A Clinical Guide to Psychiatric Ethics Laura Weiss Roberts, M.D., M.A., 2016-04-19 This book is derived from the author s Concise guide to ethics in mental health care published in 2004 It has been revised updated and rewritten with new chapters topics and data

The American Psychiatric Publishing Textbook of Psychiatry, Sixth Edition Robert E. Hales, M.D., M.B.A., Stuart C. Yudofsky, M.D., Laura Weiss Roberts, M.D., M.A., 2014-03-18 The new sixth edition the only comprehensive psychiatry textbook to integrate all the new DSM 5 R criteria provides the most up to date authoritative insightful foundational text in the field Its contributors include authors of the definitive texts in their areas of specialization

The American Psychiatric Publishing Board Review Guide for Psychiatry Philip R. Muskin, Anna L. Dickerman, 2016-04-13 Psychiatrists and residents are faced with the important but what may feel overwhelming task of refreshing their knowledge of the whole of psychiatric practice typically while remaining engaged in full time clinical activity Psychiatrists will find the logical structure substantive questions and thorough explanations provided by the Study Guide for the Psychiatry Board Examination to be as reassuring as they are educational Although readers are advised to consult a range of resources in preparation for the examination this guide is indispensable It is the first and only guide to reflect the revisions contained in DSM 5 and it will ably assume a primary role in the study and review process The guide is designed for maximum usefulness with specific features and attributes to support knowledge recall and successful examination performance The authors are from a cross section of accomplished students fellows and junior and senior faculty all of whom have faced or will face the board examination and who understand its importance to the profession Topics were determined by the American Board of Psychiatry and Neurology Certification Examination in Psychiatry 2015 Content Blueprint The approximately 400 questions were formulated from information extracted from widely available American Psychiatric Publishing textbooks and accurately reflect the accepted psychiatric knowledge base Each multiple choice question is followed by an explanation of why the correct answer is correct

and the others are incorrect and every question and explanation is referenced directing the reader to the primary material for more in depth learning and study The volume was designed as a study guide for both the initial psychiatry board examination and the recertification examination The process of working through the study guide will allow the reader to identify areas of strength and weakness initiate further study and test and retest knowledge ultimately preparing for the examination s rigors Only the Study Guide for the Psychiatry Board Examination offers support for the new DSM 5 compatible examination and that alone renders it essential **The American Psychiatric Association Publishing**
