Concepts In Social And Political Philosophy

Richard E. Flathman

Concepts In Social And Political Philosophy:

Concepts in Social & Political Philosophy Richard E. Flathman, 1973 *Concepts in social & political philosophy* Richard Earl Flathman, **Political Philosophy and Social Welfare (Routledge Revivals)** Raymond Plant, Peter Taylor-Gooby, Anthony Lesser, 2009-07-15 This re issued work first published in 1980 represents a work of normative political philosophy which argues positively for the centrality of the obligation to meet the various demands of social need in our society and will be of particular interest to students of politics philosophy social politics and administration Bringing the insights of analytical Political Philosophy to bear on the issues of social welfare and welfare provision the authors discuss such issues as the sense of stigma involved in the receipt of welfare benefits the right of welfare and the concepts of community **Why Concepts Matter: Translating Social and Political Thought** , 2012-05-11 Translation is indispensable to transmissions of knowledge across time and place to understanding how and what others think There is a vast stock of theories about how to translate deriving mainly from controversies about sacred and literary works Yet there is little discussion of the distinctive issues involved in translating political and social thought This volume breaks new ground by focusing on them Thirteen scholars consider problems arising from the study of translation and the cultural transfer of texts Especially novel is the application of these issues to two relatively new disciplines translation studies and the history of concepts Begriffsgeschichte This volume opens a discussion of what and how each of them can learn from and contribute to the others **Handbook of African Philosophy** Elvis Imafidon, Mpho Tshivhase, Björn Freter, 2023-09-30 This Handbook provides in one volume rich comprehensive and rigorous coverage of specific subject areas and thematic concerns in the ever evolving academic discipline of African philosophy This Handbook is unique in its focus on central and emerging areas within African philosophy such as Afro communitarian philosophy ethics epistemology social and political philosophy existentialism philosophy of religion gender philosophy philosophy of education phenomenology transhumanism African philosophy futures and philosophy of the non human The thirty two chapters in this Handbook explore the rich textual and non textual forms of philosophical knowledge in Africa and adequately represent the broad and diverse scope of African philosophy showing the richness and depth of the philosophical tradition This reference work is indispensable to students and researchers in African philosophy comparative philosophy and world philosophies **The Oxford Handbook of the History of Political Philosophy** George Klosko, 2011-05-26 Fifty distinguished contributors survey the entire history of political philosophy They consider questions about how the subject should best be studied they examine historical periods and great theorists in their intellectual contexts and they discuss aspects of the subject that transcend periods such as democracy the state and imperialism **Politics: Key Concepts in Philosophy** Iain MacKenzie, 2009-05-24 The extent and nature of rights the sources of state power the promises and pitfalls of democracy how to achieve a just distribution of social goods the claims of culture and gender on our identity these are just some of the issues to have been addressed by political philosophers

throughout history Politics Key Concepts in Philosophy offers a thorough and stimulating account of political philosophy The text is structured thematically in order to convey the vibrancy of debates within the discipline Through these debates the text addresses the ideas of major thinkers including Plato Hobbes Locke Rousseau Marx Foucault Rawls Kymlicka Okin and Butler and it begins and ends with discussions about the nature of political philosophy itself This is an invaluable aid to study one that goes beyond simple definitions and summaries readers new to this discipline will encounter a lively text full of clear signposts for the journey into political philosophy

Kantian Business Ethics Denis Gordon Arnold, Jared D. Harris, 2012-01-01 In this original collection of essays a group of distinguished scholars critically examine the ethical dimensions of business using the Kantian themed business ethics of Norman E Bowie as a jumping off point the authors engage Bowie s influential body of scholarship as well as contemporary themes in business including topics such as the normative foundations of capitalism the applicability of Kantian ethics virtue ethics and pragmatism in normative business ethics meaningful work managerial ethics the ethics of high leverage finance capitalism business ethics and corporate social responsibility and responsibility for the natural environment the contributors to this volume include both scholars sympathetic to Bowie s Kantian business ethics and scholars critical of that perspective As one of the foundational figures in the establishment and legitimization of the study of business ethics as a field of scholarship Bowie casts a long shadow over the field Over the last thirty years he has applied a distinctive Kantian approach to the analysis of problems in business ethics and his work has had a substantial impact on a wide range of theory and scholarship in the field Bowie argues in his work that economic value is not the only value that should inform managers executives and policy makers when making both business policy decisions and everyday management decisions He utilizes a Kantian framework to support the position that additional values such as human dignity and rational consistency should inform business practice and influence managerial decision making He also shows that business practices that include these additional values are consistent with sound management theory and that such businesses can be financially successful This volume of scholarly essays will be of considerable interest to students and scholars working in business ethics corporate social responsibility and organization studies

The Routledge Companion to Social and Political Philosophy Gerald F. Gaus, Fred D'Agostino, 2013 This comprehensive work provides an up to date survey of social and political philosophy charting its history and key figures and movements and addressing enduring questions as well as contemporary research

Ibn Khaldun and the Social Sciences Javad Tabatabai, 2024-10-16 Arabic and European studies of Ibn Khaldun the great medieval polymath follow one of two paths In one direction scholars interpret his Prolegomena written in 1377 as the point at which the new social sciences emerged They identify Ibn Khaldun s new science of culture as sociology or as an Islamic or Arab alternative to sociology In the other direction the interpretation of Khaldunian discourse is confined to the Islamic Aristotelian paradigm of its time The epistemological novelty of the Prolegomena is dismissed and the science of culture is perceived as a minor contribution to the

Aristotelian curriculum Charting a different path Javad Tabatabai s highly original Ibn Khaldun and the Social Sciences is an inquiry into the condition of the impossibility of the social sciences in the Islamic Aristotelian paradigm Rather than identifying the science of culture as a forerunner of or alternative to sociology it investigates the Prolegomena within the epistemological framework established by the social sciences Javad Tabatabai theorizes the condition of impossibility of the scientific revolution as the epistemic obstacle to modernity in Islamic civilization This theorization revisits Michel Foucault s discussion of the condition of possibility of the human sciences in light of the history of Christian Aristotelian thought and the broader French debates about epistemology from Bachelard to Althusser Ibn Khaldun and the Social Science offers a critical theory of tradition and modernity in the Middle East elaborating on a historical situation where social and human sciences emerged by the way of colonial and post colonial translations of discourse from Europe and in a historical and epistemological break with inherited traditions of knowledge In this situation Tabatabai highlights the significance of reactivating Ibn Khaldun s critical reckoning with the limit of inherited traditions as the political theological horizon of renewal

Political Philosophy Mario Bunge,2017-07-12 Political philosophy is not a well defined field It hovers between political theory and classical philosophy Few early political thinkers could have anticipated the most pressing political issues of our time the need to stop global warming the reduction of nuclear armaments the rise of inequality between individuals and nations and the struggle against authoritarianism particularly when it comes disguised as democracy or as socialism Here celebrated philosopher Mario Bunge masterfully integrates socio political theory into a philosophical exploration of power and resource distribution in the world today Bunge contends that even recent political thinkers have generally failed to address the political underpinnings of topical issues Environmental degradation gender and race discriminations participative democracy nationalism imperialism the North South divide resource wars and the industrial military complex have all largely been bypassed in political thinking Even connections between poverty and environmental degradation and between inequality and bad health have escaped the attention of those who would call themselves political thinkers Bunge believes that political philosophers should pay more attention to social indicators such as the standard index of income inequality and the United Nations human development index It is pointless to write about redistributive policies unless we have a shared understanding of current wealth distribution This is in short a modern treatise on sociopolitical concerns

Concepts in Social and Political Philosophy. Con Un' Antologia Di Testi Richard E. Flathman,1973 The Routledge Companion to Social and Political Philosophy Gerald Gaus,Fred D'Agostino,Ryan Muldoon,2012-12-20 The Routledge Companion to Social and Political Philosophy is a comprehensive definitive reference work providing an up to date survey of the field charting its history and key figures and movements and addressing enduring questions as well as contemporary research Features unique to the Companion are an extensive coverage of the history of social and political thought including separate chapters on the development of political thought in the Islamic world India and China as well in modern Germany

Mind and Political Concepts Ezra Talmor,2016-07-01 Mind and Political Concepts offers a descriptive account of the conceptual mind as applied to political philosophy In an attempt to find the common feature characterizing the conceptual method in political philosophy this book examines three classical works Plato s Republic Thomas Hobbes Leviathan and Jean Jacques Rousseau s Social Contract It argues that political philosophy can also contribute something to philosophical psychology This book is comprised of six chapters and begins by tracing the origins of the conceptual method to Plato s general philosophical method In particular Plato s views on concepts such as justice human behavior and political order in Republic are discussed The reader is then introduced to Hobbes Leviathan and his role in the advent of the scientific conceptual method Rousseau s Social Contract and his analysis of human nature and the state the structure of a political theory and the link between the philosophy of mind and psychology The last chapter considers some modern political theories and shows that however different their methods and their programs their notion of the philosopher s participation in political life was dependent on their concept of reason This monograph will appeal to students and practitioners of philosophy politics and psychology

Why Concepts Matter Martin Burke,Melvin Richter,2012-05-11 The volume explores distinctive issues involved in translating political and social thought Thirteen contributors consider problems arising from the study of translation and cultural transfers of texts in

particular in terms of translation studies and the history of concepts Begriffsgeschichte The Logical Deduction of Chinese Traditional Political Philosophy Shiwei Zhang, 2021-11-16 This book presents a panoramic and extensive exploration of Chinese political philosophy examining key political problems of the past and the thinkers who addressed them As the reader will discover China's traditional political philosophy is one with distinctive national characteristics and ideals Therefore the book helps to clarify the evolution of Chinese political thought while also investigating fundamental political issues throughout the country's history The book offers a unique resource for researchers and graduate students in the fields of political science philosophy and history as well as ordinary readers who are interested in China's traditional and political culture *Western Political Thought* Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability *The Social Relevance of Philosophy* Colleen K. Flewelling, 2005-01-01 Can philosophy be socially relevant Dating back to Socrates Apology and beyond Marx's argument that pure philosophical theory without practical application was unattainable philosophers have had many diverse views about their work including that it is indispensable that it is socially irrelevant and even that it is harmful Tracing the controversy through history this book examines eleven philosophers' arguments concerning the question of the social relevance of philosophy placing each thinker in the appropriate cultural and historical context Colleen Flewelling focuses particularly on the Frankfurt School as their program was aimed at producing a socially relevant theory She suggests that philosophical theory and practice are in fact interconnected and that if properly understood some forms of philosophy can be socially relevant *The Social Relevance of Philosophy* provides a concise yet thorough history of the debate on philosophy's role in society It is essential reading for students and professional philosophers alike *First Philosophy I: Values and Society - Second Edition* Andrew Bailey, 2011-07-08 *First Philosophy Values and Society* brings together classic and ground breaking readings on ethics and political philosophy Andrew Bailey's highly regarded introductory anthology has been revised and updated in this new edition The comprehensive introductory material for each chapter and selection remains and new sections on philosophical puzzles and paradoxes and philosophical terminology have been added New to this edition is an article by Susan Moller Okin on justice and gender
