Im Zweifel für die Weisheit Peter Alferding, Walter Machtemes, 2001-02 **Fallibility and Fallibilism in Ancient Philosophy and Literature** Therese Fuhrer, Janja Soldo, 2023-12-18 Mankind's constant struggle with physical as well as mental weaknesses is omnipresent in ancient literature misconduct wrongdoing failure and experiences of contingency are anthropological phenomena Ancient ethics epistemology and natural philosophy have developed different theoretical approaches and guidelines on how to act and how to overcome all kinds of problems Christian theology on the other hand has explained moral failure as a symptom of original sin comparing decline and destruction to a burden from which mankind is relieved only at the end The contributions explore how ancient philosophical texts both pagan and Christian explain conceptualize and integrate the myriad manifestations of human fallibility into the different philosophical schools The focus is on anthropological ontological and theological concepts that analyse and reflect human fallibility as well as on the textual and linguistic representation of the phenomenon in ancient literature Several contributions in the volume explore literary texts that discuss or illustrate the philosophical dimension of fallibility such as satire's or tragedy's often exaggerated depiction of human weakness **Affektpoetik** Burkhard Meyer-Sickendiek, 2005 **Pädagogik der Hoffnung** Friedhelm Zubke, 1996
