Comrade Pavlik Rise And Fall Of Soviet:

Comrade Pavlik Catriona Kelly, 2014-04-03 It was September 1932 Gerasimovka Western Siberia Two children are found dead in the forest outside a remote village Both have been repeatedly stabbed and their bloody bodies are covered in sticky crimson cranberry juice Who committed these horrific murders has never been proved but the elder boy thirteen year old Pavlik Morozov was quickly to become the most famous boy in Soviet history statues of him were erected biographies published and children across the country were exhorted to emulate him Catriona Kelly's aim is not to find out who really killed the boys but rather to explore how Stalin's regime turned Pavlik into a hero designed to produce good Soviet citizens Pavlik's story is intriguing and multi layered did he denounce his own father to the authorities Was he murdered by members of his own family Did he ever belong to the Pioneers the Communist youth organization who claimed him as member No 001 This is the first book in English on Pavlik's legend using previously inaccessible local archives **Children and Violence**

Christelle Molima Bameka, Jastine C. Barrett, Mohamed Kamara, Karl Hanson, Mark A. Drumbl, 2025-03-14 This multi disciplinary volume provides an innovative approach to children and violence looking beyond the existing literature that focuses on child soldiers in the Global South Harnessing expert contributions from over a dozen countries the book examines the relationship between children and violence with a focus on children ensnared in military conflict embroiled in criminal gangs and enmeshed in political activism It analyses how children join fights how they fight and what happens to them after fighting officially ends It addresses cutting edge issues such as cyberwars self defence intergenerational trauma gender fluidity racism and state surveillance Throughout the book underscores the need to respect the agency and dignity of children and youth to build cultures of juvenile rights and to think critically of the place of the child amid global power politics and decolonisation Through accessible writing and the provision of considerable new data this book supports advocacy work and will enrich teaching and spark further academic research This book will be of great interest to students of International Law Human Rights Childhood Studies International Relations Peace and Conflict Studies Post Conflict Studies and Security Studies The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution CC BY 4.0 license **Stalin's Ninos** Karl D. Qualls, 2020-02-04 Using multiple

languages numerous archives press reports oral histories letters and memoirs Stalin's Ninos investigates the well resourced boarding schools designed specifically for nearly 3 000 child refugees from the Spanish Civil War **Snitch!** Steve Hewitt, 2010-02-01 **Stalinist Society** Mark Edele, 2011-02-17 Stalinist Society offers a fresh analytical overview of the complex social formation ruled over by Stalin and his henchmen from the late 1920s to the early 1950s Drawing on declassified archival materials interviews with former Soviet citizens old and new memoirs and personal diaries as well as the best of sixty years of scholarship this book offers a non reductionist account of social upheaval and social cohesion in a society marred by violence Combining the perspectives from above and from below the book integrates recent writing on

everyday life culture and entertainment ideology and politics terror and welfare consumption and economics Utilizing the latest archival research on the evolution of Soviet society during and after World War II this study also integrates the entire history of Stalinism from the late 1920s to the dictator's death in 1953 Breaking radically with current scholarly consensus Mark Edele shows that it was not ideology terror or state control which held this society together but the harsh realities of making a living in a chaotic economy which the rulers claimed to plan and control but which in fact they could only manage haphazardly *James Bond's Socialist Rivals* TARIK CYRIL AMAR,2024-11-19 James Bond's Socialist Rivals focuses on blockbuster television series in the former Soviet bloc of the Cold War to recover a world of spy fiction entertainment that was both hugely popular and of great and deliberate political importance for the Communist regimes Beyond Totalitarianism Michael Geyer, Sheila Fitzpatrick,2009 These essays rethink the nature of Stalinism and Nazism and establish a new methodology for viewing their histories that goes well beyond outdated twentieth century models of totalitarianism ideology and personality They offer a new understanding of the intertwined trajectories of socialism and nationalism in European and global history The Weaponization of Loneliness Stella Morabito,2022-11-02 Do you keep your opinions to yourself because you're afraid people will reject you Do you sign on to a cause just because everyone around you acts like it's the right thing to do Welcome to The Weaponization of Loneliness Tyrants of all stripes want to tell you what to believe and how to live your life They get away with it by using the most potent weapon at their disposal your fear of ostracism This book explains how dictators from the French Revolution to the Communist Party of China to today's globalists aim to atomize us in order to control us We fall for it because our need to connect with others and our fear of social rejection are so hardwired that they trigger our conformity impulse These dynamics can even cause us to comply with evil orders We all need a better understanding of how the merchants of loneliness power elites in Big Tech Big Media Big Government academia Hollywood and the corporate world exploit our terror of social isolation Their divide and conquer tactics include identity politics political correctness and mob agitation Their media monopoly spawns the propaganda essential to demonization campaigns censorship cancel culture snitch culture struggle sessions the criminalization of comedy and the subversion of society's most fundamental institutions It all adds up to a machinery of loneliness Ironically people tend to comply with this machinery to avoid loneliness but such compliance only isolates us further The Weaponization of Loneliness offers a message of hope We can resist this psychological warfare if we have strong bonds in our families faith communities and friendships Let's resolve to talk to one another openly and often especially about the consequences of giving in to social pressures and media hype Indeed totalitarians always seek to destroy private life because it is the very fount of freedom **2005** Massimo Mastrogregori,2009-12-22 Annually published since 1930 the International Bibliography of Historical Sciences IBOHS is an international bibliography of the most important historical monographs and periodical articles published throughout the world which deal with history from the earliest to the most recent times The IBOHS is thus currently the only continuous

bibliography of its kind covering such a broad period of time spectrum of subjects and geographical range The works are arranged systematically according to period region or historical discipline and alphabetically according to authors names or in the case of anonymous works by the characteristic main title word The bibliography contains a geographical index and indexes of persons and authors Justice, Crime, and Citizenship in Eurasia Erica Marat, Lauren A. McCarthy, 2022-08-18 What role does law play in post communist societies This book examines the law as a social institution in Eurasia exploring how it is shaped in everyday interactions between state and society organisations and individuals and between law enforcement and other government entities It bridges the gap between theoretically rich work on law in action and the empirical reality of Eurasia The contributions in this volume include research on policing the legal profession public attitudes towards law regime support and oppositional mobilisation crime policy and property rights among others The studies shift away from the common perception that in Eurasia the law exists only as a tool for the state to enforce order and suppress dissent Instead they show through empirical analyses that citizens evade use reinterpret and shape the law even in authoritarian contexts sometimes containing state violence and challenging the regime and other times reinforcing state capture from below The chapters in this book were originally published as a special issue of the journal Europe Asia Studies

Crucibles of Power Michael David-Fox, 2025-02-04 The people of Smolensk survived both of the twentieth century's most brutal dictatorships Michael David Fox probes their experiences under Stalinist and Nazi rule to unravel the threads of authoritarianism Focused on personal stories David Fox leaves no question as to despots' reliance on the collaboration and acquiescence of ordinary citizens *Socialist Internationalism in the Cold War* Patryk Babiracki, Austin Jersild, 2016-12-10 This volume examines how numerous international transfers circulations and exchanges shaped the world of socialism during the Cold War Over the course of half a century the Soviets shaped politics values and material culture throughout the vast space of Eurasia and foreign forces in turn often influenced Soviet policies and society The result was the distinct and interconnected world of socialism or the Socialist Second World Drawing on previously unavailable archival sources and cutting edge insights from New Cold War and transnational histories the twelve contributors to this volume focus on diverse cultural and social forms of this global socialist exchange the cults of communist leaders literature cinema television music architecture youth festivals and cultural diplomacy The book's contributors seek to understand the forces that enabled and impeded the cultural consolidation of the Socialist Second World The efforts of those who created this world and the limitations on what they could do remain key to understanding both the outcomes of the Cold War and a recent legacy that continues to shape lives cultures and policies in post communist states today *Creating the New Man* Yinghong Cheng, 2008-12-31 The idea of eliminating undesirable traits from human temperament to create a new man has been part of moral and political thinking worldwide for millennia During the Enlightenment European philosophers sought to construct an ideological framework for reshaping human nature But it was only among the communist regimes of the twentieth century

that such ideas were actually put into practice on a nationwide scale In this book Yinghong Cheng examines three culturally diverse sociopolitical experiments the Soviet Union under Lenin and Stalin China under Mao and Cuba under Castro in an attempt to better understand the origins and development of the new man The book s fundamental concerns are how these communist revolutions strove to create a new morally and psychologically superior human being and how this task paralleled efforts to create a superior society To these ends it addresses a number of questions What are the intellectual roots of the new man concept How was this idealistic and utopian goal linked to specific political and economic programs How do the policies of these particular regimes based as they are on universal communist ideology reflect national and cultural traditions Cheng begins by exploring the origins of the idea of human perfectibility during the Enlightenment His discussion moves to other European intellectual movements and then to the creation of the Soviet Man the first communist new man in world history Subsequent chapters examine China s experiment with human nature starting with the nationalistic debate about a new national character at the turn of the twentieth century and Cuban perceptions of the new man and his role in propelling the revolution from a nationalist to a socialist and finally a communist movement The last chapter considers the global influence of the Soviet Chinese and Cuban experiments Creating the New Man contributes greatly to our understanding of how three very different countries and their leaders carried out problematic and controversial visions and programs It will be of special interest to students and scholars of world history and intellectual social and revolutionary history and also development studies and philosophy

Communism and Culture Radu Stern, Vladimir Tismaneanu, 2022-05-03 This book is a comprehensive introduction to the relationship between communism understood as an ideological political and social project and culture broadly defined as the field of aesthetic production Communism was a global phenomenon and the global civil war of the 20th century was in more than one respect a cultural war which involved some of the most influential figures of the last century The book highlights and explains the impact of political mythologies in the efforts to transcend the bourgeois legacies and engage in a social cultural and anthropological revolution The authors examine the interplay between utopian goals and cultural practices in fields such as literature visual arts film and humanities in general

The personality cult of Stalin in Soviet posters, 1929-1953 Anita Pisch, 2016-12-16 From 1929 until 1953 Iosif Stalin s image became a central symbol in Soviet propaganda Touched up images of an omniscient Stalin appeared everywhere emblazoned across buildings and lining the streets carried in parades and woven into carpets and saturating the media of socialist realist painting statuary monumental architecture friezes banners and posters From the beginning of the Soviet regime posters were seen as a vitally important medium for communicating with the population of the vast territories of the USSR Stalin s image became a symbol of Bolshevik values and the personification of a revolutionary new type of society The persona created for Stalin in propaganda posters reflects how the state saw itself or at the very least how it wished to appear in the eyes of the people The Stalin who was celebrated in posters bore but scant resemblance to the man Iosif Vissarionovich

Dzhughashvili whose humble origins criminal past penchant for violent solutions and unprepossessing appearance made him an unlikely recipient of uncritical charismatic adulation The Bolsheviks needed a wise nurturing and authoritative figure to embody their revolutionary vision and to legitimate their hold on power This leader would come to embody the sacred and archetypal qualities of the wise Teacher the Father of the nation the great Warrior and military strategist and the Saviour of first the Russian land and then the whole world This book is the first dedicated study on the marketing of Stalin in Soviet propaganda posters Drawing on the archives of libraries and museums throughout Russia hundreds of previously unpublished posters are examined with more than 130 reproduced in full colour The personality cult of Stalin in Soviet posters 1929 1953 is a unique and valuable contribution to the discourse in Stalinist studies across a number of disciplines

The Cosmonaut Who Couldn't Stop Smiling Andrew L. Jenks, 2019-01-15 Let's go With that the boyish grinning Yuri Gagarin launched into space on April 12 1961 becoming the first human being to exit Earth's orbit The twenty seven year old lieutenant colonel departed for the stars from within the shadowy world of the Soviet military industrial complex Barbed wires no entry placards armed guards false identities mendacious maps and a myriad of secret signs had hidden Gagarin from prying outsiders not even his friends or family knew what he had been up to Coming less than four years after the Russians launched Sputnik into orbit Gagarin's voyage was cause for another round of capitalist shock and Soviet rejoicing *The Cosmonaut Who Couldn't Stop Smiling* relates this twentieth century icon's remarkable life while exploring the fascinating world of Soviet culture Gagarin's flight brought him massive international fame in the early 1960s he was possibly the most photographed person in the world flashing his trademark smile while rubbing elbows with the varied likes of Nehru Castro Queen Elizabeth II and Italian sex symbol Gina Lollobrigida Outside of the spotlight Andrew L. Jenks reveals his tragic and mysterious death in a jet crash became fodder for morality tales and conspiracy theories in his home country and long after his demise his life continues to provide grist for the Russian popular culture mill This is the story of a legend both the official one and the one of myth which reflected the fantasies perversions hopes and dreams of Gagarin's fellow Russians With this rich lively chronicle of Gagarin's life and times Jenks recreates the elaborately secretive world of space age Russia while providing insights into Soviet history that will captivate a range of readers **The Global History of**

A Companion to Soviet Children's Literature and Film Olga Voronina, 2019-10-14 A Companion to Soviet Children's Literature and Film offers a comprehensive and innovative analysis of Soviet literary and cinematic production for children Its contributors contextualize and reevaluate Soviet children's books films and animation and explore their contemporary reappropriation by the Russian government cultural practitioners and educators Celebrating the centennial of Soviet children's literature and film the Companion reviews the rich and dramatic history of the canon It also provides an insight into the close ties between Soviet children's culture and Avant Garde aesthetics investigates early pedagogical experiments of the Soviet state documents the importance of translation in children's literature of the 1920 80s and traces the evolution of heroic fantastic historical and absurdist Soviet narratives for children

[The Communist Youth League and the Transformation of the Soviet Union, 1917-1932](#) Matthias Neumann, 2012-05-23 The study of Soviet youth has long lagged behind the comprehensive research conducted on Western European youth culture In an era that saw the emergence of youth movements of all sorts across Europe the Soviet Komsomol was the first state sponsored youth organization in the first communist country Born out of an autonomous youth movement that emerged in 1917 the Komsomol eventually became the last link in a chain of Soviet socializing agencies which organized the young Based on extensive archival research and building upon recent research on Soviet youth this book broadens our understanding of the social and political dimension of Komsomol membership during the momentous period 1917 1932 It sheds light on the complicated interchange between ideology policy and reality in the league's evolution highlighting the important role ordinary members played The transformation of the country shaped Komsomol members and their league's social identity institutional structure and social psychology and vice versa the organization itself became a crucial force in the dramatic changes of that time The book investigates the complex dialogue between the Communist Youth League and the regime unravelling the intricate process that transformed the Komsomol into a mere institution for political socialization serving the regime's quest for social engineering and control
