# Concise Dictionary Of First Names

**Patrick Hanks**

## **Concise Dictionary Of First Names:**

A Concise Dictionary of First Names Patrick Hanks, Flavia Hodges, 1992 Here is the ultimate first name handbook a delightfully informative comprehensive survey of over 4 500 European and American names with two appendices covering the most common Arabic and Indian names This dictionary is an authoritative reference Indeed no other handbook provides a fraction of the information found here Typical entries provide the linguistic and ethnic root of a name Jennifer for instance is a Cornish form of Guinevere which in turn is the French version of a Welsh name combining gwen white fair smooth and hwyfar smooth soft The real charm and value of this reference lies in the wealth of fascinating additional information the authors provide Under the entry for Audrey for example we learn of the sixth century saint of that name who died from a neck tumor divine punishment for her youthful delight in fine necklaces from whom the word tawdry derives it referred originally to the cheap jewelry sold at fairs in her honor St Audrey eventually being compressed into tawdry And readers will be interested to know that Bonnie is not a Scottish name but one first used in Margaret Mitchell's *Gone With the Wind* Most entries also include the non English form or cognate of a name as well as diminutives and pet forms A companion to the authors *A Dictionary of Surnames* this informative reference offers a goldmine of curious facts to delight browsers of every age as well as a wealth of inspiration for prospective parents

**A Concise Dictionary of First Names** Patrick Hanks, Flavia Hodges, 1992-01-01 Do you love your name Do you hate your name What does your name really mean How do you choose the right name for someone Here is the ultimate first name handbook a delightfully informative comprehensive survey from the traditional to the new and unconventional With well over 6 000 entries this is the most wide ranging dictionary of first names available Over 150 names including Calista Gaia and Macy are added to this new edition In addition to a new introduction from the authors the Third Edition also provides the answers to all of your questions on the meanings and histories of names how they have risen or fallen in popularity and who the famous bearers of the names are from history fiction and the screen Detailed appendix material includes European Arabic and Indian names The new edition also contains detailed coverage of Japanese and Chinese names Completely revised and updated this is the ultimate source for new parents and anyone interested in names or language

**Dictionary of American Family Names** Patrick Hanks, 2003-05-08 Where did your surname come from Do you know how many people in the United States share it What does it tell you about your lineage From the editor of the highly acclaimed *Dictionary of Surnames* comes the most extensive compilation of surnames in America The result of 10 years of research and 30 consulting editors this massive undertaking documents 70 000 surnames of Americans across the country A reference source like no other it surveys each surname giving its meaning nationality alternate spellings common forenames associated with it and the frequency of each surname and forename The *Dictionary of American Family Names* is a fascinating journey throughout the multicultural United States offering a detailed look at the meaning and frequency of surnames throughout the country For students studying family genealogy others interested in

finding out more about their own lineage or lexicographers the Dictionary is an ideal place to begin research     The Oxford Handbook of Names and Naming Carole Hough,Daria Izdebska,2016 This handbook offers an up to date account of the state of the art in different areas of onomastics in a format that is both useful for specialists and accessible to the general reader International experts examine name theory place and personal names names in literature socio onomastics names and other disciplines and other types of names     **Guide to Reference in Genealogy and Biography** Mary K. Mannix,Fred Burchsted,Jo Bell Whitlatch,2015 An excellent starting point for both reference librarians and for library users seeking information about family history and the lives of others this resource is drawn from the authoritative database of Guide to Reference voted Best Professional Resource Database by Library Journal readers in 2012 Biographical resources have long been of interest to researchers and general readers and this title directs readers to the best biographical sources for all regions of the world For interest in the lives of those not found in biographical resources this title also serves as a guide to the most useful genealogical resources Profiling more than 1400 print and electronic sources this book helps connect librarians and researchers to the most relevant sources of information in genealogy and biography     *An A-Z of Baby Names* Patrick Hanks,2013-01-10 Origins and meanings of over 2 500 names Cover     *A Dictionary of First Names* Patrick Hanks,

**The Oxford History of English Lexicography** A. P. Cowie,2008-12-04 These substantial volumes present the fullest account yet published of the lexicography of English from its origins in medieval glosses through its rapid development in the eighteenth century to a fully established high tech industry that is as reliant as ever on learning and scholarship The history covers dictionaries of English and its national varieties including American English with numerous references to developments in Europe and elsewhere which have influenced the course of English lexicography Part one of Volume I explores the early development of glosses and bilingual and multilingual dictionaries and examines their influence on lexicographical methods and ideas Part two presents a systematic history of monolingual dictionaries of English and includes extensive chapters on Johnson Webster and his successors in the USA and the OED It also contains descriptions of the development of dictionaries of national and regional varieties and of Old and Middle English and concludes with an account of the computerization of the OED The specialized dictionaries described in Volume II include dictionaries of science dialects synonyms etymology pronunciation slang and cant quotations phraseology and personal and place names This volume also includes an account of the inception and development of dictionaries developed for particular users especially foreign learners of English The Oxford History of English Lexicography unites scholarship with readability It provides a unique and accessible reference for scholars and professional lexicographers and offers a series of fascinating encounters with the men and women involved over the centuries in the making of works of profound national and linguistic importance     **The Oxford Handbook of Lexicography** Philip Durkin,2016 This volume provides concise authoritative accounts of the approaches and methodologies of modern lexicography and of the aims and qualities of its end products Leading scholars and

professional lexicographers from all over the world and representing all the main traditions and perspectives assess the state of the art in every aspect of research and practice The book is divided into four parts reflecting the main types of lexicography Part I looks at synchronic dictionaries those for the general public monolingual dictionaries for second language learners and bilingual dictionaries Part II and III are devoted to the distinctive methodologies and concerns of the historical dictionaries and specialist dictionaries respectively while chapters in Part IV examine specific topics such as description and prescription the representation of pronunciation and the practicalities of dictionary production The book ends with a chronology of the major events in the history of lexicography It will be a valuable resource for students scholars and practitioners in the field

**Names and Naming Patterns in England, 1538-1700** Scott Smith-Bannister, 1997 This book contains the results of the first large scale quantitative investigation of naming practices in early modern England Scott Smith Bannister traces the history of the fundamentally significant human act of naming one's children during a period of great economic social and religious upheaval Using in part the huge pool of names accumulated by the Cambridge Group for the History of Population and Social Structures he sets out to show which names were most commonly used how children came to be given these names why they were named after godparents parents siblings or saints and how social status affected naming patterns The chief historical significance of this research lies

in the discovery of a substantial shift in naming practices in this period away from medieval patterns of naming a child after a godparent and towards naming them after a parent In establishing the chronology of how parents came to exercise greater choice in naming their children and over the nature of naming practices it successfully supersedes previous scholarship on this subject Resolutely statistical and rich in anecdote Dr Smith Bannister s exploration of this deeply revealing subject will have far reaching implications for the history of the English family and culture **Reading Faulkner: Collected Stories** , For readers and critics a guide to the Nobel Laureate s short stories *Medieval Archaeology, Art and Architecture at Chester* Alan Thacker,2024-11-01 This volume is a compilation of papers presented in British Archaeological Association s annual conference in 1992 It focuses on the long tradition of archaeological and historical enquiry which has provided a framework for understanding Chester s development from the Roman period Walford's Guide to reference material. Albert John Walford,1995 **The Source** Loretto Dennis Szucs,Sandra Hargreaves Luebking,2006 Genealogists and other historical researchers have valued the first two editions of this work often referred to as the genealogist s bible The new edition continues that tradition Intended as a handbook and a guide to selecting locating and using appropriate primary and secondary resources The Source also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers More than 30 experts in this field genealogists historians librarians and archivists prepared the 20 signed chapters which are well written easy to read and include many helpful hints for getting the most out of whatever information is acquired Each chapter ends with an extensive bibliography and is further enriched by tables black and white illustrations and examples of documents Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find *The Oxford Names Companion* Patrick Hanks,2002 The Oxford Names Companion provides all the information that you will need about place and personal names existing within the British Isles Divided into three sections on Surnames First Names and British Place Names they showcase the knowledge and detailed information from leading experts in the names field A Dictionary of Surnames explains the origin and meaning of nearly 70 000 surnames It covers all the common surnames and many other rare ones in the English speaking worldthat are of European derivation Also giving information about the history and distribution of names where possible and having sourced advice from specialist consultants for particular areas such as Jewish names and Celtic languages this reference work is a systematic comparative survey of names that no other work can offer A Dictionary of First Names is a comprehensive study of first names providing a collection of linguistic historical and associated information about some 7 000 names used within the British Isles Names form part of an individual s cultural identity and say much about our or our family s origins and this dictionary reflects the long history of cultural diversity within Britain A Dictionary of British Place Names contains place names of Ireland Scotland and Wales to form an impressive collection of around 15 000 British place names tracing their development from earliest times to the present day The names are cited in their original spelling

and language such as Celtic Old English Old Scandinavian and the overall effect of this reference work is that it shows that place names have an incredible capacity for survival      *Concise Dictionary First Names* Random House, 1998-04-01

**Simply the Best Baby Name Book** Stuart Wilson, 2015-11-05 Choosing your baby's name is one of the most important decisions a parent has to make Here Stuart Wilson author of the *Pan Book of Babies Names* covers traditional names more thoroughly and new names more adventurously than anything else currently on the market Unique features include An 18 page section on Gender Neutral names A description of performance since 1900 for each major name Hundreds of attractive new names More complete coverage of foreign language variants than any other book Full section on the newly popular Celtic Native American names etc Each name is given a full explanation and possible variations on the spelling of the name are suggested There's also advice on avoiding mistakes

### **Concise Dictionary Of First Names Introduction**

In today's digital age, the availability of Concise Dictionary Of First Names books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Concise Dictionary Of First Names books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Concise Dictionary Of First Names books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Concise Dictionary Of First Names versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Concise Dictionary Of First Names books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Concise Dictionary Of First Names books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Concise Dictionary Of First Names books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and

contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Concise Dictionary Of First Names books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Concise Dictionary Of First Names books and manuals for download and embark on your journey of knowledge?
