Mozart's Piano Concertos Marius Flothuis, 2001 Mozart s Piano Concertos especially those composed during the years 1784-91 are still held in high esteem two centuries later by both amateur music lovers and professional musicians Strangely enough only very few comprehensive studies exist on this remarkable section of Mozart s output The present study first published in German in a slightly abridged form deals with Mozart s evolution as a composer of piano concertos sheds light on the connections between the concertos
