Comstock Commotion The Story Of The:

The Infamous King Of The Comstock Michael J. Makley, 2006-01-09 William Sharon was one of the most colorful scoundrels in the nineteenth century mining West. He epitomized the robber barons of the nation's Gilded Age and the political corruption and moral decay for which that period remains notorious, yet he was also a visionary capitalist who controlled more than a dozen of the greatest mines on Nevada's mighty Comstock Lode, built the Virginia, the machinations of rampant Gilded Age capitalism and the sophisticated financial and technological infrastructure that supported Virginia City's boomtown economy. The Infamous King of the Comstock offers a significant fresh perspective on Nevada and the mining West.

Ancient Deception - Book 9 in Of Gold & Blood Jenny Wheeler, 2021-12-06 She's a haunted runaway forced to hide from a brutal past. He's a charismatic businessman who despises deception. Can they overcome the lies that separate them and embrace a passion worth everything? California 1871 Sarah Wyndham has lived a double life since escaping her abusive family and a forced marriage. Fleeing to San Francisco, the gifted mathematician lives incognito as a mousey secretary in constant terror of discovery. Hawaiian sugar merchant Kaleo Manolo sees beyond the disguise, however, and when Sarah's secrets put her in grave danger, the handsome super surfer steps in as her protector. Traumatized by her brutal past, Sarah is ashamed to tell her story. And she knows her desperate attempt to maintain her secrets could cost Kaleo his life. Burned by her off-handed dishonesty, Kaleo battles growing feelings for a woman whose silence raises alarm bells over her integrity. He's convinced she is hiding something, but he's determined to keep her safe, even if it means standing against a powerful enemy. As they navigate a treacherous web of lies and revenge, will Sarah learn to trust him enough to confide her shame-filled story? Or will Kaleo's determination to do the right thing lead to him paying the ultimate price? With time running out and their lives on the line, Sarah and Kaleo risk everything for a chance at freedom. But after Sarah's deception, will Kaleo still believe the truth of her heart? Ancient Deception is the mesmerizing ninth book in the Of Gold & Blood historical mystery series. If you like brilliant heroines, principled heroes, and deadly games of cat and mouse, then you'll love Jenny Wheeler's captivating tale of secrets and sacrifice. James, 2023-09-19 A playful embrace of tall tales and exaggeration, *Monumental Lies* explores the evolution of folklore in the Wild West. *Monumental Lies: Early Nevada Folklore of the Wild West* opens the door to understanding how legends and traditions emerged during the first decades following the Rush to Washoe, which transformed the region beginning in 1859. During this Wild West period, there was widespread celebration of deceit manifesting in tall tales, burlesque lies, practical jokes, and journalistic hoaxes. Humor was central to these endeavors, and practitioners easily found themselves scorned if they failed to be adequately funny. This ethos became central to the way folklore emerged during the formative years of the Nevada territory and state. The tens of thousands of people who came to the West, attracted by gold and silver mining, brought distinct cultural legacies. The interaction of diverse perspectives, even while new stories and traditions coalesced or simply

appeared was a complex process Author Ronald M James addresses how the fluidity of the region affected new expressions of folklore as they took root Mark Twain often a go to source for collections of early tall tales of this region cannot be overlooked but his interaction with local traditions was specific and narrow More importantly William Wright publishing as Dan De Quille arose as a key collector of legends a counterpart of early European folklorists With a bedrock understanding of what unfolded in the nineteenth century it is possible to consider **The Coming of the Frontier Press** Barbara

Perspectives on Mass Communication History Wm. David Sloan,2013-11-05 This unique volume is based on the philosophy that the teaching of history should emphasize critical thinking and attempt to involve the student intellectually rather than simply provide names dates and places to memorize The book approaches history not as a cut and dried recitation of a collection of facts but as multifaceted discipline In examining the various perspectives historians have provided the author brings a vitality to the study of history that students normally do not gain The text is comprised of 24 historiographical essays each of which discusses the major interpretations of a significant topic in mass communication history Students are challenged to evaluate each approach critically and to develop their own explanations As a textbook designed specifically for use in graduate level communication history courses it should serve as a stimulating pedagogical tool
