**The Spacious Path** Tamara Hill Murphy, 2023-06-20 A simple invitation into a life ordered around listening and love As we live through cycles of change and disruption our familiar pathways crumble and we find ourselves in fragmented relationships with God others and our own souls We are not the first to experience this disorientation When Jesus offered the stunning invitation to come to him to learn how to work from a place of rest he was talking to people weighed down by ill fitting political economic and religious systems And his life and ministry offer a glimpse of a better way For centuries a practice called the Rule of Life built around rhythms of prayer work study hospitality and rest has provided a loving pathway for anyone who desires to live out the whole gospel More than a historic primer on an ancient practice an aspirational overview of spiritual life or a personal inventory focused on habits The Spacious Path offers companionship through personal narrative meaningful reflection and guided prayer for readers to return to as often as needed Rediscover an ancient Christian practice to reorient your life around the unforced rhythms of Jesus not by adding another ill fitting system but by walking freely and lightly on the pathways of listening and love in the way of Jesus

**Embracing Writing** Gary R. Hafer, 2014-09-29 Embracing WRITING Embracing Writing responds to the writing across the curriculum movement in a way that enables educators to integrate writing into their courses not just painlessly but productively instead of simply increasing their workloads with writing assignments that students dislike Embracing Writing elucidates the principles of academic writing and shows instructors how to integrate writing with course content blending them to enhance and deepen the higher education learning process Scholarly writing is a central part of the academic experience and when used effectively can be an outstanding pedagogical tool The creative approach in Embracing Writing will have you looking at writing in a whole new way Not only will your students appreciate the honest nurturing and fun writing assignments but your own writing will improve as well This is not a rulebook for writers but a guided approach to viewing writing and content as one indivisible whole Embracing Writing will help you Engage students in writing assignments that actually help them develop their writing ability Understand what makes good collegiate writing and how it can aid in content discovery Discover new pathways for your own writing so writing for publication and the classroom is enjoyable again Develop a writing pedagogy that doesn't detract from core course content delivery There often is a disconnect between administrative demands for in course writing and the inadequate training resources available to faculty members Because most of us aren't trained as writers we need a meaningful way to connect writing to our areas of expertise Embracing Writing provides that connection
