Comte After Positivism:

Comte After Positivism Robert C. Scharff, 2002-06-20 This 1996 book provides a detailed systematic reconsideration of Auguste Comte Auguste Comte and Positivism Auguste Comte, Although Auguste Comte is conventionally acknowledged as one of the founders of sociology and as a key representative of positivism few new editions of his writings have been published in the English language in this century He has become virtually dissociated from the history of modern positivism and the most recent debates about it Gertrud Lenzer maintains that the work of Comte is for better or for worse essential to an understanding of the modern period of positivism Three significant additions have been made to this edition a new introduction by the editor a new postscript taken from the twelfth Auguste Comte Memorial Trust Lecture also by the editor as well as Comte's Conclusion of the Whole Work of the System of Positive Polity taken from the fourth volume of his seminal work Auguste Comte: Volume 3 Mary Pickering, 2009-09-14 This volume continues to explore the life and works of Auguste Comte during his so called second career It covers the period from the coup d'état of Louis Napoleon in late 1851 to Comte's death in 1857 During these early years of the Second Empire Comte became increasingly conservative and anxious to control his disciples This study offers the first study of the tensions within his movement Focusing on his second masterpiece the *Système de politique positive* and other important books such as the *Synthèse subjective* Mary Pickering not only sheds light on Comte's intellectual development but also traces the dissemination of positivism and the Religion of Humanity throughout many parts of the world **The New Century** Keith Ansell-Pearson, Alan D. Schrift, 2014-09-03 This volume covers the period between the 1890s and 1930s a period that witnessed revolutions in the arts and society which set the agenda for the rest of the century In philosophy the period saw the birth of analytic philosophy the development of new programmes and new modes of inquiry the emergence of phenomenology as a new rigorous science the birth of Freudian psychoanalysis and the maturing of the discipline of sociology This period saw the most influential work of a remarkable series of thinkers who reviewed evaluated and transformed 19th century thought A generation of thinkers among them Henri Bergson Emile Durkheim Sigmund Freud Martin Heidegger Edmund Husserl Karl Jaspers Max Scheler and Ludwig Wittgenstein completed the disenchantment of the world and sought a new re-enchantment **The Cambridge History of Modern European Thought** Warren Breckman, Peter Eli Gordon, 2019 In these well-nigh encyclopedic volumes Warren Breckman and Peter E. Gordon engage in a daunting feat They offer compact and informative introductions to essays on very many crucial dimensions of thought in the nineteenth and twentieth centuries And they furnish along with their own substantive chapters contributions from an array of prominent scholars of intellectual and cultural history all of whom demonstrate impressive expertise in their varied areas of inquiry The result is an important work of both scholarly and general interest Back cover **The Routledge Companion to Nineteenth Century Philosophy** Dean Moyar, 2010-04-05 The nineteenth century is a period of stunning philosophical originality characterised by radical engagement with the

emerging human sciences Often overshadowed by twentieth century philosophy which sought to reject some of its central tenets the philosophers of the nineteenth century have re emerged as profoundly important figures The Routledge Companion to Nineteenth Century Philosophy is an outstanding survey and assessment of the century as a whole Divided into seven parts and including thirty chapters written by leading international scholars the Companion examines and assesses the central topics themes and philosophers of the nineteenth century presenting the first comprehensive picture of the period in a single volume German Idealism philosophy as political action including young Hegelians Marx and Tocqueville philosophy and subjectivity including Schopenhauer Kierkegaard and Nietzsche scientific naturalism including Darwinism philosophy of race experimental psychology and Neo Kantianism utilitarianism and British Idealism American Idealism and Pragmatism new directions in Mind and Logic including Brentano Frege and Husserl The Routledge Companion to Nineteenth Century Philosophy is essential reading for students of philosophy and for anyone interested in this period in related disciplines such as politics history literature and religion

How History Matters to Philosophy Robert C. Scharff, 2014-02-03 In recent decades widespread rejection of positivism's notorious hostility toward the philosophical tradition has led to renewed debate about the real relationship of philosophy to its history How History Matters to Philosophy takes a fresh look at this debate Current discussion usually starts with the question of whether philosophy's past should matter but Scharff argues that the very existence of the debate itself demonstrates that it already does matter After an introductory review of the recent literature he develops his case in two parts In Part One he shows how history actually matters for even Plato's Socrates Descartes and Comte in spite of their apparent promotion of conspicuously ahistorical Platonic Cartesian and Positivistic ideals In Part Two Scharff argues that the real issue is not whether history matters rather it is that we already have a history a very distinctive and unavoidable inheritance which paradoxically teaches us that history's mattering is merely optional Through interpretations of Dilthey Nietzsche and Heidegger he describes what thinking in a historically determinate way actually involves and he considers how to avoid the denial of this condition that our own philosophical inheritance still seems to expect of us In a brief conclusion Scharff explains how this book should be read as part of his own effort to acknowledge this condition rather than deny it

The History of Continental Philosophy Alan D. Schrift, 2013-04-12 From Kant to Kierkegaard from Hegel to Heidegger continental philosophers have indelibly shaped the trajectory of Western thought since the eighteenth century Although much has been written about these monumental thinkers students and scholars lack a definitive guide to the entire scope of the continental tradition The most comprehensive reference work to date this eight volume History of Continental Philosophy will both encapsulate the subject and reorient our understanding of it Beginning with an overview of Kant's philosophy and its initial reception the History traces the evolution of continental philosophy through major figures as well as movements such as existentialism phenomenology hermeneutics and poststructuralism The final volume outlines the current state of the field bringing the work of both historical and modern thinkers to bear on such

contemporary topics as feminism globalization and the environment Throughout the volumes examine important philosophical figures and developments in their historical political and cultural contexts The first reference of its kind A History of Continental Philosophy has been written and edited by internationally recognized experts with a commitment to explaining complex thinkers texts and movements in rigorous yet jargon free essays suitable for both undergraduates and seasoned specialists These volumes also elucidate ongoing debates about the nature of continental and analytic philosophy surveying the distinctive sometimes overlapping characteristics and approaches of each tradition Featuring helpful overviews of major topics and plotting road maps to their underlying contexts A History of Continental Philosophy is destined to be the resource of first and last resort for students and scholars alike [Philosophic Classics, Volume IV](#) Forrest Baird, 2023-06-09

This anthology of readings in contemporary Western philosophy focuses on 19th century philosophers who represent a variety of responses to the issue of their day whether or not there was a knowable nonhuman rational order upon which thinking persons could willfully choose to act The selections are readable and accessible yet remain faithful to the original works Accompanying the text are drawings diagrams photographs and a timeline all of which allow the reader to really study the major philosophical thinkers of the 19th century Bentham Wollstonecraft Fichte Hegel Schopenhauer Comte Feuerbach Mill Kierkegaard Marx Peirce James and Nietzsche For anyone interested in owning a collection of works from the greatest philosophical thinkers in the 19th century *Richard Congreve, Positivist Politics, the Victorian Press, and the British Empire* Matthew Wilson, 2025-04-08 This book is about the life and times of Richard Congreve This polemicist was the first thinker to gain instant infamy for publishing cogent critiques of imperialism in Victorian Britain As the foremost British acolyte of Auguste Comte Congreve sought to employ the philosopher's new science of sociology to dismantle the British Empire With an aim to realise in its place Comte's global vision of utopian socialist republican city states the former Oxford don and ex Anglican minister launched his Church of Humanity in 1859 Over the next forty years Congreve engaged in some of the most pressing foreign and domestic controversies of his day despite facing fierce personal attacks in the Victorian press Congreve made overlooked contributions to the history of science political economy and secular ethics In this book Matthew Wilson argues that Congreve's polemics in the name of Humanity served as the devotional practices of his Positivist church

The Anthem Companion to Auguste Comte Andrew Wernick, 2017-05-15 For most of the twentieth century Auguste Comte a controversial but highly influential nineteenth century figure and his vast treatises on positive philosophy politics and religion were disregarded and largely ignored More recently however Comte's life and writings have been reexamined together with the project of social reform to which his intellectual labors were devoted producing a much more complicated picture of his thought and its significance The Anthem Companion to Auguste Comte with ten new critical essays by leading Comte scholars sociologists intellectual historians social theorists and philosophers aims to further this reexamination while also providing a multifaceted introduction to Comte's thought and to current discussion about him The

essays also examine Comte's relation to a multiplicity of other thinkers and his place more generally in the formation and legacy of modern Western thought Proudhon's Sociology Pierre Ansart, 2023-09-26 An introduction to the thought of Pierre Joseph Proudhon the first person to declare himself an anarchist Available in English for the first time Proudhon's Sociology is the landmark statement on Pierre Joseph Proudhon's thought While interest in Proudhon's work has undergone a revival in the last couple of decades in the English speaking world his theories about society remain little known Pierre Ansart's book renders the complexity of Proudhon's thought intelligible and emphasizes how Proudhonian ideas remain relevant today Ansart explores the similarities between Proudhon and Marx's thought including the influence that Proudhon's economic writings and theories of the state had on Marx A year before the publication of *Sociologie de Proudhon* 1967 Henri Lefebvre published *Sociologie de Marx* as part of the same academic series Both indispensable books which were available to French students at the time of the strikes of May/June 1968 had a real impact on the theoretical education of that generation and on generations since This English language edition contains an introduction by Ren Berthier annotations by the translators and editor and an additional piece by Ansart titled Proudhon Throughout History *The Collected Works of Eric Voegelin, Volume 26, History of Political Ideas, Volume VIII, Crisis and the Apocalypse of Man* Eric Voegelin, 1999-07

Nineteenth-Century Science A.S. Weber, 2000-03-10 Nineteenth Century Science is a science anthology which provides over 30 selections from original 19th century scientific monographs textbooks and articles written by such authors as Charles Darwin Mary Somerville J W Goethe John Dalton Charles Lyell and Hermann von Helmholtz The volume surveys scientific discovery and thought from Jean Baptiste Lamarck's theory of evolution of 1809 to the isolation of radium by Marie and Pierre Curie in 1898 Each selection opens with a biographical introduction situating each scientist and discovery within the context of history and culture of the period Each entry is also followed by a list of further suggested reading on the topic A broad range of technical and popular material has been included from Mendeleev's detailed description of the periodic table to Faraday's highly accessible lecture for young people on the chemistry of a burning candle The anthology will be of interest to the general reader who would like to explore in detail the scientific cultural and intellectual development of the nineteenth century as well as to students and teachers who specialize in the science literature history or sociology of the period The book provides examples from all the disciplines of western science chemistry physics medicine astronomy biology evolutionary theory etc The majority of the entries consist of complete unabridged journal articles or book chapters from original 19th century scientific texts Brentano and the Positive Philosophy of Comte and Mill Ion Tănăsescu, Alexandru Bejinariu, Susan Krantz Gabriel, Constantin Stoenescu, 2022-09-20 Before now there has been no comprehensive analysis of the multiple relations between A Comte's and J S Mill's positive philosophy and Franz Brentano's work The present volume aims to fill this gap and to identify Brentano's position in the context of the positive philosophy of the 19th century by analyzing the following themes the concept of positive knowledge philosophy and empirical genetic and descriptive

psychology as sciences in Brentano Comte and Mill the strategies for the rebirth of philosophy in these three authors the theory of the ascending stages of thought of their decline of the intentionality in Comte and Brentano the reception of Comte's positivism in Whewell and Mill induction and phenomenism in Brentano Mill and Bain the problem of the I in Hume and Brentano mathematics as a foundational science in Brentano Kant and Mill Brentano's critique of Mach's positivism the concept of positive science in Brentano's metaphysics and in Husserl's early phenomenology the reception of Brentano's psychology in Twardowski The Brentano Institute at Oxford The volume also contains the translation of the most significant writings of Brentano regarding philosophy as science I T n sescu Romanian Academy A Bejinariu Romanian Society of Phenomenology S Krantz Gabriel Saint Anselm College C Stoenescu University of Bucharest

Conceptual Foundations of Social Research Methods David Baronov, 2015-10-23 One of the common frustrations for students trying to make sense of the various debates and concepts that inform contemporary educational and social science research methods such as structuralism postpositivism hermeneutics and postmodernism is that most books introducing these topics are written at a level that assumes the reader comes to this material with a basic grasp of the underlying ideas Too often fundamental concepts and theories are presented without adequate preparation and without providing practical examples to illustrate key elements When the first edition of Conceptual Foundations of Social Research Methods was published it represented a sharp contrast with these other approaches and received much praise In this revised and expanded second edition David Baronov further develops his critically acclaimed treatment of the core conceptual tools of social research informing education and the social sciences updating his discussion of the current literature and adding a new chapter that explores the role of pragmatism Features of the Second Edition

Christian-Muslim Relations. A Bibliographical History Volume 21. South-western Europe (1800-1914), 2023-12-14 Christian Muslim Relations a Bibliographical History 21 CMR 21 covering South western Europe in the period 1800 1914 is a further volume in a general history of relations between the two faiths from the 7th century to the early 20th century It comprises a series of introductory essays and the main body of detailed entries These treat all the works surviving or lost that have been recorded They provide biographical details of the authors descriptions and assessments of the works themselves and complete accounts of manuscripts editions translations and studies The result of collaboration between numerous new and established scholars CMR 21 along with the other volumes in this series is intended as a fundamental tool for research in Christian Muslim relations Section Editors Ines A eri Todd Clinton Bennett Luis F Bernab Pons Jaco Beyers Emanuele Colombo Lejla Demiri Martha T Frederiks David D Grafton Stanis aw Grod Alan M Guenther Vincenzo Lavenia Arely Medina Diego Melo Carrasco Alain Messaoudi Gordon Nickel Claire Norton Reza Pourjavady Douglas Pratt Charles Ramsey Peter Riddell Umar Ryad Cornelia Soldat Charles Tieszen Carsten Walbiner Catherina Wenzel

Auguste Comte Mike Gane, 2006-10-16 This book fills a gap in the market as it is the first major critical reassessment by a major thinker of Auguste Comte's founding sociology for many years The book critically

discusses the contemporary relevance of Comte's disturbing ideas to issues such as modernity reflexivity religion gender emotion governance globalization and post modernism It examines the extent to which a critique of the sociology of Auguste Comte is valid more generally for the discipline of sociology today **Encyclopedia of Social Theory** Austin Harrington, Barbara L. Marshall, Hans-Peter Müller, 2006 The Encyclopedia of Social Theory contains over 500 entries varying from concise definitions of key terms and short biographies of key theorists to comprehensive surveys of leading concepts debates themes and schools The object of the Encyclopedia has been to give thorough coverage of the central topics in theoretical sociology as well as terms and concepts in the methodology and philosophy of social science Although 106 theorists are given entries the emphasis of the work is on the elucidation of ideas rather than intellectual biography The Encyclopedia covers the leading contemporary domains of debate on social theory and the classical legacies of social thinkers from the nineteenth and early twentieth centuries giving proper balance to both the European and North American traditions and to important new developments in the global self understanding of sociology Social theory has become one of the most vigorous specialisms of sociology in recent years This is in part due to the considerable overlaps of social theory with other disciplinary areas such as cultural and media studies anthropology and political theory and to the cross disciplinary nature of theoretical approaches such as feminism and psychoanalysis and new fields such as postcolonial studies The editors have therefore worked to produce in the Encyclopedia of Social Theory a first call reference for students and researchers across the social sciences and humanities with an interest in contemporary theory and the modern history of ideas The Encyclopedia has been authored by leading international specialists in the field under the direction of a well balanced editorial team It is comprehensively cross referenced and all larger entries carry bibliographies There is a full index **Auguste Comte and John Stuart Mill on Sexual Equality** Vincent Guillin, 2009 Drawing on a detailed analysis of their correspondence this book offers a new interpretation of the relation between Auguste Comte and John Stuart Mill which focuses on their controversy over sexual equality

Comte After Positivism Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Comte After Positivism PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Comte After Positivism PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources

available. In conclusion, the availability of Comte After Positivism free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Comte After Positivism Books

1. Where can I buy Comte After Positivism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
