts that Black creativity, subjecthood, viewership, and iconoclasm constituted instances of everyday rebellion against systemic oppression. Portraits of Resistance is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built.

Portraits of Conflict Richard B. McCaslin, 2007-01-01 A uniquely rich portrayal of Tennesseans who fought and lost their lives in the Civil War is presented in this collection of stories and portraits that are joined with personal remembrances from recovered letters and diaries and detailed historical background.

The Union Image Mark E. Neely, Harold Holzer, 2000 Focusing on the popular prints used by the Northern side of the American Civil War, this book examines the importance of graphic arts in rallying support for the Union during the war and in shaping the national memory after the war.

Portraits of Conflict William Garrett Piston, Thomas P. Sweeney, 2009-09-01

This volume includes hundreds of photographs, many of them never before published. The authors provide text and commentary organizing the photographs into chapters covering the origins of war, its conventional and guerrilla phases, the war on the rivers, medicine, the experiences of Missourians who served out of state, and the process of reunion in the postwar years. Flyleaf: *Photography and the American Civil War* Jeff L. Rosenheim, Gibbes Museum of Art (Charleston, S.C.), New Orleans Museum of Art, 2013-05-07

Six hundred thousand lives were lost between 1861 and 1865, making the conflict between North and South the nation's deadliest war. If the War Between the States was the test of the young republic's commitment to its founding precepts, it was also a watershed in photographic history, as the camera recorded the epic, heartbreaking narrative from beginning to end, providing those on the home front for the first time with immediate visual access to the horrors of the battlefield. *Photography and the American Civil War* features both familiar and rarely seen images that include haunting battlefield landscapes strewn with bodies, studio portraits of armed Confederate and Union soldiers.

sometimes in the same family preparing to meet their destiny rare multi panel panoramas of Gettysburg and Richmond languorous camp scenes showing exhausted troops in repose diagnostic medical studies of wounded soldiers who survived the war s last bloody battles and portraits of both Abraham Lincoln and his assassin John Wilkes Booth Published on the occasion of the 150th anniversary of the battle of Gettysburg 1863 this beautifully produced book features Civil War photographs by George Barnard Mathew Brady Alexander Gardner Timothy O Sullivan and many others div Military Records of General Officers of the Confederate States of America ,2004-02 Originally published in 1898 with 108 portraits and biographies of the Commander in Chief Generals Lieutenant Generals and Major Generals of the Confederate States of America arranged in order of their rank with their military records in the Confederate Army and previous records in the United States Army In most cases and indeed wherever possible the portrait is one taken during the war and shows the man as he was known to his own soldiers and contemporaries *Confederate Portraits* Gamaliel Bradford,1914 *Confederate War Journal* ,1894 **Hidden in Plain Sight** Rachel Stephens,2023-09-22 In the decades leading up to the Civil War abolitionists crafted a variety of visual messages about the plight of enslaved people portraying the violence familial separation and dehumanization that they faced In response proslavery southerners attempted to counter these messages either through idealization or outright erasure of enslaved life In *Hidden in Plain Sight Concealing Enslavement in American Visual Culture* Rachel Stephens addresses an enormous body of material by tracing themes of concealment and silence through paintings photographs and ephemera connecting long overlooked artworks with both the abolitionist materials to which they were responding and archival research across a range of southern historical narratives Stephens begins her fascinating study with an examination of the ways that slavery was visually idealized and defended in antebellum art She then explores the tyranny especially that depicted in art enacted by supporters of enslavement introduces a range of ways that artwork depicting slavery was tangibly concealed considers photographs of enslaved female caretakers with the white children they reared and investigates a printmaker s confidential work in support of the Confederacy Finally she delves into an especially pernicious group of proslavery artists in Richmond Virginia Reading visual culture as a key element of the antebellum battle over slavery *Hidden in Plain Sight* complicates the existing narratives of American art and history
