## **Almost Perfect Proposal:**

The Almost-Perfect Proposal Toni Collins, 2011-07-15 A LONG LOST PROPOSAL My dear I love you and being apart from you has made me realize just how much I really need you I hope you ll be able to promise that I ll be coming home to you Say you ll be my wife All my love always Amy Barrington couldn t believe her hopelessly romantic eyes A fifty year old proposal her mother had never received She just had to get these two long lost lovebirds back together again for the sake of true love Now if only she could convince cynical Brian Reynolds that his dear old dad and her lovely mother belonged together And that nothing could be more romantic than a wedding except a double wedding ceremony of course Propose To Me, A Romance Anthology Charmaine Pauls, Elena Kane, Louise Redmann, Caroline Andrus, Katie Stephens, Ellyse Roberts, 2015-06-19 including the following stories Artificial Tears by Charmaine Pauls Cappuccino Dreaming by Louise Redmann Proposal Unexpected by Elena Kane Running Late by Caroline Andrus The Spark by Ellyse Roberts Marrying Well Lynda Simons, 2011-07-15 How to Marry a Millionaire by Jeannie Renamo 1 Irk your boss handsome magazine publisher Kyle Hunter by creating controversial new column Marrying Well A Practical Guide 2 Accept Kyle s challenge to follow guidelines and land a rich husband of your own 3 Proceed to date only bachelors with bucks 4 Realize they all fade in comparison to Kyle who also happens to be a bachelor with bucks 5 Struggle to convince yourself that you are not attracted to Kyle 6 Lose struggle 7 Win bet *Winning Grants* Sean Ekins, 2023-06-12 As an academic or a small business owner you will need to write grants at some point in your career Writing them though is not enough what you also need to know is how to win grants Much has been written about writing grants the mysterious special ability called grantsmanship so it occurred to me that there is a need to come at this differently and spill the beans The difficulty in getting a grant in particular an NIH grant like an R01 in the USA is often described it is competitive and gets tougher every year Your proposal therefore must stand out it must connect with the reviewers This is true for all types of grants give the reviewer what they want always But also you need to connect to the program officer the committee that ultimately makes funding decisions and you must take care of a myriad of other details outside of the main event which is describing the science This means you cannot rely on just out writing the competition it is more than that as you have to out think out strategize and out schmooze them If you have been continually funded for decades that is terrific but if you want to keep being funded there is no guarantee what got you there will keep you there What was a hot technology 4 5 years ago is not the new thing anymore you will need to do something different but what You therefore need to not only think about writing great grants you need to put it into practice and win them Having written and won grants from the NIH and DOD over the past 17 years and longer by the time you read this I possess a valuable perspective Each grant and study section will be different Whether a big or small grant it does not seem to make a difference the reviewers will critique your efforts they may not like it they may reject your ideas or they may love it You have some small degree of control until the proposal leaves your hands or more correctly you click submit You will

need to differentiate your grant from the hundreds of others in many ways but you cannot change who you are your history so how you describe yourself and team will also have an impact You could spend hundreds of hours on your proposal or just a day and the outcome might still be the same This small book is a summary of my own personal experiences and will provide some advice that will help you learn how to do a better job of winning grants This book is written by a scientist who writes the grants and develops commercial products Provides a unique perspective on what you need to write better grants Teaches you how to continually win grants This book provides examples from the authors own grant applications The reader will be inspired to start a company to win small business grants 2023 Ernst Karner, Barbara C. Steininger, 2024-12-16

**The Peacekeeping Proposals of the U.S.** Washington Center of Foreign Policy Research, 1964 *Acting for Movies and TV -The Technique-* hugo n arturi, 2024-11-30

Hello I am the author and will explain The Contents of the Book You will learn the technique that I the great Hollywood actors mentioned on the cover and inside the book and others use to create a character for a movie and how to enter the world of cinema quickly and without complications These actors use this technique and the audience approves it They briefly and partially describe their techniques in the program Inside the Actors Studio on Bravo Channel where you can watch the videos any time I explain the technique to you with all the essential elements and details they don't mention You learn to express your character's true feelings in a movie not to fake them by screaming and or making voluminous gestures as taught in many acting schools You'll learn the technique from A to Z A is when you start reading the book and Z is at the end of your training when you'll be ready to act as the protagonist in a professional movie Guaranteed THE WARRANTY While you are training you can watch the videos of the actor's interviews and verify if it's what they comment You don't need acting experience just an inexpensive camcorder the book and the desire to become a professional actor My students say the exercises are entertaining fun and easy to learn you just read and shoot the practice scenes The idea is to make an acting and filming team of three two perform the scene while one films it and then you rotate roles You can study the technique alone but you would need practice If you have someone to do it with that's perfect Also I explain an easy way to shoot scenes like those in the movies that even a child can do VERY IMPORTANT My system allows you to learn the technique without a teacher I give you the elements for self control and correction the why and how to do it are explained in the chapter The John Travolta Test What do you do after learning the technique How do you become a professional actor I explain to you the ESSENTIAL steps to enter the world of cinema and become a successful actor and MOST IMPORTANTLY how to avoid the setbacks that inexperience could bring and prevent you from spending

years wandering and waiting for success New actors spend years gaining the experience you will acquire quickly by learning this technique In my book you will not find stories anecdotes metaphors unrelated issues or useless exercises to entertain elements you find in most books on the same subject that authors use as book fillers and in acting schools as hour fillers for lack of a solid technique to teach If you want or dream of being a professional actor my book gives you all the elements to achieve it Guaranteed But it s up to you My challenge find in the world an acting school or a book that offers 25% of the material contained in my book you will not find it If you don t want to be a professional actor but would like to learn the technique you can use it as the basis of a game to play with friends Some of my students like to do this and they say it is a funny game and including more people makes it more fun The conclusion you learn the real Hollywood movie acting technique save a lot of money do not waste years in acting schools or workshops and work as a professional actor in a short amount of time Someone asked me Why is your book with such important content so cheap I wrote it for various reasons for my love of teaching to young people and movie acting NOT TO MAKE MONEY and also to help young people not to lose years in school and go into debt with creditors to pay courses and for others to use the technique as a healthy fun game Inside the book you have my email address to ask me questions Read what AI says about the book *The Parliamentary Debates* Great Britain. Parliament,1886 **Reforming the European Union** Daniel Finke,2012-07-29 For decades the European Union tried changing its institutions but achieved only unsatisfying political compromises and modest incremental treaty revisions In late 2009 however the EU was successfully reformed through the Treaty of Lisbon *Reforming the European Union* examines how political leaders ratified this treaty against all odds and shows how this victory involved all stages of treaty reform negotiations from the initial proposal to referendums in several European countries The authors emphasize the strategic role of political leadership and domestic politics and they use state of the art methodology applying a comprehensive data set for actors reform preferences They look at how political leaders reacted to apparent failures of the process by recreating or changing the rules of the game While domestic actors played a significant role in the process their influence over the outcome was limited as leaders ignored negative referendums and plowed ahead with intended reforms The book s empirical analyses shed light on critical episodes strategic agenda setting during the European Convention the choice of ratification instrument intergovernmental bargaining dynamics and the reaction of the German Council presidency to the negative referendums in France the Netherlands and Ireland **Advances in Sport Science: Latest Findings and New Scientific Proposals** Rubén Maneiro,Mario Amatria,Xavier Iglesias,José Luis Losada,Sophia D. book is a work of conscience It is the product of a long standing feeling of obligation on my part to write something useful for a special group of people to which you probably belong individuals who seek grants In my years as Director of the New York library of The Foundation Center each and every day I encountered numbers of individuals look ing for grant money Although I tried to be as supportive as possible in the face of the particular problems shared by this group of library users my own reaction was one of relative helplessness Simply stated most of the fund raising guides printed directories and computer files purport edly created to serve the fund raising public are of little or no use to individuals who seek funding on their own These resources are directed The Foundation Center is the independent nonprofit organization established by foun dations to provide information for the grant seeking public vii viii I PREFACE toward the nonprofit tax exempt agency which is the most common recipient of foundation corporate and government largess They are not designed to respond to the special requirements of the individual grant seeker In the applicant eligibility index the Catalog of Federal Domestic Assistance defines individuals as homeowners students farmers artists scientists consumers small business persons minors refugees aliens veterans senior citizens low income persons health and educational professionals builders contractors developers handicapped persons the physically afflicted In short practically everyone qualifies
