

# CONCEIVING The heavens

CREATING THE  
SCIENCE FICTION NOVEL

---

*Scott's future worlds are as vivid, her ideas as provocative, her characters as complex as any in the genre. Here she explains how she does it. But *Conceiving the Heavens* is not just for science fiction writers. Any fiction writer will benefit from thinking through Scott's questions about how circumstances affect character, and vice versa. . . . The book offers invaluable insight into the questions a writer must ask, and answer, in creating good science fiction.*
