Angus Mackay

Comuneros Of Castile The Forging Of A Revolution 1475 1521:

The Comuneros of Castile Stephen Haliczer,1981 **Charles V and the Castilian Assembly of the Clergy** Sean T. Perrone,2008 The Castilian Assembly of the Clergy has been overlooked in the scholarship on church state relations and representative institutions in the early modern period This oversight has distorted our understanding of political practice royal finance and church state relations in sixteenth century Castile By examining the negotiations for subsidies between the crown and the Assembly this book illuminates the dynamics between church and state and the limits of royal control over the church and it challenges long held conventions about the monolithic structure of the Spanish church and its subservience to the crown The negotiations for subsidies also demonstrate the importance of consensus in the political process and how the Assembly sustained itself and its privileges for centuries through collaboration with the crown **Atlas of Medieval Europe** Angus Mackay,2002-09-11 Covering the period from the fall of the Roman Empire through to the beginnings of the Renaissance this is an indispensable volume which brings the complex and colourful history of the Middle Ages to life Key features geographical coverage extends to the broadest definition of Europe from the Atlantic coast to the Russian steppes each map approaches a separate issue or series of events in Medieval history whilst a commentary locates it in its broader context as a body the maps provide a vivid representation of the development of nations peoples and social structures With over 140 maps expert commentaries and an extensive bibliography this is the essential reference for those who are striving to understand the fundamental issues of this period *A Cumulative Bibliography of Medieval Military History and Technology, Update 2003-2006* Kelly DeVries,2008-01-31 This is the second update of A Cumulative Bibliography of Medieval Military History and Technology which appeared in 2002 It is meant to do two things to present references to works on medieval military history and technology not included in the first two volumes and to present references to all books and articles published on medieval military history and technology from 2003 to 2006 These references are divided into the same categories as in the first two volumes and cover a chronological period of the same length from late antiquity to 1648 again in order to present a more complete picture of influences on and from the Middle Ages It also continues to cover the same geographical area as the first and second volume in essence Europe and the Middle East or again influences on and from this area The languages of these bibliographical references reflect this geography *Iberian World Empires and the Globalization of Europe 1415-1668* Bartolomé Yun-Casalilla,2019-03-13 This open access book analyses Iberian expansion by using knowledge accumulated in recent years to test some of the most important theories regarding Europe s economic development Adopting a comparative perspective it considers the impact of early globalization on Iberian and Western European institutions social development and political economies In spite of globalization s minor importance from the commercial perspective before 1750 this book finds its impact decisive for institutional development political economies and processes of state building in Iberia and Europe The book engages current historiographies and revindicates the need to take

the concept of composite monarchies as a point of departure in order to understand the period's economic and social developments analysing the institutions and societies resulting from contact with Iberian peoples in America and Asia The outcome is a study that nuances and contests an excessively negative yet prevalent image of the Iberian societies explores the difficult relationship between empires and globalization and opens paths for comparisons to other imperial formations

The European Crisis of the 1590s Peter Clark, 2025-05-01 First published in 1985 The European Crisis of the 1590s now with a new preface by Peter Clark on the current literature on crisis and catastrophe investigates in depth for the first time the origin and scale of the critical problems of the 1590s and their impact on European society Among the contributors are many leading scholars working on European history during the sixteenth and seventeenth centuries The book is divided into two parts The first analyses the particular mesh of difficulties in different areas of Europe covering all the major countries England France Germany the Netherlands Spain and Italy The second part discusses more general issues such as the impact of war and the role of the state From a systematic comparative examination of one period of acute difficulty and upheaval we gain valuable insights into the general nature of the economic and social crises which recurred in the early modern era Important and vivid light is also shed on the long term social economic and institutional changes affecting European countries c 1550 c 1650 General findings are emphasised in the editorial introduction and in the wide ranging conclusion by J H Elliott which offers a powerful evaluation of the historical significance of the 1590s This volume will be essential reading for academics students and others interested in the economic social and political history of Britain and continental Europe during the sixteenth and seventeenth centuries It will also be valuable for all those working in the new field of crisis and catastrophe

Emperor Charles V, Impresario of War James D. Tracy, 2002-11-14 Table of contents

Inquisition and Society in the Kingdom of Valencia, 1478-1834 Stephen Haliczzer, 2024-06-12 Stephen Haliczzer has mined rich documentary sources to produce the most comprehensive and enlightening picture yet of the Inquisition in Spain The kingdom of Valencia occupies a uniquely important place in the history of the Spanish Inquisition because of its large Muslim and Jewish populations and because it was a Catalan kingdom more or less occupied by the despised Castilians who introduced the Inquisition Haliczzer underscores the intensely regional nature of the Valencian tribunal He shows how the prosecution of religious deviants the recruitment and professional activity of Inquisitors and officials and the relations between the Inquisition and the majority Old Christian population all clearly reflect the place and the society A great series of pogroms swept over Spain during the summer of 1391 Jewish communities were attacked and the Jews either massacred or forced to convert More than ninety percent of the victims of the Valencian Inquisition a century later were descendants of those who chose conversion the conversos Haliczzer argues convincingly against those who see all the conversos as secret Jews He finds on the contrary that a wide range of religious beliefs and practices existed among them and that some were even able to assimilate into Old Christian society by becoming familiares of the Inquisition itself Nevertheless it was

controversy over the sincerity of the converted which spawned the first proposals for the establishment of a Spanish national Inquisition That very same controversy persisting in the writings of history may be resolved by Haliczzer s stimulating discoveries Inquisition and Society in the Kingdom of Valencia is a major contribution to the lively field of Inquisition studies combining institutional history of the tribunal with socioreligious history of the kingdom The many case histories included in the narrative give both Valencian society and the Inquisition very human faces This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 **The Renaissance Discovery of Violence, from Boccaccio to Shakespeare** Robert Appelbaum,2021-11-16 Many have wondered why the works of Shakespeare and other early modern writers are so filled with violence with murder and mayhem This work explains how and why putting the literature of the European Renaissance in the context of the history of violence Personal violence was on the decline in Europe beginning in the fifteenth century but warfare became much deadlier and the stakes of war became much higher as the new nation states vied for hegemony and the New World became a target of a shattering invasion There are times when Renaissance writers seem to celebrate violence but more commonly they anatomized it and were inclined to focus on victims as well as warriors on the horrors of violence as well as the need for force to protect national security and justice In Renaissance writing violence has lost its innocence *Martin Luther* Alberto Melloni,2017-12-20 The three volumes present the current state of international research on Martin Luther s life and work and the Reformation s manifold influences on history churches politics culture philosophy arts and society up to the 21st century The work is initiated by the Fondazione per le scienze religiose Giovanni XXIII Bologna in cooperation with the European network Refo500 This handbook is also available in German **The Avila of Saint Teresa** Jodi Bilinkoff,2015-10-26 The Avila of Saint Teresa provides both a fascinating account of social and religious change in one important Castilian city and a historical analysis of the life and work of the religious mystic Saint Teresa of Jesus Jodi Bilinkoff s rich socioeconomic history of sixteenth century Avila illuminates the conditions that helped to shape the religious reforms for which the city s most famous citizen is celebrated Bilinkoff takes as her subject the period during which Avila became a center of intense religious activity and the home of a number of influential mystics and religious reformers During this time she notes urban expansion and increased economic opportunity fostered the social and political aspirations of a new middle class of merchants professionals and minor clerics This group supported the creation of religious institutions that fostered such values as individual spiritual revitalization religious poverty and apostolic service to the urban community According to Bilinkoff these reform movements provided an alternative to the traditional dynastic style of spirituality expressed by the ruling elite and profoundly influenced Saint Teresa in her renewal of Carmelite monastic life A focal point of

the book is the controversy surrounding Teresa's foundation of a new convent in August 1562. Seeking to discover why people in Avila strenuously opposed this ostensibly innocent act and to reveal what distinguished Teresa's convent from the many others in the city, Bilinkoff offers a detailed examination of the social meaning of religious institutions in Avila. Historians of early modern Europe, especially those concerned with the history of religious culture, urban history, and women's history, specialists in religious studies, and other readers interested in the life of Saint Teresa or in the history of Catholicism will welcome *The Avila of Saint Teresa*. First published by Cornell University Press in 1989, this new edition of *The Avila of Saint Teresa* includes a new introduction in which the author provides an overview of the scholarship that has proliferated and evolved over the past 25 years on topics covered in her book. This new edition also includes an updated bibliography of works published since 1989 that address topics and themes discussed in her book.

Financing Cathedral Building in the Middle Ages Wim Vroom, 2025-10-01. This first comprehensive overview of the process of commissioning and financing the construction of cathedrals in the Middle Ages reveals a financing system almost as monumental as the cathedrals themselves. Here we follow the historian on a fascinating examination of construction accounts and other sources extant but never so minutely explored, bringing the bishop and the chapter to account as it were. The book is divided into two parts. The first gives a broad overview of the resources on which medieval commissioners could draw, including contributions from the bishop, chapter, sovereign, city, and above all the faithful of the diocese in which the cathedral was erected. The second part is a case study of the financing of construction at Utrecht Cathedral, whose archives are among the best preserved in Europe, followed by a brief discussion of the financing of several other cathedral building projects throughout Europe and of the church of St Peter's in Rome.

The Struggle for Power in Early Modern Europe Daniel H. Nexon, 2009-03-31. Scholars have long argued over whether the 1648 Peace of Westphalia, which ended more than a century of religious conflict arising from the Protestant Reformation, inaugurated the modern sovereign state system. But they largely ignore a more fundamental question: why did the emergence of new forms of religious heterodoxy during the Reformation spark such violent upheaval and nearly topple the old political order? In this book, Daniel Nexon demonstrates that the answer lies in understanding how the mobilization of transnational religious movements intersects with and can destabilize imperial forms of rule. Taking a fresh look at the pivotal events of the sixteenth and seventeenth centuries, including the Schmalkaldic War, the Dutch Revolt, and the Thirty Years War, Nexon argues that early modern composite political communities had more in common with empires than with modern states and introduces a theory of imperial dynamics that explains how religious movements altered Europe's balance of power. He shows how the Reformation gave rise to crosscutting religious networks that undermined the ability of early modern European rulers to

divide and contain local resistance to their authority In doing so the Reformations produced a series of crises in the European order and crippled the Habsburg bid for hegemony Nexon s account of these processes provides a theoretical and analytic framework that not only challenges the way international relations scholars think about state formation and international change but enables us to better understand global politics today Shaping History Wayne te Brake,2023-11-15 As long as there have been governments ordinary people have been acting in a variety of often informal or extralegal ways to influence the rulers who claimed authority over them Shaping History shows how ordinary people broke down the institutional and cultural barriers that separated elite from popular politics in sixteenth and seventeenth century Europe and entered fully into the historical process of European state formation Wayne te Brake s outstanding synthesis builds on the many studies of popular political action in specific settings and conflicts locating the interaction of rulers and subjects more generally within the multiple political spaces of composite states In these states says Te Brake a broad range of political subjects often religiously divided among themselves necessarily aligned themselves with alternative claimants to cultural and political sovereignty in challenging the cultural and fiscal demands of some rulers This often violent interaction between subjects and rulers had particularly potent consequences during the course of the Reformation the Counter Reformation and the Crisis of the Seventeenth Century But as Te Brake makes clear it was an ongoing political process not a series of separate cataclysmic events Offering a compelling alternative to traditionally elite centered accounts of territorial state formation in Europe this book calls attention to the variety of ways ordinary people have molded and shaped their own political histories As long as there have been governments ordinary people have been acting in a variety of often informal or extralegal ways to influence the rulers who claimed authority over them Shaping History shows how ordinary people broke down the institution Early Modern Spain James Casey,2002-03-11 Early Modern Spain A social History explores the solidarities which held the Spanish nation together at this time of conflict and change The book studies the pattern of fellowship and patronage at the local level which contributed to the notable absence of popular revolts characteristic of other European countries at this time It also analyses the Counter Reformation which transformed religious attitudes and which had a huge impact on family life social control and popular culture Focusing on the main themes of the development of capitalism the growth of the state and religious upheaval this comprehensive social history sheds light on changes throughout Europe in the critical early modern period **War, Government, and Society in the Medieval Crown of Aragon** Donald J. Kagay,2024-10-28 The focus of this collection of articles by Donald J Kagay is the effect of the expansion of royal government on the societies of the medieval Crown of Aragon He shows how the extensive episodes of warfare during the 13th and 14th centuries served as a catalyst for the extension of the king s law and government across the varied topography and political landscape of eastern Spain In the long conflicts against Spanish Islam and neighbouring Christian states the relationships of royal to customary law of monarchical to aristocratic power and of Christian to Jewish and Muslim populations all became issues that marked the

transition of the medieval Crown of Aragon to the early modern states of Catalonia Aragon and Valencia and finally to the modern Spanish nation

A Sonnet from Carthage Richard Helgerson,2007-04-30 This is a beautiful book a lucidly written and elegantly crafted scholarly and critical essay on the rise of a new poetry in the sixteenth century David Quint Yale University

Encyclopedia of Lesbian and Gay Histories and Cultures George Haggerty,Bonnie Zimmerman,2003-09-02 Beginning in 1869 when the study of homosexuality can be said to have begun with the establishment of sexology this Encyclopedia offers accounts of the most important international developments in an area that now occupies a critical place in many fields of academic endeavours While gays and lesbians have shared many aspects of life their histories and cultures developed in profoundly different ways To reflect this crucial fact the Encyclopedia has been prepared in two separate volumes assuring that both histories receive full unbiased attention and that a broad range of human experience is covered Written by some of the most famous names in the field as well as new researchers this is intended as a reference for students and scholars in all areas of study as well as the general public

Comuneros Of Castile The Forging Of A Revolution 1475 1521 Introduction

In today's digital age, the availability of Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Comuneros Of Castile The Forging Of A Revolution 1475 1521 versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic

texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Comuneros Of Castile The Forging Of A Revolution 1475 1521 books and manuals for download and embark on your journey of knowledge?

FAQs About Comuneros Of Castile The Forging Of A Revolution 1475 1521 Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Comuneros Of Castile The Forging Of A Revolution 1475 1521 is one of the best book in our library for free trial. We provide copy of Comuneros Of Castile The Forging Of A Revolution 1475 1521 in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Comuneros Of Castile The Forging Of A Revolution 1475 1521. Where to download Comuneros Of Castile The Forging Of A Revolution 1475 1521 online for free? Are you looking for Comuneros Of Castile The Forging Of A Revolution 1475 1521 PDF? This is definitely going to save you time and cash in something you should think about.
