**Alternative Library Literature, 1998/1999** Sanford Berman, James P. Danky, 2000 This highly acclaimed biennial the best of alternative library journalism Library Journal provides a reminder of the roots of librarianship and a prod to a profession that has sometimes forgotten those principles People Work Women Censorship Human Rights Peace Kids Alternatives Service Advocacy Empowerment Multiculturalism Third World and Cyberspace Virtual Libraries are the topics covered with writings from Earl Lee Simone Murray Scott Walter Pat Mora and others **The Laughing Librarian** Jeanette C. Smith, 2014-01-10 Despite the stodgy stereotypes libraries and librarians themselves can be quite funny The spectrum of library humor from sources inside and outside the profession ranges from the subtle wit of the New Yorker to the satire of Mad This examination of American library humor over the past 200 years covers a wide range of topics and spans the continuum between light and dark from parodies to portrayals of libraries and their staffs as objects of fear It illuminates different types of librarians the collector the organization person the keeper the change agent and explores stereotypes like the shushing little old lady with a bun the male scholar librarian the library superhero and the anti stereotype of the sexy librarian Profiles of the most prominent library humorists round out this lively study **Information and Liberation** Shiraz Durrani, 2008 A collection of the writings of Shiraz Durrani British Kenyan library science professor and political activist Provided by publisher Not in My Library! Danky, 1984 A compilation of articles on library topics including people work women censorship human rights kids alternatives multiculturalism and cyberspace Includes coverage of the Hawaiian outsourcing scandal Progressive Librarianship Durrani, Shiraz, 2016-11-25 Public spending is under threat and public libraries are suffering At a time when libraries can play a critical role in supporting people facing difficult economic and social situations the dominant conservative model of librarianship has nothing meaningful to say about the role and relevance of libraries It offers more of the same but no qualitative change so necessary today It continues to maintain the myth that there is no alternative to its own policies and practices There is thus an urgent

need to alternative ideas and practices to address people's needs The progressive librarianship movement is taking up this challenge It has also been active in Kenya and Britain but its work is not widely known The Kenyan movement differed from the others in that it grew within the underground political movement in the 1980s the December Twelve Movement Mwakenya Using original documents this book records this hidden history In the process it examines key concepts such as the role of libraries and the relevance of service Linking library work with the wider social and political concerns the book explores issues such as politics of information the role of activism and neutrality in library work It offers an alternative approach to librarianship to the training of librarians and to organisational change to make libraries more relevant to people's lives

**Progressive Library Organizations** Alfred Kagan, 2015-03-27 This work presents the history and impact of the seven most important progressive library organizations worldwide in Austria Germany South Africa Sweden United Kingdom and two in the United States Each organization is considered within its national context and in fact the English word organization does not quite fit the nature of all of the groups The South African organization LIWO was transitional in that it helped bring South African librarianship from apartheid to majority rule and then disbanded The other organizations or their successors are still working in one form or another Some of the organizations have had or continue to have vibrant local chapters though many of the original activists have recently retired or died The author has interviewed many of them at a time when they were assessing their life work and handing off to new generations

**Liberating Minds** Norman G. Kester, 1997-01-01 In this work over 30 librarians such as James V Carmichael Jr Sanford Berman Martha E Stone Gerald Perry Barbara Gomez and Martha Cornog address gay and lesbian issues facing the profession and in some cases offer their own stories of understanding their sexuality and its implications on their professional lives Some of the issues addressed are the need to uphold intellectual freedom challenging the censorship of gay materials in libraries AIDS material in the library the information needs of gay and lesbian patrons collection development and confronting homophobia

**Readers' Advisory Service in North American Public Libraries, 1870-2005** Juris Dilevko, Candice F.C. Magowan, 2007-02-13 Beginning in the early 1980s readers advisory services were a widely discussed topic in North American public libraries By 2005 almost every public library in the United States and Canada offered some form of readers advisory service The services offered have changed significantly in ways perhaps disadvantageous to adult North American library patrons This book provides a critical history of readers advisory philosophy and offers a new perspective on the evolution of the service The book analyzes the debate that shaped readers advisory and discusses how the service has assumed its present form The study follows readers advisory through its three prominent stages of development beginning with the period 1870 to 1916 when the service was still a subject of much crucial debate about its meaning and purpose During the second phase 1917 to 1962 readers advisory systematically committed itself to meaningful adult education through serious and purposeful reading The book argues however that during the most recent phase of readers advisory from 1963 until the present contemporary

public libraries have turned their backs on the rich heritage of readers advisory services by valorizing the reading of entertainment oriented and commodified genre titles and bestsellers Historical analysis case studies and statistical charts augment the book s central argument *Library Literature* H.W.
