N., Mr. Prasad Kumar G. C. & Dr. Gajanana Prabhu B.,2022-04-01 Meaning of Yoga Yoga is a 5000 year old tradition In India monks went into seclusion for years with the goal of creating a dis ease free strong body The original intention was to be able to sit in meditation for hours but with a achy body that is impossible to do The postures of yoga were each created for a specific health purpose To Detoxify realign

musculature strengthen muscle and create flexibility Along with correcting the fallacies of the body these yogis went about trying to find how to correct fallacies of the mind An entire philosophy was created based solely around leading a human being finding his or her bliss The teachings were so dead on that they are still practiced 5000 years later Yoga has become more popular than ever with celebrities politicians business people and almost every walk of life currently practicing The important thing to understand about this way of thinking is yoga is not a religion People from any background can surely reap its benefits
