Concepts Of International Politics In Global Perspective

Christine Koggel

Concepts Of International Politics In Global Perspective:

Concepts of International Politics in Global Perspective Charles O. Lerche (jr.), Abdul Aziz Said, 1979 **The**

International Politics of Whaling Peter J. Stoett, 2011-11-01 Whales large mysterious intelligent and endangered In 1986 a global moratorium on whaling was issued by the International Whaling Commission However that decision was not without controversy Some countries such as Norway continue to whale in defiance of the ban In this fascinating book Peter Stoett combines ecological sensitivity with a hard assessment of the political realities of the international regime to examine this important issue The International Politics of Whaling examines contemporary whaling issues with an emphasis on three factors our knowledge of whales and current whale populations and the impact of whaling the actors and institutions involved in the debate over whaling and the ethical dimension Reluctantly he concludes that the current global moratorium on whaling is problematic and that we must focus instead on habitat preservation in order to protect whales more effectively

Abdul Aziz Said: A Pioneer in Peace, Intercultural Dialogue, and Cooperative Global Politics Nathan C. Funk, Meena Sharify-Funk, 2022-12-02 Known to many as American University's peace legend Abdul Aziz Said 1930-2021 led an academic career spanning nearly sixty years Always a forward looking thinker Said consistently sought to be among the first to grapple with the leading edge issues of his day from decolonization and turbulent social change in developing countries to the influence of multinational corporations the normative priority of human rights cultural aspects of conflict resolution and the promotion of Islamic Western understanding Taken together his extensive writings innovative pedagogy and practical pursuits offer a model for engaged scholarship characterized by dynamic use of the platform provided by a university career to advance international peace intercultural dialogue and social justice as well as a spiritual ethic emphasizing unity and connectedness among people from diverse cultural religious and racial backgrounds Abdul Aziz Said has been an innovator in international relations and peace studies Born in Syria he completed his higher education in the United States and went on to teach multiple generations of international affairs students He was a leading scholar focusing on global peace as well as Islam and peace His writings address salient global issues from the 1950s to the first decades of the twenty-first century

The Normative Position of International Non-Governmental Organizations Under International Law Rephael Harel Ben-Ari, 2012-05-07 Exploring contemporary juridical theories regarding the normative position of INGOs vis-à-vis the subjects of international law this book engages in a thorough contextual historical and interdisciplinary evaluation of the potential to generate solutions for the exercise of unregulated authority outside the state system *Concept, Meaning and Phenomenon: International Relations and New World Order* Casian Anton, 2024-11-15 This volume brings together two pivotal research papers that delve into distinct yet interconnected themes The Concept and the Meaning of International Relations and The Concept the Meaning and the Phenomenon New World Order These research papers unified in one volume share a common method of inquiry drawing more inspiration from Ludwig Wittgenstein's *Tractatus Logico-Philosophicus*

than from Thomas Hobbes's *Elements of Natural and Political Law*. The rigorous clarity, precision, and structured thought processes employed in both papers offer the ideal lens for examining complex and multidimensional concepts. Through an atomistic approach, we can dissect the meanings of terms and their interrelations to uncover deeper insights into these well-known ideas. A special chapter, *What is Phenomenon exclusive to The Concept the Meaning and the Phenomenon New World Order*, appears separately, offering further depth into this particular theme. The volume also concludes with a comparative chapter on the differences and similarities between International Relations and New World Order. This volume not only achieves its objectives of providing fresh perspectives on International Relations and the New World Order but also completes a research journey that began in 2009 during my university studies. I am thrilled to present these ideas in a cohesive, thoughtful form, the culmination of years of passion and dedication. I trust that this volume will be valuable to both those embarking on their research in International Relations and seasoned scholars. I believe these research papers have the potential to inspire new ways of understanding the world and its evolving dynamics.

Concepts for International Law

Jean d'Aspremont, Sahib Singh, *Concepts* shape how we understand and participate in international legal affairs. They are an important site for order, struggle, and change. This comprehensive and authoritative volume introduces a large number of concepts that have shaped, at various points in history, international legal practice and thought, intimating at how the many projects of international law have grappled with and influenced the world through certain concepts and introduces new concepts into the discipline.

Indigenous Nations and Modern States Rudolph C. Ryser, 2012. Indigenous peoples throughout the world tenaciously defend their lands, cultures, and their lives with resilience and determination. They have done so, generation after generation. These are peoples who make up bedrock nations throughout the world, in whose territories the United Nations says 80 percent of the world's life-sustaining biodiversity remains. Once thought of as remnants of a human past that would soon disappear in the fog of history, indigenous peoples, as we now refer to them, have in the last generation emerged as new political actors in global, regional, and local debates. As countries struggle with economic collapse, terrorism, and global warming, indigenous peoples demand a place at the table to decide policy about energy, boundaries, traditional knowledge, climate change, intellectual property, land, environment, clean water, education, war, terrorism, health, and the role of democracy in society. In this volume, Rudolph C. Ryser describes how indigenous peoples transformed themselves from anthropological curiosities into politically influential voices in domestic and international deliberations affecting everyone on the planet. He reveals, in documentary detail, how, since the 1970s, indigenous peoples politically formed governing authorities over peoples' territories and resources, raising important questions and offering new solutions to profound challenges to human life.

Peace and Conflict Studies in a Global Context P. Godfrey Okoth, 2008. **Public Theory - Concepts and Debates** Mr. Rohit Manglik, 2023-06-23. In this book, we will study about the subject of Public

Theory, Concepts, and Debates, exploring its key themes, developments, and importance in the broader context of the discipline.

The book offers foundational and in depth understanding tailored to build academic insight and critical thought *The Concept and the Meaning of I(i)nternational R(r)elations* Casian Anton,2024-10-25 In this research paper I have explored the concept of I i nternational R r elations with a focus on three key goals i presenting two distinct methods of writing and their representations ii examining the meaning associated with each method and iii uncovering the process of concept creation based on the interaction between two terms This research sets out to achieve the following objectives i to resume the attempt to theorise the concept of international relations from the etymological bases ii international relations is based on a wide range of concepts and I want to show the sources of the creation of a concept iii to supplement and contribute to the existing literature that discusses this concept iv to contribute to the historical development of the International Relations interdiscipline v to offer an answer to the crisis of ideas that haunts the science of IR By achieving these objectives this research paper makes a significant contribution to both the theoretical and practical understanding of I i nternational R r elations The insights generated here provide a strong foundation for future research while addressing ongoing theoretical challenges It is time to explore and understand the concept of I i nternational R r elations in its most authentic form Third Edition October 2024 **Perspectives on International Relations and World History** Mr. Rohit Manglik,2023-06-23 In this book we will study about the subject of Perspectives on International Relations and World History exploring its key themes developments and importance in the broader context of the discipline The book offers foundational and in depth understanding tailored to build academic insight and critical thought

in his post graduation and has cleared NET in 2006 He has vast experience in guiding students for competitive exams Dr Devaiah is the author of the book *E Governance in India Challenges and Strategies* 2021

Social Theory, The State And Modern Society Marinetto, Michael, 2007-09-01 In recent years there has been a proliferation of approaches which have redefined our understanding of political power and the state These contemporary state theories have philosophical and theoretical antecedents that can be traced to post classical social and political thought their influences can be traced to feminism structuralism and poststructuralism cultural theory network analysis and globalisation theory The classical theories of Marx Weber and Durkheim are altogether less important in contemporary state theory In *Social Theory the State and Modern Society* Mike Marinetto considers the philosophical and theoretical heritage of modern state theory and then critiques the theories that have evolved from this legacy Topics covered include The poststructural state Governance and the decentred state The gendered state The cultural turn in state theory The state in a global context The past present and future of state theory *Social Theory the State and Modern Society* is key reading for students of Sociology Politics and Public Policy It is also of interest to researchers and academics with an interest in state theory

Praxis as a Perspective on International Politics Gunther Hellmann, Jens Steffek, 2023-10-17 Bringing together leading figures in the study of international relations this collection explores praxis as a perspective on international politics and law

Revisiting Metaphors in International Relations Theory Michael P. Marks, 2018-01-08 This book presents an analysis of how metaphors are essential elements in the study of international relations It acknowledges the fact that theory and practice in international relations often rest on common metaphorical concepts which have implications for the ways people around the world pursue their lives Because of the increased attention metaphors have received as integral elements in political discourse there is a need to investigate metaphorical concepts that are not neutral in their implications for understanding international relations Inasmuch as government policy is shaped by metaphorical concepts that originate in the academic realm and given that scholarly works are therefore partially involved in inspiring policy the author subjects a range of metaphors in international relations theory to critical interrogation

The Middle East in International Relations Fred Halliday, 2005-01-24 The international relations of the Middle East have long been dominated by uncertainty and conflict External intervention interstate war political upheaval and interethnic violence are compounded by the vagaries of oil prices and the claims of military nationalist and religious movements The purpose of this book is to set this region and its conflicts in context providing on the one hand a historical introduction to its character and problems and on the other a reasoned analysis of its politics In an engagement with both the study of the Middle East and the theoretical analysis of international relations the author who is one of the best known and most authoritative scholars writing on the region today offers a compelling and original interpretation Written in a clear accessible and interactive style the book is designed for students policymakers and the general reader

International Relations in the Anthropocene David Chandler, Franziska Müller, Delf Rothe, 2021-04-20 This textbook

introduces advanced students of International Relations and beyond to the ways in which the advent of and reflections on the Anthropocene impact on the study of global politics and the disciplinary foundations of IR. The book contains 24 chapters authored by senior academics as well as early career scholars and is divided into four parts detailing respectively why the Anthropocene is of importance to IR, challenges to traditional approaches to security, the question of governance and agency in the Anthropocene, and new methods and approaches going beyond the human nature divide. Chapter 9, 'Security in the Anthropocene', is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Mapping Global Justice Arnaud Kurze, Christopher K. Lamont, 2022-10-14. Persistent international conflicts increasing inequality in many regions of the world and acute environmental and climate related threats to humanity call for a better understanding of the processes, actors and tools available to face the challenges of achieving global justice. This book offers a broad and multidisciplinary survey of global justice bridging the gap between theory and practice by connecting conceptual frameworks with a panoply of case studies and an in depth discussion of practical challenges. Connecting these critical aspects to larger moral and ethical debates is essential for thinking about large abstract ideas and applying them directly to specific contexts. Core content includes: Key debates in global justice from across philosophy, postcolonial studies, political science, sociology and criminology; The origins of global justice and the development of the human rights agenda; peacekeeping and post conflict studies; Global poverty and sustainable development; Global security and transnational crime; Environmental justice, public health and well being. Rather than providing a blueprint for the practice of global justice, this text problematizes efforts to cope with many justice related issues. The pedagogical approach is designed to map the difficulties that exist between theory and praxis, encourage critical thinking and fuel debates to help seek alternative solutions. Bringing together perspectives from a wealth of disciplines, this book is essential reading for courses on global justice across criminology, sociology, political science, anthropology, philosophy and law.

Moral Issues in Global Perspective - Volume 1: Moral and Political Theory - Second Edition Christine Koggel, 2006-03-02. Now available in three thematic volumes, the second edition of *Moral Issues in Global Perspective* is a collection of the newest and best articles on current moral issues by moral and political theorists from around the globe. Each volume seeks to challenge the standard approaches to morality and moral issues shaped by Western liberal theory and to extend the inquiry beyond the context of North America. Covering a broad range of issues and arguments, this collection includes critiques of traditional liberal accounts of rights, justice and moral values while raising questions about the treatment of disadvantaged groups within and across societies affected by globalization. Providing new perspectives on issues such as war and terrorism, reproduction, euthanasia, censorship and the environment, each volume of *Moral Issues in Global Perspective* incorporates work by race, class, feminist and disability theorists. *Moral and Political Theory*, the first of the three volumes, surveys a number of traditional Western liberal approaches to moral theory, human rights, justice and democracy as well as contemporary critiques of these

approaches With nineteen new essays three of which were written especially for this edition this volume covers the necessary theories for understanding moral issues in a global context Moral Issues in Global Perspective is available in three separate volumes Moral and Political Theory Human Diversity and Equality and Moral Issues **The Oxford Handbook of History and International Relations** Mlada Bukovansky,Edward Keene,Christian Reus-Smit,Maja Spanu,2023 In this Handbook historians and scholars of international relations examine the past and present of the intersection between History and IR as well as looking to the future by laying out new questions and directions for research The volume s four parts present a diverse array of methodological philosophical and historical insights

Concepts Of International Politics In Global Perspective Introduction

In the digital age, access to information has become easier than ever before. The ability to download Concepts Of International Politics In Global Perspective has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Concepts Of International Politics In Global Perspective has opened up a world of possibilities. Downloading Concepts Of International Politics In Global Perspective provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Concepts Of International Politics In Global Perspective has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Concepts Of International Politics In Global Perspective. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Concepts Of International Politics In Global Perspective. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that

prioritize the legal distribution of content. When downloading Concepts Of International Politics In Global Perspective, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Concepts Of International Politics In Global Perspective has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
