

Concept Of Law

Brian Burge-Hendrix

Concept Of Law:

The Concept of Law Herbert Lionel Adolphus Hart, Leslie Green, 2012-10-25 The Concept of Law is one of the most influential texts in English language jurisprudence 50 years after its first publication its relevance has not diminished and in this third edition Leslie Green adds an introduction that places the book in a contemporary context highlighting key questions about Hart's arguments and outlining the main debates it has prompted in the field The complete text of the second edition is replicated here including Hart's Postscript with fully updated notes to include modern references and further reading

Reading HLA Hart's 'The Concept of Law' Luís Duarte d'Almeida, James Edwards, Andrea Dolcetti, 2013-11-08 More than 50 years after it was first published The Concept of Law remains the most important work of legal philosophy in the English speaking world In this volume written for both students and specialists 13 leading scholars look afresh at Hart's great book Unique in format the volume proceeds sequentially through all the main ideas in The Concept of Law each contributor addresses a single chapter of Hart's book critically discussing its arguments in light of subsequent developments in the field Four concluding essays assess the continued relevance for jurisprudence of the persistent questions identified by Hart at the beginning of The Concept of Law The collection also includes Hart's Answers to Eight Questions written in 1988 and never before published in English Contributors include Timothy Endicott Richard HS Tur Pavlos Eleftheriadis John Gardner Grant Lamond Nicos Stavropoulos Leslie Green John Tasioulas Jeremy Waldron John Finnis Frederick Schauer Pierluigi Chiassoni and Nicola Lacey

The Concept of Law Herbert Lionel Adolphus Hart, Leslie Green, 2012-10-25 Fifty years on from its first publication The Concept of Law is still the starting point for the study of legal philosophy and is widely heralded as a classic work of modern philosophy This third edition features a new introduction by Leslie Green looking at Hart's work from the perspective of modern jurisprudence

The Definition of Law Hermann Kantorowicz, 2014-09-25 This volume contains the opinions of the great jurist Hermann Kantorowicz on various fundamental questions of law and the bounds of legal science

The concept of law Herbert Lionel Adolphus Hart, 1975

The Blackwell Guide to the Philosophy of Law and Legal Theory Martin P. Golding, William A. Edmundson, 2008-04-15 The Blackwell Guide to the Philosophy of Law and Legal Theory is a handy guide to the state of play in contemporary philosophy of law and legal theory Comprises 23 essays critical essays on the central themes and issues of the philosophy of law today written by an international assembly of distinguished philosophers and legal theorists Each essay incorporates essential background material on the history and logic of the topic as well as advancing the arguments Represents a wide variety of perspectives on current legal theory

The Concept of Scientific Law in the Philosophy of Science and Epistemology Igor Hanzel, 2013-03-14 The author argues that a reconstruction of scientific laws should give an account of laws relating phenomena to underlying mechanisms generating them as well as of laws relating this mechanism to its inherent capacities While contemporary philosophy of science deals only with the former the author provides the concept for the reconstruction

of scientific laws where the knowledge of the phenomena enables one to grasp the quantity of their cause. He then provides the concepts for scientific laws dealing with the relation of the quantity and quality of the cause underlying phenomena to the quality and quantity of its capacities. Finally, he provides concepts for scientific laws expressing how a certain cause due to the quantity and quality of its capacities generates the quantitative and qualitative determinations of its manifestations. The book is intended for philosophers of science and philosophers of social science as well as for natural and social scientists.

Concepts of Law Lukas Heckendorn Urscheler, 2016-05-23 Debates surrounding the concept of law are not new. For a wide variety of reasons and in a wide variety of ways, the meaning of law has long been an important part of Western thought, both within legal scholarship and beyond. The contributors to *Concepts of Law* are international experts from the fields of comparative law, legal philosophy, and the social sciences. Combining theoretical analyses with case studies, they explore various legal concepts and contexts from diverse national and disciplinary perspectives. Legal and normative pluralism is a theme throughout. Some chapters discuss the development of state law and legal systems. Others wrestle with law's rhetoric and the potential utility of alternative vocabularies, e.g., governance and governmentality. Others reveal the rich polyjurality of the present from the local to the global. The result is a rich picture of both present scholarship on laws and norms and the state of contemporary legal complexity, each crossing traditional boundaries.

The Routledge Companion to Philosophy of Law Andrei Marmor, 2012-04-27 The *Routledge Companion to the Philosophy of Law* provides a comprehensive, non-technical philosophical treatment of the fundamental questions about the nature of law. Its coverage includes law's relation to morality and the moral obligations to obey the law, the main philosophical debates about particular legal areas such as criminal responsibility, property, contracts, family law, law and justice in the international domain, legal paternalism, and the rule of law. The entirely new content has been written specifically for newcomers to the field, making the volume particularly useful for undergraduate and graduate courses in philosophy of law and related areas. All 39 chapters, written by the world's leading researchers and edited by an internationally distinguished scholar, bring a focused philosophical perspective to their subjects. The *Routledge Companion to the Philosophy of Law* promises to be a valuable and much consulted student resource for many years.

Law's Community Roger Cotterrell, 1995 *Law's Community* offers a distinctive analysis of law, identifying political and moral problems that are fundamental to contemporary legal theory. It portrays contemporary law as institutionalized doctrine, emphasizing ways in which legal modes of thought influence wider currents of understanding and belief in contemporary Western societies. Exploring relationships between law and sociology as contrasting and competing fields of knowledge, *Law's Community* develops ideas from social theory to identify key problems for legal development, in particular those of restoring moral authority to law and of elaborating a concept of community that can guide legal regulation. The analysis leads to radical conclusions, among them that law's functions need reconsideration at the most general level, that a unitary state legal system as portrayed in traditional kinds of legal theory may no longer be adequate in complex

contemporary societies and that law should be reconceptualized as a diverse but co-ordinated plurality of systems, sites and forms of regulation

The Fundamental Concepts of Modern Philosophic Thought Critically and Historically Considered Rudolf Eucken, 1880 **Understanding the Nature of Law** Michael Giudice, 2015-06-29 Understanding the Nature of Law explores methodological questions about how best to explain law. Among these questions, one is central: is there something about law which determines how it should be theorized? This novel book explains the importance of

Understanding Law and Society Max Travers, 2009-09-10 This textbook on the sociology of law is organised according to the theoretical traditions of sociology and oriented towards providing an accessible but sophisticated introduction to and overview of the central themes, problems and debates in this field. The book employs an international range of examples including the state, minority rights, terrorism, family violence, the legal profession, pornography, mediation, religious tolerance and euthanasia in order to distinguish a sociological approach to law from black letter jurisprudential and empirical policy-oriented traditions. Beginning with classical consensus and critical sociological approaches, the book covers the full range of contemporary perspectives including the new institutionalism, feminism, the interpretive tradition, postmodernism, legal pluralism and globalisation. It then concludes with a consideration of current theoretical issues as well as a reflection upon the importance of a sociological approach to law. Understanding Law and Society provides a clear but critical discussion of the relevant literature along with study questions and guides to further reading. It is designed to support courses in law and society and in the sociology of law but will also be of value to others with interests in these areas

The Concept of Law H. L. A. Hart, 1970 **Law Unlimited** Margaret Davies, 2017-01-20 This book engages with a traditional yet persistent question of legal theory: what is law? However, instead of attempting to define and limit law, the aim of the book is to

unlimit law to take the idea of law beyond its conventionally accepted boundaries into the material and plural domains of an interconnected human and nonhuman world. Against the backdrop of analytical jurisprudence, the book draws theoretical connections and continuities between different experiences, spheres and modalities of law. Taking up the many forms of critical and socio-legal thought, it presents a broad challenge to legal essentialism and abstraction as well as an important contribution to more general normative theory. Reading, crystallising and extending themes that have emerged in legal thought over the past century, this book is the culmination of the author's 25 years of engagement with legal theory. Its bold attempt to forge a thoroughly contemporary approach to law will be of enormous value to those with interests in legal and socio-legal theory

The Rule of Law in Comparative Perspective Mortimer Sellers, Tadeusz Tomaszewski, 2010-07-23 This volume compares the different conceptions of the rule of law that have developed in different legal cultures. It describes the social purposes and practical applications of the rule of law and how it might be improved in the varied circumstances

Law as a Leap of Faith John Gardner, 2012-09-06 In a series of essays, John Gardner has developed distinctive and engaging answers to the central questions of legal philosophy, cutting through the technicalities of the subject to clarify and

reinvigorate the main arguments about the nature of law This volume collects that work to provide a major contribution to the literature on jurisprudence **Readings in Contemporary Criminological Theory** Peter Cordella, Larry J. Siegel, 1996
An anthology of 24 essays on major developments in contemporary criminological theory **Epistemic Uncertainty and Legal Theory** Brian Burge-Hendrix, 2008-01-01 Crossing the usual boundaries of abstract legal theory this book considers actual charter systems legal systems with explicitly posited moral political rights as well as cases in constitutional adjudication It shows the worth of careful reflection on methodological and meta theoretical issues for a comprehensive account of a present day legal system which is fast becoming the norm *Q&A Jurisprudence 2011-2012* David Brooke, 2011-03-17 Routledge Q As give you the ideal opportunity to practice and refine your exam technique helping you to apply your knowledge most effectively in an exam situation Each book contains approximately fifty essay and problem based questions on topics commonly found on exam papers complete with answer plans and fully worked model answers Our authors have also highlighted common mistakes as well as offering you tips to achieve the very best marks What s more Routledge Q As are written by lecturers who are also examiners giving you an exclusive insight into exactly what examiners are looking for in an answer

Concept Of Law Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Concept Of Law PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to

become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Concept Of Law PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Concept Of Law free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Concept Of Law Books
