Yours Presently Michael Seth Stewart, 2024-06-15 Boston born and bred John Wieners was a queer self styled po te maudit who was renowned among his contemporaries but ignored by mainstream

critics Twenty first century readers are correcting this elision placing Wieners back alongside his better known peers including Allen Ginsberg Charles Olson Denise Levertov and Amiri Baraka Wieners was a voluble letter writer maintaining friendships with these contemporaries that spanned decades and tackling a range of complex issues that resonate today including drug use homosexuality subcultures of the East and West Coasts and the differing treatment of mental patients based on their economic class The letters collected in this volume are greatly enhanced by Eileen Myles s preface and Stewart s thorough introduction notes and brief bios of the poets writers artists and editors with whom Wieners corresponded The result is more than the letters of a poet it is a history that explores the world at large in the mid twentieth century

alcoholism endured more failed relationships and watched the lives of her children unravel fatally Toward the end of her life though she took her pen back up for the poems in her final volume Redeemed by her writing Gardner died alone in 1981 just after being named the first poet laureate of New York State Through interviews with many Gardner intimates and extensive archival research author Marian Janssen delves deep into the life of a woman whose poetry according to one friend probably saved her sanity Much more than a biography Not at All What One Is Used To is the story of a woman whose tumultuous life was emblematic of the cultural unrest at the height of the twentieth century **National Union Catalog** ,1956 Includes entries for maps and atlases Herbert Read Robin Skelton,2015-07-24 As a poet and critic of art and literature and as a social and political philosopher Sir Herbert Read exerted an important influence on the culture of his time Not only did he assist and inspire many writers and artists but through his work for the idea of education through art he greatly influenced education in particular the teaching of art and literature in schools For this symposium first issued in 1969 as the ninth number of The Malahat Review Professor Skelton has gathered together original essays poems and drawings which illustrate many aspects of Sir Herbert Read s life and work **The Letters of T. Realistic writers seek to render accurate representations of the world and their novels contain authentic details and descriptions of their characters and settings. Like Realistic authors, Naturalistic ones similarly try to portray the world accurately but they tend to depict the darker side of life. Realism was born in Europe in the nineteenth century and soon became popular in the United States while Naturalism became prominent at the beginning of the twentieth century. Both traditions have continued in one form or another to the present day and Realistic and Naturalistic novelists include some of America's most significant authors such as Sherwood Anderson, Saul Bellow, Ambrose Bierce, Willa Cather, Theodore Dreiser, Ralph Ellison and Jack London. This reference includes biographical and critical entries for more than 120 American Naturalistic and Realistic novelists. An introductory essay discusses the history of the Realistic and Naturalistic traditions, points to the difficulty of defining them and surveys the many authors who have been associated with the two movements. The entries that follow are arranged alphabetically to facilitate use. Each includes basic biographical information and a narrative overview of the writer's educational background, professional career and published works. The writer's works are briefly discussed in relation to the Realistic and Naturalistic traditions. Entries include primary and secondary bibliographies and the volume closes with a list of works for further reading. *American Novelists, 1910-1945*, James J. Martine, 1981. Contains biographical sketches of the men and women who have done their most important work in the novel during the period from 1910-1945. **American Novelists, 1910-1945: Louis Adamic-Vardis Fisher**, James J. Martine, 1981. Contains biographical sketches of the men and women who have done their most important work in the novel during the period from 1910-1945. *Library Journal*, Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1963. Includes beginning Sept 15, 1954 and on the 15th of each month Sept-May a special section.
