Concordance To The Plays And Poems Of Federico Garcia Lorca Cornell:

A concordance to the plays and poems of Federico Garcia Lorca Philip H. Smith, Daniel C. Weinberger, 1975 **Federico Garcia Lorca and the Culture of Male Homosexuality** Ángel Sahuquillo, 2007-05-31 Spain in the twentieth century gave birth to an array of astounding artistic and literary talent including the passionately iconoclastic writer Federico Garcia Lorca. But his works were ill received in the homophobic atmosphere of institutionalized Spanish criticism. Because of this atmosphere even today's critics have effectively marginalized and disavowed intimations of homo affectivity and homoeroticism in the great Spanish works. This book first appeared in Spain in 1991 as counter discourse against those prevailing ideological structures. Before its appearance no significant work had focused on the position of Spanish culture towards homosexuality or on how homosexuality could affect the works of canonical writers. Engaging with homosexuality as an imperative source of meaning in artistic work, this volume rigorously studies the works of Federico Garcia Lorca and several of his marginalized homosexual contemporaries including Emilio Prados, Luis Cernuda, Juan Gil Albert, and Salvador Dalí. The study relies on the textual evidence presented by these authors to define the homosexual culture as one plagued by the realities of rejection, fear of the law, self-doubt, the lack of an authorized language with which to convey emotions, the awareness of disgust around the individual, the need to accept marginality to find sexual or emotional satisfaction, and the knowledge of one's own social divergence, all of which have an enormous influence on any artist's work. With this new and updated translation, this work offers English speaking readers the opportunity to focus on formal aspects of literary expressions of homosexuality.

Modernism and Mourning Patricia Rae, 2007 The essays in *Modernism and Mourning* examine the work of mourning in modernist literature or more precisely its propensity for resisting this work. Drawing from recent developments in the theory and cultural history of mourning, its contributors explore the various ways in which modernist writers repudiate Freud's famous injunction to mourners to work through their grief, endorsing instead a resistant or melancholic mourning that shapes both their themes and their radical experiments with form. The emerging picture of the pervasive influence of melancholic mourning in modernist literature casts new light on longstanding critical arguments, especially those about the politics of modernism. It also makes clear the pertinence of this literature to the present day in which the catastrophic losses of 9/11, of retaliatory war, of racially motivated genocide, of the AIDS epidemic have made the work of mourning a subject of widespread interest and debate. Patricia Rae is Head of the Department of English at Queen's University.

Pierrot/Lorca Emilio Peral Vega, 2015 Examines the importance of Pierrot as an image of marginality and failure and a symbol of hidden sexuality in Garcia Lorca's imagery and literary and personal life.

Juana of Castile María A. Gómez, Santiago Juan-Navarro, Phyllis Zatlin, 2008 Focusing on pictorial, literary, screen, and operatic representations of Juana of Castile, this is the first interdisciplinary book that incorporates both sides of the coin: history and myth, fact and fiction that shaped the enigmatic image of this much maligned Spanish queen. Even though the fictional reinvention of Juana

of Castile has been the subject of sporadic articles this is the first time that an English language reader has access to a book that takes an in depth look at the panorama of literary pictorial musical and cinematic recreations of this historical character The editors aim is to incorporate works of authors from different countries Spain Mexico the Dominican Republic France and an entire spectrum of literary genres narrative poetry theater essay as well as opera and the visual arts From publisher s description Music Performance Encounters John Koslovsky, Michiel Schuijser, 2023-11-29 Why do most musical performers and musical researchers continue to inhabit divergent epistemic spaces To what extent is the act of musical performance coextensive with the act of doing musical research and vice versa At what point in the research process can a performative act transform into a scholarly one and a scholarly act into a performative one These and other related questions form the central focus of this book with each chapter offering a fresh perspective on a particular topic in music performance studies improvisational traditions historical performance practices analysis and performance sports psychology cross cultural musical interactions and institutional challenges This book is aimed at music researchers teachers students and practising musicians interested in the intersection of academic and performance research as such it seeks to bridge the divide between the research of university trained musicologists scholars from other fields who focus on music and the growing community of musical artist researchers Material in this book is supported by performance outcomes offered by the contributors on a separate YouTube channel and on the Routledge online portal Books in Print ,1994 **Lorca's New York Poetry** Richard Lionel Predmore, 1980 **World Dictionaries in Print 1983** ,1983 *Publishers' Trade List Annual* , 1991 Bowker Editorial Staff, 1991-09 *Major 20th-century Writers* ,1991 García Lorca Review ,1979 **García Lorca** Cyril Brian Morris, 1990 Hispanic Writers Bryan Ryan, 1991 Contains more than four hundred entries on twentieth century Hispanic writers all originally written or updated for this volume **The Publishers' Trade List Annual** ,1992 *Monographic Series* Library of Congress, **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles **Lorca's Impresiones Y Paisajes** Lawrence Hadfield Klibbe, 1983 *Lorca, una escritura en trance* Candelas Newton, 1992-01-01 Lorca s poetry is founded upon a complex symbolical system of recurring motifs This book analyses a number of those motifs as poetic signs through a contextual reading of *Libro de poemas* 1921 and *Div n del Tamarit* 1940 as the initial and final stages of Lorca s career The sexual and religious crisis voiced in *Libro de poemas* achieves poetic articulation through the sign of the star while the betrayal of childhood s fairytale is evidenced in the sign of the moon *Div n del Tamarit* exemplifies the trancelike writing of the poetry of opening up one s veins as an activity developing between the desire for a word that will capture plenitude and the word s impenetrability to fix an impulse that in itself resists any determinacy *La arquitectura del humo* Luis Beltrán, 1986
